15.	Appeal dated 07.10.2017 filed by Sh. Vikrant Singh against order dated 16.08.2017 passed by Uttar Pradesh Medical Council.	25 th June, 2018
16.	Proceedings of the Ethics Committee with regard to "Representations/ Grievances received from Sh. Ajay Goyal, Uttarakhand.	25 th June, 2018

The Executive Committee further perused the proceedings of the Ethics Committee meetings held on 30th & 31st May, 2018, 11th & 12th June, 2018 & 25th June, 2018 and observed as under:-

1.	Appeal dated 15.12.2017 filed by Dr. Rajan Luthra against order dated 04.12.2017 passed by Uttar Pradesh Medical Council.	30 th & 31 st May, 2018
----	---	---

The Executive Committee while approving the proceedings of the Ethics Committee decided to overrule the decision of U.P. Medical Council to suspend the registration of Dr. Rajan Luthra and decided to issue warning to Dr. Rajan Luthra.

4.	Appeal dated 03.11.2017 filed by Dr. Mridula Vohra against order dated 21.09.2017 passed by West Bengal Medical Council & Appeal dated 03.11.2017 filed by Dr. Mathew P. John against order dated 22.09.2017 passed by West Bengal Medical Council.	30 th & 31 st May, 2018
----	--	---

The Executive Committee while approving the proceedings of the Ethics Committee decided to set aside the decision of WBMC in respect of Dr. Mridula Vora and exonerate her and in respect of Dr. John Mathew to the extent of issuing caution.

5.	Irregularities committed by Kannur Medical College, Kannur in showing their faculty during inspection.	30 th & 31 st May, 2018
----	--	---

The Executive Committee reiterated that the name of Dean be removed from IMR for three years or till he completes 70 years of age, whichever is earlier.

The Executive Committee further decided to request Chairman, Ethics Sub-Committee to fix the responsibility for the lapse in not conveying decision of Executive Committee in respect of Dean at appropriate time and submit a comprehensive report to the Executive Committee at its next meeting.

6.	Report of the Sub-Committee regarding fake faculty declaration forms for the academic year 2014-15 in respect of Dr. Vishwanath Sudershan, Associate Professor of Pharmacology appeared in more than one medical college.	11 th & 12 th June, 2018
----	---	--

The Executive Committee while approving the proceedings of the Ethics Committee directed the UG section to initiate proceeding u/s 8(3)(1)(d) against Mayo Institute of Medical Sciences for submitting fake Declaration Forms in respect of Dr. V. Sudershan.

13.	Appeal dated 02.12.2014 filed by Dr. Naval Bhatia, New Delhi against Order dated 13.11.2014 passed by Delhi Medical Council & Appeal dated 23.12.2014 filed by Sh. K. Rajiv Gupta against Order dated 13.11.2014 passed by Delhi Medical Council.	25 th June, 2018
-----	---	-----------------------------

The Executive Committee while perusing the proceedings decided that the order of DMC to remove his name for 90 days is upheld. Period for which his name has been removed from register already shall be taken into consideration for the purpose of this punishment.

The Executive Committee observed that with regard to doctors mentioned in the list provided by M/s Stryker India, IMR Section is directed to ascertain State Medical Councils where these doctors are registered as per record and to direct the respective State Medical Councils to enquire into the matter and complete the proceedings within period of 6 months positively.

With regard to non-cooperation by M/s Stryker India, matter be brought to the notice of FDCA, Registrar of Companies with a request to take appropriate action as per law. It be also brought to notice of Income Tax Authorities with a request to reopen the assessment for the respective Assessment Years and to disallow expenditure incurred by the company in violation of Statutory Regulations.

17.	Consideration of matters referred from the Undergraduate and post graduate sections of the Council office pertaining to mismatch in signatures of the faculty during MCI assessments.	25 th June, 2018
-----	---	-----------------------------

The Executive Committee observed that Ethics Sub-Committee is a fact finding and evaluation committee which is supposed to go into depth of all aspects for consideration of matters brought before it. The Sub-Committee is also empowered to take help or assistance from any official or person it thinks fit. The practice is in vogue since several years. There is no reason to deviate from it. Hence it was decided that present system in force shall continue to prevail.

5. Approval of the minutes of the Migration Sub-Committee meeting held on 25th June 2018.

Read: the matter with regard to approval of the minutes of the Migration Sub-Committee meeting held on 25th June 2018.

The Executive Committee of the Council noted and approved the recommendations of the Migration Sub-Committee meeting held on 25/06/2018 in respect of item nos. 4,5,6 & 8.

The Executive Committee further perused the recommendations of the Migration Sub-Committee meeting held on 25/06/2018 and observed as under:-

Item No.2 Migration of Ms. Jhanvi Jasrotia D/o Kulwant Singh Jasrotia from Sher-e-Kashmir Institute of Medical Sciences, Bemina, Srinagar to Govt. Medical College, Jammu.

The Executive Committee decided that in view of peculiar circumstances prevailing in the State of J & K and in view of the fact that father of applicant has served as a Police Officer in very sensitive areas, migration of Ms. Jhanvi Jasrotia be allowed, as a special case.

Item No.3 Migration of Sania Mirza D/o Sajad Hussain from Sher -e- Kashmir Institute of Medical Sciences, Bemina, Srinagar to Government Medical College, Jammu.

The Executive Committee decided that in view of peculiar circumstance prevailing in the State of J & K and in view of the fact that father of applicant has been a victim of bomb blast resulting in 75% disability, migration of Ms. Sania Mirza be allowed, as a special case.

Item No.7 Migration Transfer of Miss Khan Sarah Mahmood from Government Medical College, Akola to any Government Medical College in Mumbai.

The Executive Committee observed that the application is incomplete in as much as NOC from recipient college/transferee University are not attached. Further it is not stated whether the said migration would be within 5% permissible limit. Hence, the Executive Committee decided to ask the candidate to resubmit the application after rectifying the deficiencies.

6. Revocation of clause 8(3)(1)(c) at Patliputra Medical College, Dhanbad.

Read: the matter with regard to revocation of clause 8(3)(1)(c) at Patliputra Medical College, Dhanbad.

The Executive Committee of the Council considered the note received from the Postgraduate Section and also took into consideration letter dated 17.07.2018 received from Secretary, Oversight Committee stating therein that the Oversight Committee discussed some of the provisions of the Regulations in its tenth minutes held on 05.07.2018 wherein the Oversight Committee felt that once, one of these three clauses is applied by the Council, the compliance of rectification submitted by the applicant college is NOT considered by the Council for consideration of application for opening of new medical college/renewal of permission to admit fresh batch. The Oversight Committee also observed that this clause is applied only on private medical college without any mention of exemption for Government medical colleges in the Regulations.

In view of above, the Committee decided to continue the application of clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part-I) dated 16th April, 2010 and amended on 18.03.2016.

7. Consideration of compliance verification assessment report with regard to continuance of recognition of MBBS degree granted by Calicut University in respect of students being trained at Karuna Medical College, Palakkad, Kerala.

Read: the matter with regard to consideration of compliance verification assessment report with regard to continuance of recognition of MBBS degree granted by Calicut University in respect of students being trained at Karuna Medical College, Palakkad, Kerala.

The Executive Committee of the Council considered the compliance verification assessment report (05th July, 2018) alongwith previous assessment report (07th & 08th February, 2018) and a letter dated 05.07.2018 of the Principal, Karuna Medical College, Palakkad. The Executive Committee perused the following contents of the letter dated 05.07.2018 received from the Dean, Karuna Medical College, Palakkad, Kerala:-

"We, the administrative faculties of Karuna Medical College regretfully bring to your notice that that we are not in a position to face compliance verification by the team deputed for the purpose from your good office due to the following reasons:-

a) Many of the clinical faculty are unwilling to attend to the clinical duties due to non payment of their salaries for the past 3 months, the about which a representation was made by the faculties one month back. Moreover, the strike by doctors commenced a week back.

b) The reason for the above extreme shortage of funds faced by the management authorities due to non payment of fees by the MBBS students of Karuna Medical College for the past 3 years, the litigations related to the fee issue pending before the High Court of Kerala are WP (C) 234118/2017, WP(C) 642/2018, WP(C) 20804/2018.

c) Due to above mentioned circumstances, there has been a gross deficiency in the attendance of patients in the hospitals and their admission. For the past 1 week, only those dedicated and emotionally attached faculties who have been serving the institution for the last 8-10 years are voluntarily attending to patients and looking after the emergencies and admitted patients.

We have been assured by the management that they are in the process of arranging funds from other sources, and we are in hope that all issues can be sorted out immediately after settling the salary pending matter. We ensure you that we can face our compliance verification shortly.

d) with due respect we are looking forward for your valuable advice and guidance in this regard."

In view of the above, the Executive Committee of the Council decided to carry out another assessment.

The Committee further decided to continue the application of clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part-I) dated 16th April, 2010 and amended on 18.03.2016.

8. Consideration of compliance verification assessment report with regard to continuance of recognition of MBBS degree granted by Rajiv Gandhi University of Health Sciences in respect of students being trained at Shimoga Institute of Medical Sciences, Shimoga.

Read: the matter with regard to consideration of compliance verification assessment report with regard to Continuance of recognition of MBBS degree granted by Rajiv Gandhi University of Health Sciences in respect of students being trained at Shimoga Institute of Medical Sciences, Shimoga.

The Executive Committee of the Council considered the compliance verification assessment report (04th July, 2018) along with previous assessment report (18th & 19th July, 2017) and decided to recommend that recognition of MBBS degree granted by Rajiv Gandhi University of Health Sciences in respect of students being

trained at Shimoga Institute of Medical Sciences, Shimoga be continued restricting the number of admission to 100(One Hundred) students.

The Executive Committee further decided that the attention of the institute be drawn to Sections 8(3)(2), 8(3)(3) & 8(3)(4) of the Establishment of Medical Colleges Regulations (Amendment), 2010 (Part II) dated 16th April, 2010 and act accordingly at appropriate time, which reads as under:-

8 (3) ...

- (2) The recognition so granted to an Undergraduate Course for award of degree shall be for a maximum period of 5 years, upon which it shall have to be renewed.
- (3) The procedure for 'Renewal' of recognition shall be same as applicable for the award of recognition.
- (4) Failure to seek timely renewal of recognition as required in sub clause (a) supra shall invariably result in stoppage of admissions to the concerned Undergraduate Course of MBBS at the said institute.

9. **Pre-PG Assessment – Assessment of the physical and other teaching facilities available for starting of PG course at Indira Gandhi Medical College & Research Institute, Pondicherry under Pondicherry University.**

Read: the matter with regard to Pre-PG Assessment – Assessment of the physical and other teaching facilities available for starting of PG course at Indira Gandhi Medical College & Research Institute, Pondicherry under Pondicherry University.

The Executive Committee of the Council considered the assessment report (2nd and 3rd July, 2018) alongwith Photographs/Videography, representation dated 10.07.2018 received from the college authorities and noted the following:-

1. Deficiency of faculty is 14.07 % as detailed in the report.
2. Shortage of Residents is 13.75 % as detailed in the report.
3. Nursing staff: 280 Nursing staff are available against 372 required.
4. Radiodiagnosis department: 4 Mobile X-ray Units are available against requirement of 6. 2 Static X-ray machines are available against requirement of 5. 2 USG machines are available against requirement of 3.
5. Residential Quarters: NIL Residential quarter is available for faculty & Non-teaching staff.
6. Other deficiencies as pointed out in the assessment report.

The Executive Committee also took into consideration letter dated 17.07.2018 received from Secretary, Oversight Committee stating therein that the Oversight Committee discussed some of the provisions of the Regulations in its tenth minutes held on 05.07.2018 wherein the Oversight Committee felt that once, one of these three clauses is applied by the Council, the compliance of rectification submitted by the applicant college is NOT considered by the Council for consideration of application for opening of new medical college/renewal of permission to admit fresh batch. The Oversight Committee also observed that this clause is applied only on private medical college without any mention of exemption for Government medical colleges in the Regulations.

The Executive Committee of the Council further decided to apply clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010(Part II), dated 16th April, 2010 and amended on 18.03.2016, which reads as under:-

8(3)(1).....

(c) Colleges which are already recognized for award of MBBS degree and/or running postgraduate courses

If it is observed during any inspection/assessment of the institute that the deficiency of teaching faculty and/or Residents is more than 10% and/or bed occupancy is <70%, compliance of rectification of deficiency from such an institute will not be considered for issue of renewal of permission in that Academic year and further such an institute will not be considered for processing applications for postgraduate courses in that Academic year and will be issued show cause notices as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act,1956 along with direction of stoppage of admissions in permitted postgraduate courses."

In view of above, it was decided not to consider the Institute for processing applications for postgraduate courses in the current Academic year (2019-20) and to issue show cause notice as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act,1956, along with direction of stoppage of admissions in permitted postgraduate courses.

The Executive Committee of the Council further decided to intimate the Postgraduate Section of application of clause 8(3)(1)(c) for this Institute for information and further necessary action.

In view of above, the Executive Committee of the Council decided to grant 01(One) month time to the institute to submit the compliance on rectification of deficiencies to the Council.

10. Continuance of recognition of MBBS degree granted by Berhampur University in respect of students being trained at MKCG Medical College, Berhampur.

Read: the matter with regard to continuance of recognition of MBBS degree granted by Berhampur University in respect of students being trained at MKCG Medical College, Berhampur.

