5. University of Mumbai & Maharashtra University of Health Sciences, Nasik - Recognition of MD (Anaesthesiology) qualification in respect of students being trained at Bombay Hospital Institute of Medical Sciences, Mumbai.

Read: the compliance verification report (June, 2009) together with Council inspector report (May, 2008) carried out to assess the standard of examination and other teaching facilities available at Bombay Hospital Institute of Medical Sciences, Mumbai for purpose of recognition of MD(Anaesthesiology) qualification earlier granted by University of Mumbai and now by Maharashtra University of Health Sciences, Nasik.

The Postgraduate Committee considered the compliance verification report (June, 2009) together with Council inspector report (May, 2008) and decided to recommend that MD (Anaesthesiology) qualification granted by University of Mumbai and now by Maharashtra University of Health Sciences, Nasik in respect of students being trained at Bombay Hospital Institute of Medical Sciences, Mumbai be recognized and included in the 1st Schedule to the I.M.C. Act, 1956 restricting the number of admission to 1(One) student per year.

The Postgraduate Committee further decided that the recognition so granted shall be for a maximum period of 5 years from the date of notification upon which the institute shall have to apply for renewal of recognition. Failure to seek timely renewal of recognition as required shall invariably result in stoppage of admission to the postgraduate course.

6. **Rajasthan University & Rajasthan University of Health Sciences, Jaipur - Approval of S.N. Medical College, Jodhpur for the award of MS (Anatomy) qualification .**

Read: the compliance verification report (June, 2009) together with Council Inspector's (May, 2003) on the standard of examination and other teaching facilities available at S.N. Medical College, Jodhpur for purpose of approval of the college for the award of MS (Anatomy) qualification granted by Rajasthan University

The Postgraduate Committee considered the compliance verification report (June, 2009) together with Council Inspector's (May, 2003) and noted that Dr. Rakesh Mani, Asstt. Professor does not possess recognized postgraduate qualification.

However, the teaching faculty complement other than the teacher mentioned above is adequate and complete and hence decided to recommend that S.N. Medical College, Jodhpur be approved for the award of MS (Anatomy) qualification granted by Rajasthan University restricting the number of admission to 1 (one) student per year.

The Postgraduate Committee further decided that the recognition so granted shall be for a maximum period of 5 years from the date of notification upon which the institute shall have to apply for renewal of recognition. Failure to seek timely renewal of recognition as required shall invariably result in stoppage of admission to the postgraduate course.

7. **Datta Meghe Institute of Medical Sciences University, Nagpur - Recognition of M.D.(Paediatrics) qualification in respect of students being trained at J.N. Medical College, Swangi Wardha.**

25. Kashmir University - Recognition of M.D.(Paediatrics) qualification in respect of students being trained at Government Medical College, Srinagar

Read: the Council Inspector's report (July,2009) on the standard of examination and other teaching facilities available at Government Medical College, Srinagar for purpose of recognition of M.D.(Paediatrics) qualification granted by Kashmir University.

The Postgraduate Committee considered the Council Inspector's report (July, 2009) and noted that Dr.Khursid Wani, Asstt. Prof., Unit I & Dr.Virender Kumar, Lecturer, Unit II and Dr.Shafat Ahmad, Lecturer, Unit III, do not possess recognized postgraduate qualification.

However, the teaching faculty complement other than the teachers mentioned above is adequate and complete and hence decided to recommend that M.D.(Paediatrics) qualification granted by Kashmir University in respect of students being trained at Government Medical College, Srinagar be recognized and included in the 1st Schedule to the I.M.C. Act, 1956 restricting the number of admissions to 6 (six) students per year.

The Postgraduate Committee further decided that the recognition so granted shall be for a maximum period of 5 years from the date of notification upon which the institute shall have to apply for renewal of recognition. Failure to seek timely renewal of recognition as required shall invariably result in stoppage of admission to the postgraduate course.

