BOARD OF GOVERNORS
IN SUPERSESION OF MEDICAL COUNCIL OF INDIA

No. MCI-7(9)SG/2020/Med./ 110393

Dated: 20/07/2020

To,

1. The Vice Chancellor of all Health Universities.
2. The Dean/Principal/Director of all Medical Colleges/Institutes.

Subject:- AIIMS-National Grand Rounds on COVID-19 – reg.

Madam/Sir,

The All India Institute of Medical Sciences, New Delhi has been extensively involved in managing patients, developing guidelines, policies and research in COVID-19. It has managed over 4000 patients of all severity of disease. In an effort to share its experience and initiate discussions on management of common issues related to COVID-19, AIIMS New Delhi in conjunction with Niti Aayog and Ministry of Health and Family Welfare, Government of India launches National Clinical Grand Rounds (CGR) on COVID-19.

These CGRs will include presentation of clinical cases by physicians directly involved in their management. Challenges faced in the management will be discussed by a panel of eminent experts from across the country and outside India. Each case discussion will be followed by a short presentation on clinically relevant topics in managing COVID-19. Each CGR will also include a Q&A session where physicians, who log-in to view the session, can ask patient management related questions to the panel of experts.

The first CGR 19 will focus on managing patients with SARI who are clinically suspected to have COVID-19 but test negative on the initial RT-PCR. The discussions will be led by Prof. Randeep Guleria, Director, AIIMS New Delhi. The live CGR can be accessed on Wednesday, 22nd July 2020 at 3 PM at <https://covid.aiims.edu/cgr/>. Options to ask questions will be displayed on the webpage.

It is requested to participate in these Grand Rounds and encourage the faculty members to actively discuss the management of Covid-19 patients.

Yours faithfully,

(Dr. R.K. Vats)
Secretary General