The Executive Committee of the Council considered the compliance verification assessment report (04th July, 2018) along with previous assessment report (29th January, 2018 and 31st July 2017 & 1st August, 2017) and decided to recommend that recognition of MBBS degree granted by Berhampur University in respect of students being trained at MKCG Medical College, Berhampur be continued restricting the number of admission to 150(One Hundred Fifty) students.

The Executive Committee further decided that the attention of the institute be drawn to Sections 8(3)(2), 8(3)(3) & 8(3)(4) of the Establishment of Medical Colleges Regulations (Amendment), 2010 (Part II) dated 16th April,2010 and act accordingly at appropriate time, which reads as under:-

8 (3) ...

- (2) The recognition so granted to an Undergraduate Course for award of degree shall be for a maximum period of 5 years, upon which it shall have to be renewed.
- (3) The procedure for 'Renewal' of recognition shall be same as applicable for the award of recognition.
- (4) Failure to seek timely renewal of recognition as required in sub clause (a) supra shall invariably result in stoppage of admissions to the concerned Undergraduate Course of MBBS at the said institute.

11. Pre-PG Assessment – Assessment of the physical and other teaching facilities available for starting of PG course at Ch. Charan Singh University, Meerut in respect of students being trained at Rama Medical College, Hospital & Research Centre, Hapur.

Read: the matter with regard to Pre-PG Assessment – Assessment of the physical and other teaching facilities available for starting of PG course at Ch. Charan Singh University, Meerut in respect of students being trained at Rama Medical College, Hospital & Research Centre, Hapur.

The Executive Committee of the Council considered the assessment report (9th and 10th July, 2018) alongwith Photographs/Videography and noted the following:-

1. Deficiency of faculty is 12.12 % as detailed in the report.
2. Shortage of Residents is 32.50 % as detailed in the report.
3. Bed Occupancy at 10 a.m. on day of assessment of genuine patients was 49.53 %.
4. There was NIL patient in Psychiatry and Skin & VD wards.
5. Audiometry room is not air-conditioned.
6. Casualty: Separate Casualty for O.G. is not available. Disaster trolley is not available.
7. ICUs: There was only 1 patient in ICCU on day of assessment.
8. Residential Quarters: 20 Quarters for faculty are available against requirement of 26.
9. Website: Uploaded information is sketchy as detailed in the report.
10. Common Rooms for Boys & Girls are not separate.
11. Other deficiencies as pointed out in the assessment report.

The Executive Committee of the Council decided to apply clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and amended on 18.03.2016, which reads as under:-

8(3)(1).....

(c) Colleges which are already recognized for award of MBBS degree and/or running postgraduate courses

If it is observed during any inspection/assessment of the institute that the deficiency of teaching faculty and/or Residents is more than 10% and/or bed occupancy is <70%, compliance of rectification of deficiency from such an institute will not be considered for issue of renewal of permission in that Academic year and further such an institute will not be considered for processing applications for postgraduate courses in that Academic year and will be issued show cause notices as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956 along with direction of stoppage of admissions in permitted postgraduate courses."

In view of above, it was decided not to consider the Institute for processing applications for postgraduate courses in the current Academic year (2019-20) and to issue show cause notice as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956, along with direction of stoppage of admissions in permitted postgraduate courses.

The Executive Committee of the Council further decided to intimate the Postgraduate Section of application of clause 8(3)(1)(c) for this Institute for information and further necessary action.

In view of above, the Executive Committee of the Council decided to grant 01(One) month time to the institute to submit the compliance on rectification of deficiencies to the Council.

12. Continuance of recognition of MBBS degree granted by Pondicherry University, Pondicherry in respect of students being trained at Pondicherry Institute of Medical Sciences, Pondicherry.

Read: the matter with regard to continuance of recognition of MBBS degree granted by Pondicherry University, Pondicherry in respect of students being trained at Pondicherry Institute of Medical Sciences, Pondicherry.

The Executive Committee of the Council considered the assessment report (9th and 10th July, 2018) and decided to recommend that recognition of MBBS degree granted by Pondicherry University, Pondicherry in respect of students being trained at Pondicherry Institute of Medical Sciences, Pondicherry be continued restricting the number of admission to 100(One Hundred) students.

The Executive Committee further decided that the attention of the institute be drawn to Sections 8(3)(2), 8(3)(3) & 8(3)(4) of the Establishment of Medical Colleges Regulations (Amendment), 2010 (Part II) dated 16th April, 2010 and act accordingly at appropriate time, which reads as under:-

8 (3) ...

- (2) The recognition so granted to an Undergraduate Course for award of degree shall be for a maximum period of 5 years, upon which it shall have to be renewed.
- (3) The procedure for 'Renewal' of recognition shall be same as applicable for the award of recognition.
- (4) Failure to seek timely renewal of recognition as required in sub clause (a) supra shall invariably result in stoppage of admissions to the concerned Undergraduate Course of MBBS at the said institute.

13. Continuance of recognition of MBBS degree granted by Kerala University of Health Sciences, Thrissur in respect of students being trained at Govt. Medical College, Thrissur.

Read: the matter with regard to continuance of recognition of MBBS degree granted by Kerala University of Health Sciences, Thrissur in respect of students being trained at Govt. Medical College, Thrissur.

The Executive Committee of the Council considered the assessment report (10th and 11th July, 2018) and noted the following:-

1. Dr. Biju Krishnan, Medical Superintendent possesses only 3 y administrative experience against requirement of 10 y; hence not qualified to hold the post.
2. Teaching Beds: Ophthalmology has 2 Units & runs PG course; hence total 60 beds are required @ 30 beds/Unit. As only 46 beds are available, there is deficit of 14 beds.
3. OPD: Injection room is common for males/females. Dressing room is common for males/females. Plaster room & Plaster Cutting room is common. Family Welfare clinic is not available in OG OPD.
4. Casualty: Disaster Trolley is not available.
5. Examination Halls: Capacity of available 2 Examination Halls is 150 each against requirement of 250 each.
6. Lecture Theaters: Capacity of Hospital lecture Theater is 100 against requirement of 200.
7. Central Library: Available area is 978 sq.m. against requirement of 2,400 sq.m. Capacity of Students' reading room (Outside) & Students' Reading room (Inside) is 75 each against requirement of 150 each. No Print Journals are available.

8. Capacity of Demonstration rooms is less than required in Anatomy, Physiology, Biochemistry, Pathology.
9. MRD: It is partially computerized.
10. Other deficiencies as pointed out in the assessment report.

In view of the above, the Executive Committee of the Council decided to extend an opportunity to Govt. Medical College, Thrissur for submission of compliance for rectification of above deficiencies expeditiously and within the notified time schedule preferably within 01 month. The removal of deficiencies be intimated to the Council thereby enabling it to undertake the compliance verification assessment for recommending continuance of recognition of MBBS degree granted by Kerala University of Health Sciences, Thrissur.

14. Consideration of compliance verification assessment report with regard to continuance of recognition of MBBS degree granted by Kannur University in respect of students being trained at Academy of Medical Sciences, Kannur.

Read: the matter with regard to consideration of compliance verification assessment report with regard to continuance of recognition of MBBS degree granted by Kannur University in respect of students being trained at Academy of Medical Sciences, Kannur.

The Executive Committee of the Council considered the compliance verification assessment report (10th July, 2018) alongwith Photographs/Videography, previous assessment reports (07th February, 2018, 14th September, 2017, 9th May, 2017 and 27th & 28th July, 2016) and decided to revoke the decision of application of clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010.

The Executive Committee further recommended that recognition of MBBS degree granted by Kannur University in respect of students being trained at Academy of Medical Sciences, Kannur be continued restricting the number of admission to 100 (One Hundred) students.

The Executive Committee further decided that the attention of the institute be drawn to Sections 8(3)(2), 8(3)(3) & 8(3)(4) of the Establishment of Medical Colleges Regulations (Amendment), 2010 (Part II) dated 16th April, 2010 and act accordingly at appropriate time, which reads as under:-

8 (3) ...

- (2) The recognition so granted to an Undergraduate Course for award of degree shall be for a maximum period of 5 years, upon which it shall have to be renewed.
- (3) The procedure for 'Renewal' of recognition shall be same as applicable for the award of recognition.
- (4) Failure to seek timely renewal of recognition as required in sub clause (a) supra shall invariably result in stoppage of admissions to the concerned Undergraduate Course of MBBS at the said institute.

15. Continuance of recognition of MBBS degree granted by Rajasthan University in respect of students being trained at Jhalawar Medical College, Jhalawar.

Read: the matter with regard to continuance of recognition of MBBS degree granted by Rajasthan University in respect of students being trained at Jhalawar Medical College, Jhalawar.

The Executive Committee of the Council considered the assessment report (11th and 12th July, 2018) and noted the following:-

1. Deficiency of faculty is 10.74 % as detailed in the report.
2. Shortage of Residents is 11.11 % as detailed in the report.
3. Other deficiencies as pointed out in the assessment report.

The Executive Committee also took into consideration letter dated 17.07.2018 received from Secretary, Oversight Committee stating therein that the Oversight Committee discussed some of the provisions of the Regulations in its tenth minutes held on 05.07.2018 wherein the Oversight Committee felt that once, one of these three clauses is applied by the Council, the compliance of rectification submitted by the applicant college is NOT considered by the Council for consideration of application for opening of new medical college/renewal of permission to admit fresh batch. The Oversight Committee also observed that this clause is applied only on private medical college without any mention of exemption for Government medical colleges in the Regulations.

The Executive Committee of the Council further decided to apply clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and amended on 18.03.2016, which reads as under:-

8(3)(1).....

(c) Colleges which are already recognized for award of MBBS degree and/or running postgraduate courses

If it is observed during any inspection/assessment of the institute that the deficiency of teaching faculty and/or Residents is more than 10% and/or bed occupancy is <70%, compliance of rectification of deficiency from such an institute will not be considered for issue of renewal of permission in that Academic year and further such an institute will not be considered for processing applications for postgraduate courses in that Academic year and will be issued show cause notices as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956 along with direction of stoppage of admissions in permitted postgraduate courses."

In view of above, it was decided not to consider the Institute for processing applications for postgraduate courses in the current Academic year (2019-20) and to issue show cause notice as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956, along with direction of stoppage of admissions in permitted postgraduate courses.

The Executive Committee of the Council further decided to intimate the Postgraduate Section of application of clause 8(3)(1)(c) for this Institute for information and further necessary action.

In view of above, the Executive Committee of the Council decided to grant 01(One) month time to the institute to submit the compliance on rectification of deficiencies to the Council.

16. Annual Report of Medical Council of India for the academic year 2017-18.

Read: the matter with regard to annual report of Medical Council of India for the academic year 2017-18.

The Executive Committee of the Council approved the annual report of Medical Council of India for the academic year 2017-18 and directed to place the same before the General Body of the Council.

17. APMC-Academic Matters- Admission to Post Graduate courses – Representation of Dr. Anne Bharath – Consideration for admission to PG Medical Course Management seat.

Read: the matter with regard to APMC-Academic Matters- Admission to Post Graduate courses – Representation of Dr. Anne Bharath – Consideration for admission to PG Medical Course Management seat.

The Executive Committee of the Council observed that from the Agenda Note it is not clear whether MCI was a party in the proceedings before the Hon'ble Madras High Court or not or whether any directions have been issued to MCI. This be ascertained from Legal Section. It is also not clear as to how the request is received from Andhra Pradesh Medical Council when the proceedings were in Tamil Nadu and the direction of Hon'ble High Court was to TNMC and further that decision of TNMC, if any, is also not on record.

The Executive Committee directed the Office to resubmit the item with clarifications as above at the next meeting. In the meantime, interim communication be sent to APMC quoting relevant Regulations.

18. Change the name of non-teaching hospital for Compulsory Internship Training.

Read: the matter with regard to change the name of non-teaching hospital for Compulsory Internship Training.

The Executive Committee of the Council deliberated on the matter and approved the change of name of non-teaching hospital for Internship from "TELCO Hospital" to "Tata motors Hospital."

19. Recognition/Approval of Late Shri Lakhiram Agrawal Memorial Government Medical College, Raigarh, Chhatisgarh for the award of MBBS degree (50 seats) granted by Pt. Deendayal Upadhyay Memorial Health Sciences & Ayush University, Raipur, Chhatisgarh u/s 11(2) of the IMC Act, 1956.

Read: the matter with regard to recognition/approval of Late Shri Lakhiram Agrawal Memorial Government Medical College, Raigarh, Chhatisgarh for the award of MBBS degree (50 seats) granted by Pt. Deendayal Upadhyay Memorial Health Sciences & Ayush University, Raipur, Chhatisgarh u/s 11(2) of the IMC Act, 1956.

The Executive Committee of the Council considered the compliance verification assessment report (9th July, 2018) along with previous assessment report (12th & 13th March, 2018) and noted the following:-

1. Deficiency of faculty is 26.19 % as detailed in the report.
2. Dr. K.N. Choudhary, Medical Superintendent does not have 10 y administrative experience as required; hence not qualified to hold the post. Working as Student i/c; Legal Division; UG & PG Counselling; Stores & Purchase Officer, etc. while holding the post of Asso. Prof. of General Surgery cannot be considered as Administrative experience of hospital.
3. Shortage of Residents is 33.33 % as detailed in the report.
4. Deficiency of teaching beds still continues as under:

#	Department	Teaching Beds		
		Required	Available	Deficit
1	General Medicine	90	50	40
2	Psychiatry	10	NIL	10
3	General Surgery	90	76	14
	TOTAL			64

5. Bed Occupancy at 10 a.m. on day of assessment is 66 %.
6. There was NIL Major Operation & only 9 Minor Operations on day of assessment.
7. OPD: Injection room is common for males/females. Dressing room is common for males/females. Plaster room & Plaster Cutting room is common. None of OPDs have Demonstration rooms.
8. Casualty: 10 beds are available against requirement of 15. Separate Casualty for O.G. is not available.
9. AERB approval is not available for some X-ray machines & for CT Scan.
10. Examination Hall is in the form Gallery type Lecture theater.
11. Other deficiencies as pointed out in the assessment report.