26. Bundelkhand University - Recognition of M.S./M.D. (Anatomy) qualification in respect of students being trained at M.L.B. Medical College, Jhansi.

Read: the Council Inspector's report (June,2009) on the standard of examination and other teaching facilities available at M.L.B. Medical College, Jhansi for purpose of recognition of M.S./M.D. (Anatomy) qualification granted by Bundelkhand University.

The Postgraduate Committee considered the Council Inspector's report (June, 2009) and decided not to recognize M.S./M.D.(Anatomy) qualification granted by Bundelkhand University in respect of students being trained at M.L.B. Medical College, Jhansi because of the following:-

1. There is no Professor in the department.

66. University of Delhi - Recognition of M.Ch. (Paediatrics Surgery) qualification in respect of students being trained at Maulana Azad Medical College, New Delhi, in respect of increased intake.

Read: the Council inspector report (July 2009) on the standard of examination and other teaching facilities available at Maulana Azad Medical College, New Delhi for purpose of recognition of M.Ch.(Paediatrics Surgery) qualification granted by the University of Delhi in respect of increased intake.

The Postgraduate Committee considered the Council inspector report (July 2009) and decided not to recognize M.Ch. (Paediatrics Surgery) qualification granted by the University of Delhi in respect of students being trained at Maulana Azad Medical College, New Delhi because of the followings:-

1. Beds are not as per MCI norms.
2. There is serious problem with regard to the locations of the emergency and elective operation theatres for treating the patients of the department and the conduct of efficient teaching programme in the surgical branch under inspection. The operation Theatres are located about 1 km from the wards of the Paediatric Surgery Department. The route is also a busy stretch used by all the patients and their attendants in a very busy hospital setting. Every time a newborn or a Child is scheduled for surgery, he or she taken on a trolley through this long route to the Operation Theatre and is brought back in a precarious condition (some times on artificial ventilation) to the ward. This is completely unacceptable and needs to be rectified on a war footing. The operation theatres and the wards need to be located close to each other.
3. The emergency operation theatres require laminar flow arrangement for better ventilation and bigger in size to accommodate various gadgetry.
4. The number of operation theatres allotted to the department (theatre time to operate on patients and train the students) is inadequate. 3-4 operation tables are available per week. The effectively means that each faculty (5 in numbers) does not have even one operation table per week. With a total indoor bed strength of 80 and an average bed occupancy rate of 95% the highest number of surgeries in a year is 950. It means each bed in the department contributed to operation only about 12 patients in a year. This is a grossly inadequate facility in teaching department. This requires extra allocation of Operation tables for effective clinical work schedules / training of the increased number of candidates for the degrees under consideration.
5. The research output of the departmental faculty needs to be improved. Emphasis should be on original research articles rather than case reports. There is hardly any publication in the year 2008.
6. The neonatal work in the department is very low, as per the Operation registers.
7. Other deficiencies as pointed out in the inspection report.

In view of above, the Committee further decided to direct the institution authorities to henceforth stop admission in M.Ch. (Paediatrics Surgery) course from the academic session 2010-2011 against the increased intake from 1(One) to 2(Two) seats.

67. Patna University, Patna- Recognition of M.D. (Physical Medicine & Rehabilitation) and DPMR qualification in respect of students being trained at Patna Medical College, Patna.

Read: the compliance together with the Council Inspector report (May,2009) on the standard of examination and other teaching facilities available at Patna Medical College, Patna for purpose of recognition of M.D. (Physical Medicine & Rehabilitation) and DPMR qualification granted by Patna University, Patna.

