M. L. Hospital, New Delhi because of the following facts:-

1. As per reply given by Registrar, Postgraduate Institute of Medical Education and Research, Dr. R. M. L. Hospital, New Delhi, Dr. V.K. Gupta joined CGHS in 1998 and was posted in CTVS department of RML Hospital. He completed 60 years in 2014. It is for the Institution to re-designate him and issue fresh orders, his joining report and declaration form. In the assessment reports of both, December, 2014 and July, 2013, in the faculty table signed by the Dean and Assessor, Dr. Vijay Grover was shown as Senior Research Associate from 1998 to 2001, which cannot be accepted. Admissions done (if any) against these seats i.e. increased intake from 2 to 4 seats after the first batch appeared in Examination till their recognition will be irregular/ illegal and not in accordance with MCI regulations (notified with prior permission of Central Government vide notification dated 21/07/2009) and will not be recognized. As per provisions of the Postgraduate Medical Education Regulations, 2000, failure to seek timely recognition as required shall invariably result in stoppage of admission to the concerned Post Graduate Course. This is also clarified in the letter of permission granted u/s 10A of the IMC Act, 1956 issued for these seats, which reads as under:

“This permission for starting/ increase of seats in the above course and admission of students will be till such time the first batch of students admitted against the above course appears for the first final examination in the subject.”

In case, the college authorities desire to submit compliance, same should be received in this office preferably within six weeks of issue of this letter but definitely, prior to next admission so that the matter of recognition can be finally decided. If no compliance is received within this period or compliance/ compliance verification is found unsatisfactory, it will result in stoppage of admission to the postgraduate course against the above mentioned seats.