In view of the above, the Executive Committee of the Council decided to extend an opportunity to Late Shri Lakhiram Agrawal Memorial Government Medical College, Raigarh, Chhatisgarh for the award of MBBS degree (50 seats) granted by Pt. Deendayal Upadhyay Memorial Health Sciences & Ayush University, Raipur, Chhatisgarh u/s 11(2) of the IMC Act, 1956 and further decided that the Institute be asked to submit the compliance for rectification of the above deficiencies preferably within 01 month. The removal of deficiencies be intimated to the Council thereby enabling it to undertake the compliance verification assessment.

20. Recognition/Approval of Govt. Medical College, Manjeri, Kerala for the award of MBBS degree (100 seats) granted by Kerala University of Health Sciences, Thrissur u/s 11(2) of the IMC Act, 1956.

Read: the matter with regard to recognition/approval of Govt. Medical College, Manjeri, Kerala for the award of MBBS degree (100 seats) granted by Kerala University of Health Sciences, Thrissur u/s 11(2) of the IMC Act, 1956.

The Executive Committee of the Council considered the compliance verification assessment report (6th July, 2018) along with previous assessment report (19th & 20th March, 2018) and noted the following :-

1. Shortage of Residents is 16.1 % as detailed in the report.
2. OPD: Rooms are small & overcrowded.
3. Wards: Pantry is not available in all the wards. Demonstration rooms are not attached to each ward. Distance between 2 beds is < 1.5 m in some wards.
4. CT Scan is Dual slice against requirement of minimum 16 slice.
5. MRD: It is partially computerized.
6. Students' Hostels: Boys' Hostel has 4 seater rooms which is not permissible.
7. Residents' Hostel: It has 4 seater rooms which is not permissible.
8. Nurses' Hostel: Only 2 rooms with capacity of 7 are available against requirement of 48.
9. Residential Quarters: Only 12 quarters are available for Non-teaching staff against requirement of 36.
10. Other deficiencies as pointed out in the assessment report.

In view of the above, the Executive Committee of the Council decided to extend an opportunity to Govt. Medical College, Manjeri, Kerala for the award of MBBS degree (100 seats) granted by Kerala University of Health Sciences, Thrissur u/s 11(2) of the IMC Act, 1956 and further decided that the Institute be asked to submit the compliance for rectification of the above deficiencies preferably within 01 month. The removal of deficiencies be intimated to the Council thereby enabling it to undertake the compliance verification assessment.

21. Recognition/approval of Jawaharlal Nehru Medical College, Ajmer for the award of MBBS degree granted by Rajasthan University of Health Sciences, Jaipur against the increased intake i.e. from 100 to 150 seats u/s 11(2) of the IMC Act, 1956.

Read: the matter with regard to recognition/approval of Jawaharlal Nehru Medical College, Ajmer for the award of MBBS degree granted by Rajasthan University of Health Sciences, Jaipur against the increased intake i.e. from 100 to 150 seats u/s 11(2) of the IMC Act, 1956.

The Executive Committee of the Council considered the compliance verification assessment report (29.06.2018) along with previous assessment reports (26th & 27th February, 2018) and noted the following:-

1. Deficiency of faculty is 16.77 % as detailed in the report.
2. Shortage of Residents is 19.54 % as detailed in the report.
3. Declaration Forms of faculty & Residents were not supplied except of a few.
4. Teaching Beds: As department of Skin & VD is running PG course, 30 beds are required; however as only 28 beds are available, there is deficit of 2 beds.
5. Wards: Demonstration rooms are not proper in several wards.
6. Casualty: Disaster trolley is not available.
7. Examination Halls: Capacity of 2 available Examination Halls is 220 against requirement of 2 of 250 capacity each.
8. Lecture Theaters: Capacity of Hospital lecture Theater is 120 against requirement of 200.
9. Other deficiencies as pointed out in the assessment report.

The Executive Committee also took into consideration letter dated 17.07.2018 received from Secretary, Oversight Committee stating therein that the Oversight Committee discussed some of the provisions of the Regulations in its tenth minutes held on 05.07.2018 wherein the Oversight Committee felt that once, one of these three clauses is applied by the Council, the compliance of rectification submitted by the applicant college is NOT considered by the Council for consideration of application for opening of new medical college/renewal of permission to admit fresh batch. The Oversight Committee also observed that this clause is applied only on private medical college without any mention of exemption for Government medical colleges in the Regulations.

The Executive Committee of the Council further decided to apply clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and amended on 18.03.2016, which reads as under:-

8(3)(1).....

(c) Colleges which are already recognized for award of MBBS degree and/or running postgraduate courses

If it is observed during any inspection/assessment of the institute that the deficiency of teaching faculty and/or Residents is more than 10% and/or bed occupancy is <70%, compliance of rectification of deficiency from such an institute will not be considered for issue of renewal of permission in that Academic year and further such an institute will not be considered for processing applications for postgraduate courses in that Academic year and will be issued show cause notices as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956 along with direction of stoppage of admissions in permitted postgraduate courses."

In view of above, it was decided not to consider the Institute for processing applications for postgraduate courses in the current Academic year (2019-20) and to issue show cause notice as to why the recommendation for withdrawal

of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956, along with direction of stoppage of admissions in permitted postgraduate courses.

The Executive Committee of the Council further decided to intimate the Postgraduate Section of application of clause 8(3)(1)(c) for this Institute for information and further necessary action.

In view of above, the Executive Committee of the Council decided to grant 01(One) month time to the institute to submit the compliance on rectification of deficiencies to the Council.

22. Recognition/approval of RNT Medical College, Udaipur for the award of MBBS degree granted by Rajasthan University of Health Sciences, Jaipur against the increased intake i.e. from 100 to 150 seats u/s 11(2) of the IMC Act, 1956.

Read: the matter with regard to recognition/approval of RNT Medical College, Udaipur for the award of MBBS degree granted by Rajasthan University of Health Sciences, Jaipur against the increased intake i.e. from 100 to 150 seats u/s 11(2) of the IMC Act, 1956.

The Executive Committee of the Council considered the compliance verification assessment report (28.06.2018) along with previous assessment reports (26th & 27th February, 2018) and noted the following:-

1. Deficiency of faculty is 11.80 % as detailed in the report.
2. Workload of Histopathology was NIL on day of assessment.
3. MRD: it is not yet computerized.
4. Other deficiencies as pointed out in the assessment report.

The Executive Committee also took into consideration letter dated 17.07.2018 received from Secretary, Oversight Committee stating therein that the Oversight Committee discussed some of the provisions of the Regulations in its tenth minutes held on 05.07.2018 wherein the Oversight Committee felt that once, one of these three clauses is applied by the Council, the compliance of rectification submitted by the applicant college is NOT considered by the Council for consideration of application for opening of new medical college/renewal of permission to admit fresh batch. The Oversight Committee also observed that this clause is applied only on private medical college without any mention of exemption for Government medical colleges in the Regulations.

The Executive Committee of the Council further decided to apply clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and amended on 18.03.2016, which reads as under:-

8(3)(1).....

(c) Colleges which are already recognized for award of MBBS degree and/or running postgraduate courses

If it is observed during any inspection/assessment of the institute that the deficiency of teaching faculty and/or Residents is more than 10% and/or bed occupancy is <70%, compliance of rectification of deficiency from such an institute will not be considered for issue of renewal of permission in that Academic year and further such an institute will not be considered for processing applications for postgraduate courses in that Academic year and will be issued show cause notices as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s

11(2) of the IMC Act,1956 along with direction of stoppage of admissions in permitted postgraduate courses."

In view of above, it was decided not to consider the Institute for processing applications for postgraduate courses in the current Academic year (2019-20) and to issue show cause notice as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act,1956, along with direction of stoppage of admissions in permitted postgraduate courses.

The Executive Committee of the Council further decided to intimate the Postgraduate Section of application of clause 8(3)(1)(c) for this Institute for information and further necessary action.

In view of above, the Executive Committee of the Council decided to grant 01(One) month time to the institute to submit the compliance on rectification of deficiencies to the Council.

23. Recognition/approval of Dr. S. N. Medical College & Associated Group of Hospital, Jodhpur for the award of MBBS degree granted by Rajasthan University of Health Sciences, Jaipur against the increased intake i.e. from 150 to 250 seats u/s 11(2) of the IMC Act, 1956.

Read: the matter with regard to recognition/approval of Dr. S. N. Medical College & Associated Group of Hospital, Jodhpur for the award of MBBS degree granted by Rajasthan University of Health Sciences, Jaipur against the increased intake i.e. from 150 to 250 seats u/s 11(2) of the IMC Act, 1956.

The Executive Committee of the Council considered the compliance verification assessment report (04.07.2018) along with previous assessment reports (26th & 27th February, 2018) and noted the following:-

1. Deficiency of faculty is 15.87 % as detailed in the report.
2. Wards: Pantry is not available in some wards.
3. Other deficiencies as pointed out in the assessment report.

The Executive Committee also took into consideration letter dated 17.07.2018 received from Secretary, Oversight Committee stating therein that the Oversight Committee discussed some of the provisions of the Regulations in its tenth minutes held on 05.07.2018 wherein the Oversight Committee felt that once, one of these three clauses is applied by the Council, the compliance of rectification submitted by the applicant college is NOT considered by the Council for consideration of application for opening of new medical college/renewal of permission to admit fresh batch. The Oversight Committee also observed that this clause is applied only on private medical college without any mention of exemption for Government medical colleges in the Regulations.

The Executive Committee of the Council further decided to apply clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment),2010(Part II), dated 16th April, 2010 and amended on 18.03.2016, which reads as under:-

8(3)(1).....

(c) Colleges which are already recognized for award of MBBS degree and/or running postgraduate courses

The Executive Committee of the Council considered the compliance verification assessment report (09.07.2018) along with previous assessment reports (15th & 16th March, 2018) and noted the following:-

1. Deficiency of faculty is 12.26 % as detailed in the report.
2. Shortage of Residents is 16.14 % as detailed in the report.
3. OPD attendance upto 2 p.m. on day of assessment was 740 against requirement of 800.
4. There were only 7 Major Operations for the whole hospital on day of assessment.
5. Histopathology workload is only 2 & Cytopathology workload is only 3 on day of assessment.
6. CT Scan is not available.
7. 4 Static X-ray machines are available against requirement of 5.
8. Central Research Laboratory is not available.
9. MRD: ICD X classification of Diseases for indexing of diseases is not followed.
10. Examination Hall: Capacity of available Examination hall is 100 against requirement of 250.
11. Lecture Theaters: 3 Lecture Theaters are available against requirement of 4.
12. Interns' Hostel: Visitors' room & Recreation room are not available.
13. Other deficiencies as pointed out in the assessment report.

The Executive Committee also took into consideration letter dated 17.07.2018 received from Secretary, Oversight Committee stating therein that the Oversight Committee discussed some of the provisions of the Regulations in its tenth minutes held on 05.07.2018 wherein the Oversight Committee felt that once, one of these three clauses is applied by the Council, the compliance of rectification submitted by the applicant college is NOT considered by the Council for consideration of application for opening of new medical college/renewal of permission to admit fresh batch. The Oversight Committee also observed that this clause is applied only on private medical college without any mention of exemption for Government medical colleges in the Regulations.

The Executive Committee noted that even for 50 seats, the medical college has 11.9% faculty and 12.2% Residents deficiency.

In view of above, the Executive Committee of the Council decided to apply clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and amended on 18.03.2016, which reads as under:-

8(3)(1).....

(c) Colleges which are already recognized for award of MBBS degree and/or running postgraduate courses

If it is observed during any inspection/assessment of the institute that the deficiency of teaching faculty and/or Residents is more than 10% and/or bed

occupancy is <70%, compliance of rectification of deficiency from such an institute will not be considered for issue of renewal of permission in that Academic year and further such an institute will not be considered for processing applications for postgraduate courses in that Academic year and will be issued show cause notices as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956 along with direction of stoppage of admissions in permitted postgraduate courses."

In view of above, it was decided not to consider the Institute for processing applications for postgraduate courses in the current Academic year (2019-20) and to issue show cause notice as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956, along with direction of stoppage of admissions in permitted postgraduate courses.

The Executive Committee of the Council also decided to intimate the Postgraduate Section of application of clause 8(3)(1)(c) for this Institute for information and further necessary action.

The Executive Committee of the Council further decided to grant 01(One) month time to the institute to submit the compliance on rectification of deficiencies to the Council.

27. Recognition/approval of Shri Bhausaheb Hire Govt. Medical College, Dhule for the award of MBBS degree granted by Maharashtra University of Health Sciences, Nashik against the increased intake i.e. from 50 to 100 seats u/s 11(2) of the IMC Act, 1956.

Read: the matter with regard to recognition/approval of Shri Bhausaheb Hire Govt. Medical College, Dhule for the award of MBBS degree granted by Maharashtra University of Health Sciences, Nashik against the increased intake i.e. from 50 to 100 seats u/s 11(2) of the IMC Act, 1956.