The Postgraduate Committee considered the compliance together with the Council Inspector report (May,2009) and decided to recommend that M.D. (Physical Medicine & Rehabilitation) and DPMR qualification granted by Patna University, Patna in respect of students being trained at Patna Medical College, Patna be recognized and included in the 1st Schedule to the I.M.C. The Postgraduate Committee considered the Council inspector report (July 2009) and decided not to approve K.S. Hegde Medical Academy, Mangalore for the award of M.D. (Obst & Gynae.) qualification granted by Rajiv Gandhi University of Health Sciences, Bangalore because of the followings:-

1. Dr. Supriya Rai, Associate Professor & Incharge of Unit-II, does not possess prescribed academic qualification.
2. There is no Antenatal Medical Officer cum Assistant Professor.
3. There is no Maternal & Child Health Officer cum Assistant Professor.
4. Resultantly, teaching faculty component is incomplete.
5. Other deficiencies as pointed out in the inspection report.

In view of above, the Postgraduate Committee further decided to direct the institution authorities to henceforth stop admission in M.D. (Obst & Gynae.) course from the academic session 2010-2011.

69. Padmashree Dr.D.Y.Patil University - Recognition of DTCD qualification in respect of students being trained at Dr. D. Y. Patil Medical College Hospital & Research Centre, Navi Mumbai.

Read: the Council inspector report (July 2009) on the standard of examination and other teaching facilities available at Dr. D.Y. Patil Medical College Hospital & Research Center, Navi Mumbai for purpose of recognition of DTCD qualification granted by Padmashree Dr. D.Y.Patil University.

The Postgraduate Committee considered the Council inspector report (July 2009) and decided not to recognize DTCD qualification granted by Padmashree Dr. D.Y.Patil University in respect of students being trained at Dr. D.Y. Patil Medical College Hospital & Research Center, Navi Mumbai because of the followings:-

1. Diagnostic facilities for various chest illness like Asthma, COPD & Interstitial lung diseases a important equipment like computerized pulmonary function test machine with facility to measure DLCO is required for Diagnosis, teaching and research purpose. PFT room was having only simple portable spirometer and was not containing any teaching or training material.
2. Medicine & Chest ward are combined together with allocation of 20 beds in male medical & 10 beds in female medical unit. No separate TB Chest diseases ward is in place. Separate TB & Chest ward should be required so that cross infections with other patients of medical illness like Diabetes, Cardiac, Lever and Kindly diseases and other immunodeficiency state type idleness patients in medicine ward can be prevented if T.B. & Chest Medicine ward patients kept in same ward.

3. Department of TB & Chest is not having basic facilities for staff & faculties like computer, internet, full time clerk steno. along with no signage board denoting individual faculty were noted during inspection.
4. No active involvement of the Physiotherapy Department was found with the Chest Department.
5. Other deficiencies as pointed out in the inspection report.

In view of above, the Postgraduate Committee further decided to direct the institution authorities to henceforth stop admission in DTCD course from the academic session 2010-2011.

70. Starting of Diploma in Sports Medicine Course at Sri Ramchandra Institute of Medical Sciences, Chennai.

Read: the matter with regard to starting of Diploma in Sports Medicine Course at Sri Ramchandra Institute of Medical Sciences, Chennai.

The Postgraduate Committee considered the matter with regard to starting of Diploma in Sports Medicine Course at Sri Ramchandra Institute of Medical Sciences, Chennai and observed that diploma in Sports Medicine course qualification is conducted only at Netaji Subhas National Institute of Sports Medicine, Patiala and no other institute in the country.

It was further observed that in the "Minimum Qualifications for Teachers in Medical Institutions Regulations, 1998," the academic qualification is prescribed for the appointment as Professor in the department of Sports Medicine as under:-

"M.D.(Sports Medicine)/ M.S.(Orthopaedics)/M.D.(Physical Medicine & Rehabilitation)/ M.D.(Physiology) with 2 years experience in Sports Medicine".

After due deliberations, the members of the Postgraduate Committee decided that in case of Professor of Sports Medicine is not available, the President may be requested to appoint an Inspector a Professor either from the departments of M.S.(Orthopaedics) or MD (Physical Medicine & Rehabilitation) with 2 years experience in Sports Medicine, which are included in the prescribed academic qualification for the post of Professor in the Department of Sports Medicine.