The Executive Committee of the Council considered the compliance verification assessment report (02.07.2018) along with previous assessment reports (21.03.2018 & 6th & 7th December, 2017) and noted the following:-

1. Shortage of Residents is 17.74 % as detailed in the report.
2. Casualty: Central O₂ and Central Suction are not available.
3. CT Scan 16 slice is not available.
4. Lecture Theaters: 2 Lecture Theaters in college & Hospital Lecture Theater are not of Gallery type.
5. Other deficiencies as pointed out in the assessment report.

The Executive Committee also took into consideration letter dated 17.07.2018 received from Secretary, Oversight Committee stating therein that the Oversight Committee discussed some of the provisions of the Regulations in its tenth minutes held on 05.07.2018 wherein the Oversight Committee felt that once, one of these three clauses is applied by the Council, the compliance of rectification submitted by the applicant college is NOT considered by the Council for consideration of application for opening of new medical college/renewal of permission to admit fresh batch. The Oversight Committee also observed that this clause is applied only on private medical college without any mention of exemption for Government medical colleges in the Regulations.

The Executive Committee noted that even for 50 seats, the medical college has 7.1% faculty and 16.3% Residents deficiency.

In view of above, the Executive Committee of the Council decided to apply clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and amended on 18.03.2016, which reads as under:-

8(3)(1).....

(c) Colleges which are already recognized for award of MBBS degree and/or running postgraduate courses

If it is observed during any inspection/assessment of the institute that the deficiency of teaching faculty and/or Residents is more than 10% and/or bed occupancy is <70%, compliance of rectification of deficiency from such an institute will not be considered for issue of renewal of permission in that Academic year and further such an institute will not be considered for processing applications for postgraduate courses in that Academic year and will be issued show cause notices as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956 along with direction of stoppage of admissions in permitted postgraduate courses."

In view of above, it was decided not to consider the Institute for processing applications for postgraduate courses in the current Academic year (2019-20) and to issue show cause notice as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956, along with direction of stoppage of admissions in permitted postgraduate courses.

The Executive Committee of the Council also decided to intimate the Postgraduate Section of application of clause 8(3)(1)(c) for this Institute for information and further necessary action.

The Executive Committee of the Council further decided to grant 01(One) month time to the institute to submit the compliance on rectification of deficiencies to the Council.

28. Recognition/approval of Guntur Medical College, Guntur, A.P. for the award of MBBS degree granted by Dr. NTR University of Health Sciences, Vijayawada against the increased intake i.e. from 150 to 200 seats u/s 11(2) of the IMC Act, 1956.

Read: the matter with regard to recognition/approval of Guntur Medical College, Guntur, A.P. for the award of MBBS degree granted by Dr. NTR University of Health Sciences, Vijayawada against the increased intake i.e. from 150 to 200 seats u/s 11(2) of the IMC Act, 1956.

The Executive Committee of the Council considered the compliance verification assessment report (04.07.2018) along with previous assessment reports (6th & 7th March, 2018) and noted the following:-

1. Shortage of Residents is 14.28 % as detailed in the report.
2. Teaching Beds: Unit 7 in General Medicine has 15 beds against requirement of 30 beds.
3. Govt. Fever Hospital is stated to be attached to the Medical College but there is no document showing it to be under the control of Principal.
4. Lecture Theaters: 3 Lecture Theaters are not of Gallery Type. E class is not available.
5. Central Library: Computer facility & Internet Nodes are not available.
6. Students' Hostels: Internet facility is not available.

7. Residential Quarters: NIL quarter is available for faculty & Non-teaching staff within the campus.
8. Anatomy department: Cold storage is not functional.
9. Common Rooms for Boys & Girls do not have attached toilets.
10. Other deficiencies as pointed out in the assessment report.

The Executive Committee also took into consideration letter dated 17.07.2018 received from Secretary, Oversight Committee stating therein that the Oversight Committee discussed some of the provisions of the Regulations in its tenth minutes held on 05.07.2018 wherein the Oversight Committee felt that once, one of these three clauses is applied by the Council, the compliance of rectification submitted by the applicant college is NOT considered by the Council for consideration of application for opening of new medical college/renewal of permission to admit fresh batch. The Oversight Committee also observed that this clause is applied only on private medical college without any mention of exemption for Government medical colleges in the Regulations.

The Executive Committee noted that even for 150 seats, the medical college has 3.0% faculty and 11.25% Residents deficiency.

In view of above, the Executive Committee of the Council decided to apply clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and amended on 18.03.2016, which reads as under:-

8(3)(1).....

(c) Colleges which are already recognized for award of MBBS degree and/or running postgraduate courses

If it is observed during any inspection/assessment of the institute that the deficiency of teaching faculty and/or Residents is more than 10% and/or bed occupancy is <70%, compliance of rectification of deficiency from such an institute will not be considered for issue of renewal of permission in that Academic year and further such an institute will not be considered for processing applications for postgraduate courses in that Academic year and will be issued show cause notices as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956 along with direction of stoppage of admissions in permitted postgraduate courses."

In view of above, it was decided not to consider the Institute for processing applications for postgraduate courses in the current Academic year (2019-20) and to issue show cause notice as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956, along with direction of stoppage of admissions in permitted postgraduate courses.

The Executive Committee of the Council also decided to intimate the Postgraduate Section of application of clause 8(3)(1)(c) for this Institute for information and further necessary action.

The Executive Committee of the Council further decided to grant 01(One) month time to the institute to submit the compliance on rectification of deficiencies to the Council.

29. Compliance Verification Assessment of the physical and the other teaching facilities available for 130 MBBS seats (Show Cause) at Sri Siddhartha Medical College, Tumkur under Sri Siddhartha University, Tumkur.

Read: the matter with regard to compliance verification assessment of the physical and the other teaching facilities available for 130 MBBS seats (Show Cause) at Sri Siddhartha Medical College, Tumkur under Sri Siddhartha University, Tumkur.

The Executive Committee of the Council considered the compliance verification assessment report (06.07.2018) along with Photographs/Videography, previous assessment reports (19.02.2018, 11.09.2017, 26.04.2017, 21.04.2017, 08.03.2017, 04.08.2016 & 05.04.2016) and noted the following:-

1. Deficiency of faculty is 7% as detailed in the report.
2. Shortage of Residents is 7.4 % as detailed in the report.
3. OPD attendance upto 2 p.m. on day of assessment is 1,142 against requirement of 1,200.
4. Cytopathology workload for the whole hospital is only 7 on day of assessment.
5. Other deficiencies as pointed out in the assessment report.

In view of above, the Executive Committee decided to revoke clause 8)3)(1)(c(of Establishment of Medical College Regulation)Amendment,(2010)Part II(, dated 16th April, 2010 and amended on 18.03.2016 and further decided to extend an opportunity to Sri Siddhartha Medical College, Tumkur under Sri Siddhartha University, Tumkur. The institute be asked to submit the compliance for rectification of the above deficiencies expeditiously (preferably within 01 month). The removal of deficiencies be intimated to the Council thereby enabling it to undertake the compliance verification assessment.

30. Recognition/approval of Krishna Institute of Medical Sciences, Karad for the award of MBBS degree granted by Krishna Institute of Medical Sciences, (Deemed University) Karad against the increased intake i.e. from 150 to 200 seats u/s 11(2) of the IMC Act, 1956.

Read: the matter with regard to recognition/approval of Krishna Institute of Medical Sciences, Karad for the award of MBBS degree granted by Krishna Institute of Medical Sciences, (Deemed University) Karad against the increased intake i.e. from 150 to 200 seats u/s 11(2) of the IMC Act, 1956.

The Executive Committee of the Council considered the compliance verification assessment report (09.07.2018) along with Photographs/Videography, previous assessment reports (17.04.2018, 21.03.2018, 2nd & 3rd January, 2018 and 11th & 12th December, 2017) and noted the following:-

1. Bed Occupancy at 10 a.m. on day of assessment as verified by Assessors was 67.2 %.
2. Admission of patients in wards is haphazard. e.g. Surgery ward # 22 had 4 patients of Medicine; Surgery ward # 7 had 23 patients of Neurosurgery & 5 patients under Oncosurgery; Surgery ward # 9 has 3 patients of Neurosurgery.
3. Out of total 60 Operations provided in the list to the assessors, by 4 p.m. on day of assessment, only 14 were performed & the rest 46 were cancelled/postponed.
4. One of UG Boys' hostel is away from the campus which is not permissible.
5. Other deficiencies as pointed out in the assessment report.

In view of the above, the Executive Committee of the Council decided to recommend not to recognize/approve Krishna Institute of Medical Sciences, Karad for the award of MBBS degree granted by Krishna Institute of Medical Sciences, (Deemed University) Karad against the increased intake i.e. from 150 to 200 seats u/s 11(2) of the IMC Act, 1956 and further decided that the Institute be asked to submit

the compliance for rectification of the above deficiencies within 01 month for further consideration of the matter.

The Executive Committee of the Council decided to apply clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and amended on 18.03.2016, which reads as under:-

8(3)(1).....

(c) Colleges which are already recognized for award of MBBS degree and/or running postgraduate courses

If it is observed during any inspection/assessment of the institute that the deficiency of teaching faculty and/or Residents is more than 10% and/or bed occupancy is <70%, compliance of rectification of deficiency from such an institute will not be considered for issue of renewal of permission in that Academic year and further such an institute will not be considered for processing applications for postgraduate courses in that Academic year and will be issued show cause notices as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956 along with direction of stoppage of admissions in permitted postgraduate courses."

In view of above, it was decided not to consider the Institute for processing applications for postgraduate courses in the current Academic year (2019-20) and to issue show cause notice as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956, along with direction of stoppage of admissions in permitted postgraduate courses.

The Executive Committee of the Council further decided to intimate the Postgraduate Section of application of clause 8(3)(1)(c) for this Institute for information and further necessary action.

In view of above, the Executive Committee of the Council decided to grant 01(One) month time to the institute to submit the compliance on rectification of deficiencies to the Council.

31. Compliance Verification Assessment of the physical and the other teaching facilities available for revocation of Show Cause notice issued under Clause 8(3)(1)(c) of Establishment of Medical College Regulation at Medicit Institute of Medical Sciences, Ghanpur.

Read: the matter with regard to compliance verification assessment of the physical and the other teaching facilities available for revocation of Show Cause notice issued under Clause 8(3)(1)(c) of Establishment of Medical College Regulation at Medicit Institute of Medical Sciences, Ghanpur.

The Executive Committee of the Council considered the compliance verification assessment report (06.07.2018) along with photographs/videography, previous assessment reports (20.02.2018, 6th and 7th September, 2017, 16.03.2017 & 17.03.2017, 03.08.2016 & 02.03.2016) and decided to revoke the decision of application of clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and further directed the Section to process the application for recognition against the increased intake i.e. 100 to 150 seats.

32. Continuance of recognition of MBBS degree granted by Geetanjali University, Udaipur in respect of students being trained at Geetanjali Medical College & Hospital, Udaipur.

Read: the matter with regard to continuance of recognition of MBBS degree granted by Geetanjali University, Udaipur in respect of students being trained at Geetanjali Medical College & Hospital, Udaipur.

The Executive Committee of the Council considered the assessment report (19th&20th July, 2018) and decided to recommend that recognition of MBBS degree granted by Geetanjali University, Udaipur in respect of students being trained at Geetanjali Medical College & Hospital, Udaipur be continued restricting the number of admission to 150(One Hundred Fifty) students.

The Executive Committee further decided that the attention of the institute be drawn to Sections 8(3)(2), 8(3)(3) & 8(3)(4) of the Establishment of Medical Colleges Regulations (Amendment), 2010 (Part II) dated 16th April,2010 and act accordingly at appropriate time, which reads as under:-

8 (3) ...

- (2) The recognition so granted to an Undergraduate Course for award of degree shall be for a maximum period of 5 years, upon which it shall have to be renewed.
- (3) The procedure for 'Renewal' of recognition shall be same as applicable for the award of recognition.
- (4) Failure to seek timely renewal of recognition as required in sub clause (a) supra shall invariably result in stoppage of admissions to the concerned Undergraduate Course of MBBS at the said institute.

33. Continuance of recognition of MBBS degree granted by NTR University of Health Sciences, Vijaywada in respect of students being trained at P.E.S Institute of Medical Sciences & Research, Kuppam, Andhra Pradesh.

Read: the matter with regard to continuance of recognition of MBBS degree granted by NTR University of Health Sciences, Vijaywada in respect of students being trained at P.E.S Institute of Medical Sciences & Research, Kuppam, Andhra Pradesh.

The Executive Committee of the Council considered the assessment report (19th&20th July, 2018) and decided to recommend that recognition of MBBS degree granted by NTR University of Health Sciences, Vijaywada in respect of students being trained at P.E.S Institute of Medical Sciences & Research, Kuppam, Andhra Pradesh be continued restricting the number of admission to 150(One Hundred Fifty) students.

The Executive Committee further decided that the attention of the institute be drawn to Sections 8(3)(2), 8(3)(3) & 8(3)(4) of the Establishment of Medical Colleges Regulations (Amendment), 2010 (Part II) dated 16th April,2010 and act accordingly at appropriate time, which reads as under:-

8 (3) ...

- (2) The recognition so granted to an Undergraduate Course for award of degree shall be for a maximum period of 5 years, upon which it shall have to be renewed.
- (3) The procedure for 'Renewal' of recognition shall be same as applicable for the award of recognition.
- (4) Failure to seek timely renewal of recognition as required in sub clause (a) supra shall invariably result in stoppage of admissions to the concerned Undergraduate Course of MBBS at the said institute.

34. Approval of the minutes of the Monitoring Sub-Committee meeting held on 13/07/2018.

Read: the matter with regard to approval of the minutes of the Monitoring Sub-Committee meeting held on 13/07/2018.

The Executive Committee of the Council noted and approved the recommendations of the Monitoring Sub-Committee meeting held on 13.07.2018 in respect of item nos. 2 to 46, 48,49,50,51,53,54,55,56 & 57.

The Executive Committee further perused the recommendations of the Monitoring Sub-Committee meeting held on 13.07.2018 and observed as under:-

Item No.1 Admission of 1st year MBBS student at Deccan College of Medical Sciences, Hyderabad, Andhra Pradesh for the Academic Year 2015-16- Regarding.

The Executive Committee observed that the Monitoring Sub-Committee has not recorded any decision in the present item. The Executive Committee further observed that the matter with regard to representation from the Institute received through the Oversight Committee, the minutes of its meeting held on 5th June, 2018 have been approved by the Oversight Committee vide its letter dated 12.06.2018.

In view of above, the Executive Committee decided to reiterate its earlier decision to discharge the following 37 students :-

The Executive Committee further decided to direct the Institute to comply within 01 week. Separate communication be sent to Secretary (ME), DME, affiliating university with a request not to permit the above students in any examination now onwards, State Medical Council not to register the students, representative of the State on MCI.

Item No.47 Admission of 1st year MBBS student at Sree Balaji Medical College and Hospital, Chennai, Tamil Nadu for the Academic Year 2017-18- Regarding.

The Executive Committee approved the recommendations of the Monitoring Sub-Committee with respect to 208 students admitted through mop up round as verified by the Monitoring Sub-committee. However, with regard to student Tharanima A., her date of birth as recorded is 01/01/2001 while date of admission is 04/09/2017; hence clearly she is <17 years of age on date of admission and hence not eligible. The contention of the Institute that she is an eligible candidate cannot be accepted.

In view of above, the Executive Committee decided to issue Discharge Notice in respect of Tharanima A. and further decided that the Institute be directed to submit compliance within 01 week. Separate communication be sent to Secretary (ME), DME, affiliating University, State Medical Council, representative of the State on MCI.

Item No.52 Admission of 1st year MBBS student at LLRM Medical College, Meerut, Uttar Pradesh for the Academic Year 2017-18- Regarding.

The Executive Committee observed that no decision is recorded in the minutes and decided that the matter be referred to Chairman, Monitoring Sub-Committee for appropriate decision without any further reference to the Executive Committee.

Item No.58 Action taken in compliance with judgment dated 09.02.2018 of Hon'ble High Court in SBCWP 15599/2015 - Vivek Bugalia Vs. State of Rajasthan & Ors. - Reg.

The Executive Committee decided that the matter with regard to proposal for debarment be placed before the Law Officer for opinion and be resubmitted at the next meeting of the Executive Committee.

The Executive Committee approved the recommendations of the Monitoring Sub-Committee with regard to National Institute of Medical Sciences, Jaipur that the decision shall remain in abeyance until final order has been passed by the Hon'ble Supreme Court.

The Executive Committee also approved the recommendations of the Monitoring Sub-Committee with regard to Geetanjali Medical College with regard to the students admitted by the college in the Academic Year 2015-16 and whose admissions have been done on the basis of merit of entrance examination other than PCPMT/PMT.

Further, with regard to admission of students without PCPMT/PMT at Pacific Institute of Medical Sciences, Udaipur, the Executive Committee approved the recommendation of the Monitoring Sub-Committee for discharge of following students.

Pacific Institute of Medical Sciences, Udaipur

<u>S No.</u>	<u>Name of the Candidate</u>	<u>Address of the Candidate</u>	<u>Entrance Exam Name</u>

35. Draft amendment as per the final report of Study group constituted to make recommendation in regard to the guidelines for section 8.6 of the Code of Medical Ethics Regulations, 2002.

Read: the matter with regard to draft amendment as per the final report of Study group constituted to make recommendation in regard to the guidelines for section 8.6 of the Code of Medical Ethics Regulations, 2002.

The Executive Committee of the Council perused the draft amendment of Study group constituted to make recommendation in regard to the guidelines for section 8.6 of the Code of Medical Ethics Regulations, 2002 and observed as under:

- (1) In Sub-section 4, the Mandate is restricted to "Medical Incompetence" which is not defined anywhere in the Scope of definitions;
- (2) The inclusion of the specific phrase "Medical Incompetence" in Sub-section 4 necessarily excludes Medical Accident, Medical Error, Medical Malpractice, Medical Mishap, Professional Incapacity, Professional Incompetence, Professional Misconduct and Professional Negligence. The reasons for excluding these are not recorded in the Agenda Note. Hence it is not clear whether these are to be excluded or not. This needs to be prescribed.
- (3) In Sub-section 4, the Mandate is with regard to "Medical Incompetence" but in Sub-section 5(a) it is with regard to "Professional Incompetence". This needs to be streamlined.
- (4) The Professional Subject Expert should be a Senior Doctor having practice of not less than 10 years in the concerned Specialty/Superspecialty or 15 years in General Practice in case of General Practitioners.
- (5) The qualification of Chairperson is not prescribed. He shall be from Academic side holding the rank of not less than Professor in the concerned subject from a Govt. Medical College.
- (6) In addition to Bolam test, the directions of Hon'ble Supreme Court in Jacob Mathew's case may also be considered by the peer group while preparing its report.
- (7) Definition should also include (i) intention (ii) Circumstances (iii) Available facilities in terms of HR/Equipment/Infrastructure and (iv) Elective/Emergency

In view of above, the Executive Committee of the Council decided to refer the matter back to Study group to re-examine the draft in light of the above observations and resubmit the same.

36. Consideration of the provisions of the Regulations.

Read: the matter with regard to consideration of the provisions of the Regulations.

The Executive Committee of the Council considered the letter dated 3rd August, 2018 from the Ministry of Health & F.W., Nirman Bhawan, New Delhi and letter dated 17.07.2018 received from Secretary, Oversight Committee stating therein that the Oversight Committee discussed some of the provisions of the Regulations in its tenth minutes held on 05.07.2018 on the basis of the information and documents available with the OC.

In view of above letter of the Oversight Committee, following are the observations by the Executive Committee:-

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
8(3)(1)(a)	(a) Colleges in the stage of Letter of Permission upto II renewal (i.e. Admission of third batch) If it is observed during any inspection/assessment of the institute that the deficiency of teaching faculty and/or Residents is more than 30% and/or bed occupancy is <50% (45% in North East, Hilly terrain, etc.), compliance of rectification of deficiencies from such an institute will not be considered for issue of Letter of Permission (LOP)/renewal of permission in that Academic Year.	The Oversight Committee felt that once, one of these three clauses is applied by the Council, the compliance of rectification submitted by the applicant college is NOT considered by the Council for consideration of application for opening of new medical college/renewal of permission to admit fresh batch. The Oversight Committee also observed that this clause is applied only on private medical college without any mentioned of exemption for Government medical colleges in the Regulations. Once any sub-clause of the clause 8(3)(1) is applied by the Council the application is disapproved. The Council's recommendation, approved by the OC is forwarded to the Central Government, which before disapproving the scheme grant hearing to authorized representatives of the applicant college under section 10(A) 4. In case the Ministry refers the case for review to the Council on the basis of the documents submitted by the authorized representatives of the applicant college, the	In the past years, it was experienced by the Council that large number of private medical colleges, in order to save money on salary of teaching faculty / residents, used to engage / hire them in the month of January and February only i.e. before the 2nd inspection / compliance verification assessment carried out by the Council. This approach / methodology adopted by such medical colleges to engage faculty just before the compliance inspection was adversely affecting the standards of teaching and training in the medical colleges, as for most of the months in the relevant year, the teachers were not there for teaching / training. It was further being observed that a number of private medical colleges were also indulging in simply presenting infrastructural, teaching and other facilities through creation of camouflage and when actually they were not doing so. However, by indulging in creating camouflage [including getting fake patients as well as Residents / Faculty for very short durations only for their presence during inspections etc.] they were achieving their objective for grant of permission / renewals even when, actually, there had been gross deficiencies and the colleges were making false impressions. This growing / ever increasing tendency of some of the

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
		case is returned by the Council in view of the provisions of clause 8(3)(1)(a)/(b)/(c) of the Regulations. This result is defeating of purpose of the section 10(A) 4 of the IMC, Act, 1956. It has been observed that in a number of cases renewal permission was not recommended due to application of 8(3)(1)(a) or (b) or (c). The Oversight Committee is of the view that this restrictive clause, 8(3)(1)(a), (b) and (c) of the Regulations may be deleted as already requested by the Central Government.	private medical colleges had created an imminent necessity for adopting appropriate measures of deterrent to effectively deal with such a menace. Another important and critical aspect was that the MCI, within the tight time schedule defined by the Hon'ble Supreme Court for grant of permissions / renewals and for completion of admissions, was becoming obligated to carry out more than two inspections in a large number of medical colleges. The requirement to conduct more than two inspections for the purpose of renewal etc. in relation to any medical college was on account of variety of reasons. Such necessity to conduct more than two inspections, which was otherwise neither feasible nor practical for the MCI, was also inevitably resulting in shortening of the time period and during such short periods a number of private medical colleges making more and further efforts to create more and more camouflage to present a picture as if they are fulfilling the requirement when actually they were failing to do so. Therefore there was an imminent necessity that there shall be a definite restraint on the number of inspections required to be carried out by the MCI in relation to grant of renewals etc. to the private medical colleges. This was also one of the reasons which had weighed while resorting to framing of the provisions of Clause 8(3)(1)(a), (b) and (c) in the Regulations. This serious issue was considered by the Council in its General Body meeting, wherein, as a pragmatic approach, to ensure proper teaching and training in the medical college, as well as to ensure practical exposure to the students of medicine throughout the year, it was decided to impose a deterrent condition on such medical colleges. Under these circumstances, Regulation 8(3)(1)(a), (b) and

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
			(c) were introduced in the Establishment of Medical College Regulations, 1999, after the prior approval of the Central Govt.. These deterrent provisions, were introduced with the intention that only those colleges, which, are maintaining the minimum standards throughout the year, shall be given an opportunity, in case they fail to fulfill the minimum standards as prescribed in the Regulations, for compliance / rectification of deficiencies. The erring private medical colleges where the deficiencies would be below a particular level [and where through any bona-fide attempt such gross deficiencies cannot be removed in a short time] it had been decided that they would not deserve any further opportunity. They would not deserve further renewal of the original permission as they would, in all probability, would once again indulge in creating a camouflage so as to once again present a false picture that they are able to remove gross deficiencies in short duration. The Council is very well aware of various difficulties faced by these private medical colleges, year after year, till the time the colleges is recognized. At the same time the MCI has to ensure that the students undergoing their medicine courses get proper teaching and training as they will treat the patients throughout the Country. Considering the above difficulties, the percentage of exemption, as prescribed in the Regulation 8(3)(1)(a), (b) and (c) varies from year to year. For example for the new medical colleges till the time it gets 3rd batch (i.e. 2nd Renewal), the exemption for teaching faculty and residents is provided as 30% in order to give an opportunity to the medical college for compliance and in the same way the percentage of bed occupancy is fixed as 50%. Whereas, the requirement at the time of recognition is 10% for residents and faculty and

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
			70% for bed occupancy. This is provided, on one hand to give time to the medical colleges to improve their infrastructure and on the other hand to ensure basic medical education to the students, throughout the year. The requirements in the Regulations are the minimum and it is essential to ensure quality of medical education, which is the primary responsibility of MCI. It is also relevant to mention here that the requirement of teaching faculty and bed occupancy in Regulation 8(3)(1)(a) (b) and (c) were higher when the said amendment was introduced in April, 2010, however, on seeing the various difficulties faced by the medical colleges, the same were reduced/ relaxed vide Amendment Notification dated 18.03.2016. These Amendments were introduced in the year 2010, as it was observed that many Institutions were found to have grossly inadequate facilities in terms of Faculty / Residents and / or Clinical material throughout the year. After due deliberations, E.C. had proposed & G.B. had approved the recommendations pertaining to having minimum standards during all assessments below which the Institute would not be considered eligible for compliance. They have been Notified in the Gazette of India with prior approval of Govt. of India. This Regulation is independent of Section 10 A(4) of IMC Act. Secondly, the concern of the ministry as well as the Ld. Oversight Committee that the Regulation 8(3)(1)(a), (b) and (c), will defeat the purpose of Section 10A(4), is also not correct. The said issue was raised by number of medical colleges, wherein, the said Regulations were invoked. The validity of said Regulations was also challenged on this ground, however, the Hon'ble High Court of Delhi, vide its judgment dated 28.05.2015 passed in W.P. (C) No.

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
			5041/2015 - Shree Chhatrapati Shivaji Education Society & Anr Vs. UOI & Ors has upheld the validity of the said Regulation. The Ld. Division Bench of the Hon'ble High Court also observed that the proviso (a) to (d) to the Regulations 8(3)(1) of the Establishment of Medical College Regulations cannot be held to be ultra-vires of Section 10A(3) and / or Section 10A(4) of the IMC Act, 1956. Further, the Hon'ble Supreme Court vide judgment dated 27.04.2018 passed in SLP (C) No.31535/2015-Medical Council of India Vs. Malla Reddy Institute of Medical Science & Anr, had set aside the judgment passed by the Ld. Full Bench of the Hon'ble High Court of Delhi wherein, the Ld. Full Bench was pleased to uphold the aforesaid Regulations, however, the Ld. Full Bench had observed that an opportunity should be given to the college to rectify the deficiencies. The Hon'ble Supreme Court recently, in Civil Appeal No.5805 of 2018 - Medical Council of India Vs. Vedantaa Institute of Academic Excellence Pvt. Ltd. and Ors. -2018 SCC OnLine SC 584, has upheld the vires of the said Regulations and has held that the said Regulations do not in any way offend Section 10A of the IMC Act, 1956. The Copy of the above judgment of the Hon'ble Supreme Court as well as Hon'ble High Court of Delhi is annexed here. Thirdly, regarding the implementation of the said Regulations on Govt. Medical Colleges is concerned it is important to bring to your kind notice that not only MCI but Central Govt. as well as Hon'ble Supreme Court also treats Govt. Medical Colleges as a "separate" class in itself, as the Govt. colleges admit meritorious students who mainly come from lower socio-economic strata at a very nominal fee level. These colleges have to follow a strict procedure for appointments, procurement

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
			of equipment, etc., which is laid down in the Rules which are time consuming. It is not possible for Govt. Authorities to deviate from these laid down procedures. In these colleges, clinical material, which is the mainstay of medical education is available in abundance & there is no manipulation. Hence since last several years, it is the practice in MCI to recommend permission on the basis of undertaking given by the persons holding the rank of Addl. Chief Secretary / Secretary of the concerned State. It is also a matter of record that Hon'ble Supreme Court has recently permitted the following 8 Govt. colleges on the basis of undertaking given by Secretaries:- 1)Anugrah Narayan Magadh Medical College, Gaya, Bihar; 2)Vardhman Institute of Medical Sciences, Pawapuri, Nalanda, Bihar; 3)Govt. Medical College, Bettiah, Bihar; 4) MGM Medical College, Jharkhand; 5) Govt. Allopathic Medical College, Banda, UP; 6) Govt. Medical College, Saharanpur, UP; 7) Govt. Medical College & Super Speciality Hospital, Azamgarh, UP; 7) Rajkiya Medical College, Jalaun, UP; and 8) Koppal Institute of Medical Sciences, Koppal, Karnataka. With regard to applicability of these Regulations in the case of Govt. medical colleges, the Council from the very beginning was of the view that the same are deterrent provisions and were introduced in order to ensure that all private medical colleges, throughout the year maintain requisite teaching faculty, residents and clinical material for better teaching and training purposes as

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
			explained herein above and always treated Govt. Medical Colleges as separate class due to abundance of clinical material and practical exposure and mainly for the reason that poor meritorious students, on the basis of their academic merit get the opportunity to study MBBS in Govt. Medical College at minimal fee. However, as desired by the Ld. Oversight Committee, the Executive Committee has decided that the Regulation 8(3)(1)(a), (b) and (c) shall also be applied to Govt. colleges henceforth. Keeping in mind the practical ground realities and the recommendation of the OC as well as central Government the members of the executive Committee has come to the considered conclusion to place the matter before ensuing General Body of the Council for consideration on the issue of deleting the provision of Regulation 8(3)(1)(a), (b) and (c) as per the recommendation of O.C.
8(3)(1)(b)	(b) Colleges in the stage of III & IV renewal (i.e. Admission of fourth & fifth batch) If it is observed during any inspection of the Institute that the deficiency of teaching faculty and / or Residents is more than 20% and / or bed occupancy is <65%, compliance of rectification of deficiencies from such an institute will not be considered for renewal of permission in that Academic Year.		- As Above -
8(3)(1)(c)	(c) Colleges which are already recognized for award of M.B.B.S. degree		- As Above -

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
	and / or running Postgraduate courses. 8(3)(1)(d)	<u>Colleges which are found to have employed teachers with faked / forged documents:</u> If it is observed that any institute is found to have employed a teacher with faked / forged documents and have submitted the Declaration Form of <u>such</u> a teacher, such an institute will not be considered for renewal of permission / recognition for award of M.B.B.S. degree /	The Oversight Committee felt that at present cases of clause 8(3)(1)(d) of Medical Council of India Establishment of Medical College Regulations, 1999 are referred by the Executive Committee to the Ethics Committee for investigation. It is felt that to discourage practice of submission of false declaration form by the faculty members duly signed by the Dean may be listed under clause 6 (Unethical Acts) of this Regulations and the faculty members and	The members of the Executive Committee, after considering the recommendation of O.C. on applicability of Regulation 8(3)(1)(d), in the cases where during the inspection the medical college is found to have employed the teacher with fake / forged document or had submitted declaration form of such teacher, decided to constitute a Sub-committee of the following members to prepare the draft Regulations of Section 8(3)(1)(d) within 1 month & place it before the Executive

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
	processing the applications for postgraduate courses for two Academic Years – i.e. that Academic Year and the next Academic Year also.	counter signature authority may be brought under purview of this Regulations and for unethical act. Procedure for application of clause 8(3)(1)(d):- Reference Medical Council of India Establishment of Medical College Regulations, 1999 –Clause 8(3)(1)(d), the Oversight Committee has observed that the Clause 8(3)(1)(d) is applied by the Executive Committee/PGMEC-MCI, before completion of investigation by the Ethics Committee and without deciding reply to show cause notice submitted by the concerned college authorities. There is always a theoretical possibility that the college may come out clean after the investigation by the Ethics Committee. In such cases the college/faculty/students may have to suffer unnecessarily. Therefore, the Oversight Committee has desired that the suitable amendment may be proposed by the Council to ensure that the clause 8(3)(1)(d), may be applied after completion of process of investigation by the Ethics Committee, decision of the Executive Committee and decision on the reply to show cause notice issue by the Council to college. The entire process should be completed in defined time bound manner.	Committee: (1) Chairman, Ethics Committee; (2) Chairman, Academic Committee; (3) Chairman, PG Committee.
	As per qualifying and eligibility criteria of Establishment of Medical College Regulations, 1999, the application is considered incomplete if the college has not	Provision of time slot for MCI for asking applicant colleges to submit incomplete/defective documents after rectification of documents(s) as per requirement prescribed	Members of the Executive Committee decided to amend present Regulation in accordance with recommendation of O.C. The matter be placed before G.B.

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
	submitted the essential documents in terms of necessary requirements such as Essentiality Certificate, Consent of Affiliation or physical features like land and hospital requirement. As per Supreme Court Order dated 20.08.2015 in the case of Royal Medical Trust, if an applicant fails to fulfill these requirements, the application on the face of it, would be incomplete and be rejected.	under the Regulations: The Oversight Committee observed that in the existing Medical Council of India Establishment of Medical College Regulations, 1999 there is no provision for MCI for seeking rectified incomplete/defective documents from the applicants. The Oversight Committee has desired that the suitable amendment may be proposed in Medical Council of India Establishment of Medical College Regulations, 1999, time schedule for submission of application, both for establishment of new Medical College and renewal of permission cases. The Council may propose amendment keeping provision of at least 15 days for Council for asking for rectified/complete documents from the applicants.	However, this year Council had already given opportunity to all applicants to rectify the essential documents in terms of necessary requirements such as Essentiality Certificate, Consent of Affiliation within 15 days.
	As per the present practice, the bed occupancy is counted on the day of assessment.	To have clear policy (in Regulation) about counting of bed occupancy on 3 randomly selected days vis-a-vis bed occupancy on the day of assessment: Medical Council of India Establishment of Medical College Regulations, 1999, amendment to specify the policy about counting of clinical material on three randomly selected days and its relationship with the similar statistics of clinical material on the day of inspection by the Council assessors.	The requirements of the Regulations of the Council are minimum, that are required to be fulfilled by a medical college for grant of permission / renewal of permission. Therefore, when it is found during the 'MCI inspection that the claims made by the medical college in their self -assessment forms are incorrect, there is serious doubt on the data provided by the medical colleges regarding their patients and other parameters. Before 2010, all the inspections carried out by the MCI were informed inspections wherein, the colleges were informed in advance about the inspection. It was observed by the Council that when the inspectors go to the colleges the entire infrastructure used to be cosmetically ready or made good in order to get permission for that academic year. In the event where the college was not informed

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
			about the ensuing assessment the Council observed gross deficiencies in the medical college. Therefore, it was decided to carryout surprise inspections in order to ascertain the actual infrastructure and facilities available in the medical college. The importance of surprise factor in the inspection was also considered by the Hon'ble Supreme Court as well as the Hon'ble High Courts, wherein, the Hon'ble Supreme Court in the case of Manoharlal Sharma Vs. UOI & Ors.- (2013) 10 SCC 60 was pleased to observe as under:- <i>.....We have also gone through the report of the surprise Inspection Team dated 06.07.2013 submitted by Dr. Mukesh Kalra and Dr. Ajay Agarwal. The MCI has got the power to conduct a surprise inspection to find out whether the deficiencies pointed out by the MCI have been rectified or not, especially when the College submits a compliance report. Surprise inspection naturally contemplates no notice, if the notice is given in advance, it would not be a surprise inspection and will give room for the College to hoodwink the assessors by springing a surprise, by making perfect what was imperfect. Surprise inspection, in this case, was conducted to ascertain whether compliance report could be accepted and to ascertain whether the deficiencies pointed out in the regular inspection were rectified or not. By pointing out the deficiencies, MCI is giving an opportunity to the College to rectify the deficiencies, if any noticed by the Inspection Team. It is the duty of the College to submit the compliance report, after rectifying the deficiencies. The MCI can conduct a surprise inspection to ascertain whether the deficiencies had been rectified and the compliance report be accepted or not."</i> Similarly, the Hon'ble

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
			Supreme Court in the case of Royal Medical Trust Vs. UOI - (2015) 10 SCC 19, was pleased to observe as under “.....31..... <i>(b) Inspection should then be conducted by the Inspectors of the MCI. By very nature such inspection must have an element of surprise. Therefore sufficient time of about three to four months ought to be given to the MCI to cause inspection at any time and such inspection should normally be undertaken latest by January. Surprise Inspection would ensure that the required facilities and infrastructure are always in place and not borrowed or put in temporarily. ...”</i> The Hon’ble Delhi High Court in W.P. (C) No. 6261/2013 - Raipur Institute of Medical Sciences Vs. UOI & Ors. was pleased to observe as under: <i>“....In Manohar Lal Sharma (supra), the Hon’ble Supreme Court inter alia observed that a surprise inspection contemplates no notice and if the notice is given in advance, it would not be a surprise inspection and will give room for the College to hoodwink the assessors by W.P.(C) No.6261/2013 Page 14 of 14 springing a surprise, by making perfect what was imperfect. It was further observed that MCI can conduct a surprise inspection to ascertain whether the deficiencies had been rectified and the compliance report be accepted or not. In my view, all the inspections carried out by the assessors appointed by the MCI, should be surprise inspection, so that there is no scope for (i) arranging or admitting patients, (ii) arranging/hiring/borrowing equipments or employing teachers, on a temporary basis, so as to project compliance of the Regulations at the time of inspection, and later withdrawing/removing such temporarily arranged infrastructure. I also feel that</i>

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
			<i>all such inspections should be got videographed throughout the inspection, so that there is no dispute with respect to what actually was available at the time of inspection. MCI is, therefore, directed to consider making all inspections by its assessors to assess the infrastructure including hospital equipments and faculty of a proposed/existing medical college surprise, and get them videographed throughout the inspection. The CD of such recording should be submitted to MCI, on or before the time of submission of the inspection report....."</i> Therefore, the MCI assessments have to be surprise assessments so as to have a realistic picture of available facilities on the day of assessment. It has been observed in previous years that in almost all private medical colleges, with the advent of computerization, data of previous days have no relevance, as these are shown to be above required limits by the Institutes, however, on the next day i.e. on the day of assessment there is great shortfall of the patients / bed occupancy. Accurate verification is possible only if the data of clinical material is computed on the basis of the data verified by Assessors on day of assessment. Further, Bed occupancy is computed on the basis of available indoor patients on day of assessment & that too at 10a.m., so that Institutes does not get a chance to manipulate & to fill up the beds by admitting fake patients after arrival of assessors. It is the responsibility of MCI to put its best efforts to ensure the quality of medical education across the country. Availability of adequate clinical material is the core essence of medical education. MCI should not evolve any policy by which the quality of medical education is compromised.

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
	As per the present practice, the deficiency of faculty is counted on the day of assessment on the basis of attendance on that day. However, MCI vide its circular dated 29/05/2018 informed all the medical colleges that all the faculties should start marking their attendance and during the assessment of Medical College, the attendance captured through OFAMOS devices shall only be considered for count of faculties and not the manual attendance, otherwise the same shall be treated as violation of MSR Regulations, 1999.	To have provision of continuous monitoring of faculty / residents / students / patients attendance through Regulations: The Oversight Committee observed that the deficiencies of faculty members and nursing/non teaching staff as reported by the Council assessors is almost always challenged by the private sector Medical Colleges through dissent note on the assessment report followed by detailed representation submitted by the affected college. In this regard, the Oversight Committee is of the view that there should be a mechanism for monitoring of the attendance of faculty members, nursing/non teaching staff, students and patients using technology and through appropriate authority of the concerned State Government to insure regular attendance of genuine staff and patients. A mechanism for addressing dissent recorded by the College authorities may be proposed. The Oversight Committee also noted that certain percentage of faculty/infrastructural deficiencies are permitted for private and Government medical colleges, the criteria are deficiencies are permitted for private and Government medical colleges, the criteria are different for private and public sector colleges, without its mention in the Regulations. The Oversight Committee has desired that the same may be regularized by amending Regulations. A mechanism may also be devised to monitor fulfilment of commitments made by the State Government, through an undertaking for seeking approval.	Members of E.C. observed that since last 1-2 years, it has become routine practice by the Dean of private medical colleges to put 1 word "Disagree" in the report, wherever, the deficiencies have been reported by the team of Assessors. They have developed a tendency to keep recording dissents in relation to a number of findings / observations made by the Assessors in the Inspection Reports. It has been experienced by the Council that once the medical college fails in the assessment carried out by the Council they make huge claims in their compliance / representation as well as before the Hon'ble Courts [when factually such claims are not correct]. These claims made by the colleges were also scrutinized by the Central Govt. and the C.B.I., randomly, at the time of supersession of the Council between 2010 & 2013 and on all the occasions the claim of the colleges were found to be incorrect and there was no infirmity found in MCI assessment. Recently one of such false claims was made by RKDF Medical College, Bhopal, before the Hon'ble Supreme Court in W.P. (C) No. 1001/2017, wherein, the Hon'ble Supreme Court as a test case, in order to ascertain the claim of the medical college, regarding its faculty / residents, bed occupancy and other deficiencies challenging the assessment carried out by the MCI. The Hon'ble Supreme Court vide order dated 14.12.2017, decided to appoint a joint team comprising of eminent reputed professors from AIIMS appointed by Director, AIIMS, New Delhi and the senior officer of the CBI to conduct an investigation on the MCI inspection report and the claim made by the medical college regarding its faculty residents, clinical material and bed occupancy. Under the orders of the Hon'ble Supreme Court, the said joint team comprising of senior officer of the CBI and

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
			professors from AIIMS has recently submitted a report to the Hon'ble Supreme Court. Vide its order dated 26.07.2018, the Hon'ble Supreme Court has directed the Registry of the Supreme Court to make available a copy of the said report to the parties to the case including the MCI. This report by the CBI establishes the correctness and validity of the inspection reports given by the team of MC assessors and proves that the dissent / dissatisfaction of the private medical colleges on the deficiencies being pointed out is entirely incorrect and unsustainable. Copy of the CBI / AIIMS Report is annexed, herewith. Similarly, recently on 6th August 2018, the Hon'ble Supreme Court in the case of W.P. (C) No. 818/2018 - M Mahavir Institute of Medical Sciences & Anr Vs. UOI & Ors., where the authorities of the private college had indulged in disputing the observations / findings of the Assessors' Report, the Hon'ble Supreme Court has imposed a cost of Rs.2 Crores on the College Authorities. Such a serious view has been taken by the Hon'ble Supreme Court because the Hon'ble Court has also observed the ever increasing tendency of the private medical colleges to object to / record dissent / disagreement in the report of the Assessors of the MCI, to be neither bonafide nor honest. To effectively curb and discourage such an unwarranted tendency on the part of the private medical colleges, such exemplary cost of Rs.2 Crores has been decided to be imposed by the Hon'ble Supreme Court. Copy of the order passed by the Hon'ble Supreme Court is annexed. The assessments for UG medical course are always carried out for 2 full days. While putting the dissent note, never ever the concerned Dean had given any justification/evidence for disagreement. Later on, as an afterthought, a

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
			communication is sent to MCI trying to justify his dissent which if it is true/ correct, could have been done at time of putting his dissent note. Moreover, the Assessors are independent assessors of the cadre of Professor & above from Govt. colleges only. They are very senior & experienced & always carry out the duty assigned to them with honesty & integrity. There is no reason to doubt the integrity & correctness of the reports. Even Hon'ble Supreme Court in case of Kalinga Institute & M.L. Sharma case had also appreciated the honesty & integrity of assessors of MCI. The Hon'ble Supreme Court in the case of Manoharlal Sharma Vs. UOI & Ors.- (2013) 10 SCC 60 has held as under:- <i>".....27. We are also of the view that such an order is not vitiated by violation of principles of natural justice, especially, when no allegation of bias or mala fide has been attributed against the two doctors who constituted the inspection team, which conducted the surprise inspection on 6-7-2013. When the inspection team consists of two doctors of unquestionable integrity and reputation, who are experts in the field, there is no reason to discard the report of such inspection. In such circumstances, we are of the view that MCI has rightly passed the order rejecting the approval for renewal of permission for the third batch of 150 MBBS students granted for the academic year 2013-2014...."</i> The Hon'ble Supreme Court in the case of Medical Council of India Vs. Kalinga Institute of Medical Sciences – (2016) 11 SCC 530, is pleased to observe as follows: <i>".....</i> <i>"8. Our attention was also drawn to the decision of this Court in Manohar Lal Sharma v. Medical Council of India wherein it was held that since the inspection is taken by</i>

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
			<i>“doctors of unquestionable integrity and reputation, who are experts in the field, there is no reason to discard the report of such an inspection.” In the present appeal, there is no allegation made by KIMS of any mala fides of the Inspection Team or any perversity in the inspection report and hence there is no question of challenging the conclusions of a neutral, randomly selected Inspection Team in its assessment.....”</i> Recently in Civil Appeal No.5805 of 2018 - Medical Council of India Vs. Vedanta Institute of Academic Excellence Pvt. Ltd. and Ors., the Hon'ble Supreme Court vide judgment dated 01.06.2018, held as follows:- <i>“...10.This Court in Kalinga (supra) has held that medical education must be taken very seriously and when an expert body certifies that the facilities in a medical College are inadequate, it is not for the Courts to interfere with the assessment, except for very cogent jurisdictional reasons such as mala fides of the inspection team, ex facie perversity in the inspection, jurisdictional error on the part of the M.C.I., etc.”</i> Another Judgment pronounced by 3 Judges Bench of the Hon'ble Supreme Court in the case of Royal Medical Trust Vs. UOI - (2015) 10 SCC 19 had stated that: <i>.....”1) There would not be an occasion where any suspicion would be permitted to be raised against the Professors [eminent experts in the field of medicine] of the Government Medical Colleges / Institutions who constitute the Assessors' Teams for conducting inspections of medical colleges”.</i> Further, the Assessors' observations in the report are invariably supported by Videography/Photography carried out on day of assessment as tangible

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
			evidence which is fool proof. To cite the example, any deficiency of faculty in view of he or she being absent or reporting late for attendance verification is marked as absent on his /her Declaration Form which is countersigned by the Dean. In case of late arrivals, his reporting time is also mentioned on D.F. Further all the faculty/Residents who are present on day of assessment & have reported in time, attendance verification is done through their signature on attendance sheet. Similarly, in case of deficiency of any equipment, Dean simply writes "Disagree" but does not show any evidence of availability of equipment on day of assessment & it has been observed that later on the equipment's are procured & installed & claimed that they were already having the said equipment which is a clear case of manipulation & cheating. Interestingly the dissent note if it is observed than they are recorded in the assessment report by the Dean of the private colleges. In view of the above, it is difficult for MCI to disagree with the report of Assessors & accept the claim of the Institutes later on as an afterthought communication. However, MCI is open for any suggestion in this regard. With regard to attendance of faculty & Residents, it can be obtained through OFAMOS on day of assessment. However, in cases where OFAMOS is not installed methodology of physical attendance verification & physical verification of faculty/residents on day of assessment in addition to OFAMOS attendance shall have to continue. It is also to be considered that in number of cases the colleges tamper with OFAMOS equipment, in that scenario it will be difficult to ascertain the exact

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
			number. This shall be incorporated in Assessors' Guidelines. Members of the Executive Committee agree with the recommendation of O.C. for amending the Regulations in terms of different parameters for Govt. & private medical colleges. This requires amendment in the Regulations & hence be placed before General Body.
	As per the present practice, the Council considers the request for number of seats as mentioned in the consent of affiliation or in the college application.	Provision to offer less number of MBBS seats than applied number in case the Institution fulfils the requirement of less number of seats: Medical Council of India Establishment of Medical College Regulations, 1999, amendment to have provision of sanction of less number of MBBS seats then applied number of seats based on available facilities in terms of faculty members, infrastructure, clinical material etc. The Oversight Committee has desired the Council to submit of proposal in this regard for amendment of the Regulations.	Members of the Executive Committee decided to constitute a Sub-committee of the following members to work out the modalities for permitting lesser number of seats and submit its report within 1 month: (1) Chairman, Academic Committee; (2) Dr. Anil Chauhan; (3) Dr. Pradeep Bharati.
	As per the present practice, ICCU/ICU/SICU/NICU /PICU/RICU/casualty beds are not counted in bed strength	Utilization of ICCU/ICU/PICU/NICU/RI CU/Super-Speciality Beds/Casualty Bed Available in Govt. & Non-Govt. Medical Colleges for Enhancement of Post-Graduate Medical Seats (PG Board Speciality and Super-speciality seats): ICCU/ICU/SICU/NICU/PI CU/RICU/casualty beds may be counted in bed strength for sanction of PG seats. Likewise, super-specialty beds/units in the specialty departments may be counted toward PG seats in respective specialities wherever corresponding DM/M.Ch. course(s) are not run. A detailed note and justification annexed (Annexure –A). The Oversight Committee	As this recommendation is with reference to sanctioning PG seats, matter be placed before PG Committee.

Clauses	Existing Regulations	Suggestions of the Oversight Committee	Observations of Executive Committee
		has desired that the Councils comments/draft amendment be forwarded to it in four weeks time so that the restrictive clauses contained in existing Regulations may be deleted/amended so that more MBBS/PG seats can be made available without compromising quality of Medical Education.	

In view of above, in case of Pre-PG as well as continuance of recognition assessments of Government colleges where deficiencies have been noted by the Executive Committee at its meetings dated 5.6.2018 and 03.07.2018 and which are more than 8(3)(1)(c) parameters but as per past practice 8(3)(1)(c) was not invoked since they were Govt. Medical Colleges and the compliance has been sought within 30 days, now as per Oversight Committee recommendations vide letter dated 17.07.2018, the Executive Committee decided to invoke 8(3)(1)(c) in the following medical colleges as well:-

1. Bundelkhand Medical College, Sagar, Madhya Pradesh
2. Rajiv Gandhi Institute of Medical Sciences, Ongole
3. Rajiv Gandhi Institute of Medical Sciences, Srikakulam
4. Government Medical College, Ananthapuram, Andhra Pradesh
5. Raichur Institute of Medical Sciences, Raichur
6. Bidar Institute of Medical Science, Bidar
7. Fakhruddin Ali Ahmed Medical College, Barpeta, Assam
8. Rajiv Gandhi Medical College and Chhatrapati Shivaji Maharaj Hospital, Thane
9. MGM Medical College, Jamshedpur.
10. Rajiv Gandhi Institute of Medical Sciences, Adilabad (COR)
11. Belagavi Institute of Medical Sciences, Belagavi(COR)
12. Rajah Muthiah Medical College, Annamalainagar, Tamilnadu (COR)
13. Govt. Medical College, Haldwani (COR)

37. Minutes of meeting of the TEQ Sub-Committee at its meetings held on 27/06/2018.

Read: the matter with regard to minutes of meeting of the TEQ Sub-Committee at its meetings held on 27/06/2018.

The Executive Committee of the Council noted and approved the recommendations of the TEQ Sub-Committee meeting held on 27/06/2018 in respect of item nos. 4,6,7,9,10,12,14,16,18,19,22,23,25,28 & 29.

The Executive Committee further perused the recommendations of the TEQ Sub-Committee meeting held on 27/06/2018 and observed as under:-

Item No.02. Confirmation of eligibility for the post of Associate Professor in the department of General Medicine in respect of Dr. Alvin Treasa George in a medical college in India.

The Executive Committee observed that in the minutes it is recorded that the case was posted on 23/07/2018. The Committee directed the office that the latest status of the case be ascertained from Legal Section.

The Committee further observed that Hon'ble High Court has passed the orders that "... his appointment as Senior Resident was based on a notification issued pursuant to Ext.P2. In Ext. P2, Government has accorded sanction for appointment of Medical/Dental/PG Degree

Holders/Super Speciality Degree Holders as Senior Residents on contract basis in Government Medical Colleges as part of bonded obligation against the "vacancies in the sanctioned post of Lecturers and Assistant Professors". Further, Hon'ble High Court in the order has stated that "When the appointment of the petitioner was against a sanctioned post of Lecturer, there is no reason for reckoning that service towards experience for the purpose of promotion as Associate Professor". This proposition of Hon'ble High Court is not in accordance with prevailing Regulations in as much as the service put in as Senior Resident cannot be equated with Asst. Professor as the service conditions of both the posts are vastly different & Regulations provided for 5 y service as Assistant Professor & not as a combination of two posts. This being factual matrix, it would be necessary to get the order of Hon'ble High Court set aside by filing an Appeal before Appropriate Court.

In view of above, the Executive Committee decided that matter be placed before the Law officer for his opinion in the matter for filing SLP against the order of Hon'ble Kerala High Court and directed the office to act in accordance with the opinion in concurrence with Chairman, TEQ Sub-committee.

Item No.03. Confirmation of eligibility for the post of Assistant Professor in the department of Paediatrics in respect of Dr. Murali Krishna Bhagavatula in a Medical College.

The Executive Committee observed that Dr. Murali B. Krishna does not fulfill second proviso of having 3 years experience as Resident in Paediatrics as he has only 8 month experience as Resident in Paediatrics. All his other appointments are in Paediatric Nephrology, Community Paediatrics, neonatology, etc. which cannot be considered towards experience in Paediatrics. Hence he is not eligible to be appointed as Assistant Professor of Paediatrics. This be communicated to him.

Item No.05. Confirmation of eligibility of Dr. Ram Chandra Das for the post of Professor in the department of Psychiatry.

The Executive Committee approved the recommendations of the TEQ Sub-Committee subject to the condition that the research publications be placed before the PG Section and upon the information provided by PG Section, it be communicated to him without further reference to Executive Committee with concurrence of Chairman, TEQ Sub-committee.

Item No.08. Confirmation of eligibility for the post of HOD in the department of Biochemistry in respect of Dr. Deepa Singh in a medical college in India.

The Executive Committee approved the recommendations of the TEQ Sub-Committee with modification that the said eligibility is only with regard to this Institute and till a candidate with Medical Qualifications is available.

Item No.11. Request for confirmation of the post of Assistant Professor in the department of Pediatrics in respect of Dr. Jayashree Hegde in a Medical College.

The Executive Committee approved the recommendations of the TEQ Sub-Committee with modification that the word "Professor" in the recommendation of TEQ Sub-committee be replaced by "Assistant Professor".

Item No.13. TEQ's prepared by the Academic Committee of the Council for the department of Hepatology.

The Executive Committee approved the recommendations of the TEQ Sub-Committee with modification that during transit period, qualification of M.D. (General Medicine) with 2 years training in Haepatology / Medical Gastroenterology will also be considered as eligible Academic Qualification.

Item No.15. TEQ's prepared by the Academic Committee of the Council for the department of Paediatric Nephrology.

The Executive Committee approved the recommendations of the TEQ Sub-Committee with modification that during Transit Period, qualifications of D.M. (Nephrology) / M.D. (General Medicine) with 2 years training in Paediatric Nephrology will also be considered as eligible Academic Qualification.

Item No.17. Request for confirmation of eligibility for the post of Professor in the department of General Surgery in respect of Dr. Suresh Kalyanasundar in a Medical College.

The Executive Committee approved the recommendations of the TEQ Sub-Committee with the stipulation that eligibility of research publications be verified by the PG Section and decision be taken by Chairman, TEQ Sub-Committee in accordance with the opinion of Chairman, PG Committee.

Item No.20. Confirmation of eligibility of Dr. K. Suresh for the post of Professor in the department of General Medicine.

The Executive Committee approved the recommendations of the TEQ Sub-Committee with the stipulation that eligibility of research publications be verified by the PG Section and decision be taken by the Chairman, TEQ Sub-committee on the basis of the information provided by the PG Section on research publications.

Item No.21. Confirmation of eligibility of Dr. Rajesh Lalchandani for the post of Professor in the department of Orthopedics.

The Executive Committee approved the recommendations of the TEQ Sub-Committee with the stipulation that eligibility of research publications be verified by the PG Section and decision be taken by the Chairman, TEQ Sub-committee on the basis of the information provided by the PG Section on research publications.

Item No.24. Confirmation of eligibility of Dr. Vijay Suri for the post of Professor in the department of Pathology.

The Executive Committee observed that in the minutes it is recorded that his appointment as Associate Professor at Adesh Institute is subject to outcome of writ petition no. CWP-1214-2017 Vijay Suri Vs. Medical Council of India & ANR. However, no further details are provided. The Executive Committee decided to refer back the matter to TEQ Sub-committee with a request to resubmit with all the details of the said W.P. including its latest status, orders passed by Hon'ble High Court, etc.

Item No.26. Confirmation of eligibility of Dr. Rajesh Kumar for the post of Associate Professor in the department of General Surgery.

The Executive Committee approved the recommendations of the TEQ Sub-Committee; further, it is observed by the Executive Committee that Dr. Rajesh Kumar has only 1 research publication against requirement of 4; hence also he cannot be considered eligible for the post of Professor.

Item No.27. Confirmation of eligibility of Dr. Gayatri Koley for the post of Professor in the department of Paediatrics.

The Executive Committee approved the recommendations of the TEQ Sub-Committee with the stipulation that eligibility of research publications be verified by the PG Section and decision be taken by Chairman, TEQ Sub-committee on the basis of the information provided by the PG Section on research publications.

38. Recognition/approval of S.V. Medical College, Tirupati for the award of MBBS degree granted by Dr. N.T.R. University of Health Sciences, Vijayawada against the increased intake i.e. from 150 to 200 seats u/s 11(2) of the IMC Act, 1956- Compliance Verification Assessment - req.

Read: the matter with regard to recognition/approval of S.V. Medical College, Tirupati for the award of MBBS degree granted by Dr. N.T.R. University of Health Sciences, Vijayawada against the increased intake i.e. from 150 to 200 seats u/s 11(2) of the IMC Act, 1956.

The Executive Committee of the Council considered the compliance verification assessment report (12.07.2018) along with previous assessment reports (6th & 7th March, 2018) and noted the following:-

1. Central Library: It is partially air-conditioned.
2. Residents' Hostel: Available accommodation is for 201 against total requirement of 400 for Residents + PG students.
3. Residential Quarters: Only 6 quarters for faculty & 8 quarters for Non-teaching staff are available against requirement of 34 & 37 respectively.
4. Other deficiencies as pointed out in the assessment report.

In view of the above, the Executive Committee of the Council decided to extend an opportunity to S.V. Medical College, Tirupati for submission of compliance for rectification of above deficiencies expeditiously and within the notified time schedule preferably within 01 month. The removal of deficiencies be intimated to the

Council thereby enabling it to undertake the compliance verification assessment for award of MBBS degree granted by Dr. N.T.R. University of Health Sciences, Vijayawada against the increased intake i.e. from 150 to 200 seats u/s 11(2) of the IMC Act, 1956.

39. Compliance Verification Assessment of the physical and the other teaching facilities available for revocation of Show Cause notice issued under Clause8(3)(1)(c) of Establishment of Medical College Regulation at Sikkim Manipal Institute of Medical Sciences, Sikkim under Sikkim Manipal University, Gangtok, Sikkim.

Read: the matter with regard to compliance verification assessment of the physical and the other teaching facilities available for revocation of Show Cause notice issued under Clause8(3)(1)(c) of Establishment of Medical College Regulation at Sikkim Manipal Institute of Medical Sciences, Sikkim under Sikkim Manipal University, Gangtok, Sikkim.

The Executive Committee of the Council considered the compliance verification assessment report (13.07.2018) along with previous assessment report (17th& 18th May, 2017) and a letter dated 13.07.2018 received from the Council's Assessor and noted the following:-

".....The Govt. Hospital as per the papers available is affiliated to the college (for teaching purpose) however it seems like this is only on paper. The reasons why we came to this conclusion are as follows: The Govt. Hospital was closed on the day of assessment. To gather the data regarding the teaching facilities and teaching faculty and residents of the Govt. Hospital, we asked the Dean and the Academic Dean of SMIMS college for the same. Despite repeatedly requesting them to provide the clinical postings/schedule of timetable alongwith the names of the Faculty and Residents of either the Govt. Hospital or their own faculty who are teaching MBBS students in the Govt. Hospital, they failed to do so. They said that they do not have the data or any information pertaining to this when actually as is in other colleges the teaching schedule has to be prepared and finalized by the college authorities and the final compilation has to be done by them. We asked for the back dated data, but even that they were not able to provide. They only had the details regarding the clinical postings/timetable of their own faculty taking the clinical posting classes at their own hospital only. Also faculty or residents of their own hospital were not sent to teach/train the MBBS students at the Govt. Hospital. This we also clarified with few of the students we could interact with that day (Batch of 2015 and 2016). It therefore appears that in the Govt. Hospital, for the MBBS students, there is no teaching program running. Thus, the affiliation with the Govt. Hospital is only on paper as a Govt. Order. Practically in all reality, there is no affiliation and no teaching program being run at the Govt. Hospital.

We also requested them to provide us the list of faculty of Govt. Hospital appointed as examiners for the MBBS exams. They failed to do the same. It thus appears taking all the above into consideration that there is no eligible faculty/resident available as per MCI norms at the Govt. Hospital for the teaching program and there is no teaching/training program for MBBS students at the Govt. Hospital....."

1. Deficiency of faculty is 10.86 % as detailed in the report.
2. Medical Superintendent at CRH Hospital owned by Institute was not available in the morning & reported only at 3 p.m.
3. Shortage of residents is 19.63 % as detailed in the report.
4. Bed Occupancy at CRH owned by the Institute at 10 a.m. on day of assessment was 50.76 %.
5. Female Surgery & Orthopaedics patients are kept in the same wing without any demarcation. Female DVL & Medicine patients are kept in the same ward.
6. Histopathology workload was only 1 & Cytopathology workload was only 2 on day of assessment.
7. OPD: Dressing room is common for males/females.
8. Wards: In CRH Hospital owned by the Institute, majority of wards do not comply with MCI norms. Number of beds available are spread over in different cabins in different wings on different floors. There is common Nursing station for different departments. Pantry in several wards appear to be unused & ill maintained. There is no clear demarcation of which Demonstration room is allocated to which department.

9. O.T.: Orthopaedics O.T. has 2 tables which is not as per norms.
10. RHTC: With regard to visit of ENT specialists, it was observed that OPD cases were seen by Interns & signed at the end by ENT specialist. There was no name & designation of specialists mentioned anywhere I OPD register.
11. UHC: Cold chain is not maintained. Except Immunization, no other National Programme is run. There is no signature of any specialist in OPD register. Students & interns are not posted
12. Other deficiencies as pointed out in the assessment report.

In view of above, the Executive Committee of the Council decided to continue the application of clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II) dated 16th April, 2010 and amended on 18.03.2016 and further decided that the institute be asked to submit the compliance after rectification of the above deficiencies within 01 month.

40. Consideration of compliance verification assessment report with regard to continuance of recognition of MBBS degree (50 seats) granted by Sikkim Manipal University in respect of students being trained at Sikkim Manipal Institute of Medical Sciences, Gangtok.

Read: the matter with regard to consideration of compliance verification assessment report with regard to continuance of recognition of MBBS degree (50 seats) granted by Sikkim Manipal University in respect of students being trained at Sikkim Manipal Institute of Medical Sciences, Gangtok.

The Executive Committee of the Council considered the compliance verification assessment report (13th July, 2018) alongwith previous assessment report (11th & 12th September, 2017) and noted the following:-

1. Deficiency of faculty is 10.86 % as detailed in the report.
2. Medical Superintendent at CRH Hospital owned by Institute was not available in the morning & reported only at 3 p.m.
3. Shortage of Residents is 19.63 % as detailed in the report.
4. Bed Occupancy at CRH owned by the Institute at 10 a.m. on day of assessment was 50.76 %.
5. Female Surgery & Orthopaedics patients are kept in the same wing without any demarcation. Female DVL & Medicine patients are kept in the same ward.
6. Histopathology workload was only 1 & Cytopathology workload was only 2 on day of assessment.
7. O.T.: Orthopaedics O.T. has 2 tables which is not as per norms.
8. OPD: Dressing room is common for males/females.
9. Wards: In CRH Hospital owned by the Institute, majority of wards do not comply with MCI norms. Number of beds available are spread over in different cabins in different wings on different floors. There is common Nursing station for different departments. Pantry in several wards appear to be unused & ill maintained. There is no clear demarcation of which Demonstration room is allocated to which department.
10. RHTC: With regard to visit of ENT specialists, it was observed that OPD cases were seen by Interns & signed at the end by ENT specialist. There was no name & designation of specialists mentioned anywhere I OPD register.
11. UHC: Cold chain is not maintained. Except Immunization, no other National Programme is run. There is no signature of any specialist in OPD register. Students & interns are not posted.
12. STNM Hospital owned by Govt. of Sikkim had a public holiday. OPD was closed. There was NIL major Operation. Data of Minor Operations, Normal Deliveries, Caesarean Sections, Radiological investigations, Laboratory investigations were not provided.
13. Other deficiencies as pointed out in the assessment report.

In view of above, the Executive Committee of the Council decided not to recommend continuance of recognition of MBBS degree granted by Sikkim Manipal University in respect of students being trained at Sikkim Manipal Institute of Medical Sciences, Gangtok.

The Executive Committee of the Council further decided to apply clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and amended on 18.03.2016, which reads as under:-

8(3)(1).....

(c) Colleges which are already recognized for award of MBBS degree and/or running postgraduate courses

If it is observed during any inspection/assessment of the institute that the deficiency of teaching faculty and/or Residents is more than 10% and/or bed occupancy is <70%, compliance of rectification of deficiency from such an institute will not be considered for issue of renewal of permission in that Academic year and further such an institute will not be considered for processing applications for postgraduate courses in that Academic year and will be issued show cause notices as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956 along with direction of stoppage of admissions in permitted postgraduate courses."

In view of above, it was decided not to consider the Institute for processing applications for postgraduate courses in the current Academic year (2019-20) and to issue show cause notice as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956, along with direction of stoppage of admissions in permitted postgraduate courses.

The Executive Committee of the Council also decided to intimate the Postgraduate Section of application of clause 8(3)(1)(c) for this Institute for information and further necessary action.

In view of above, the Executive Committee of the Council decided to grant 01(One) month time to the institute to submit the compliance on rectification of deficiencies to the Council.

41. Approval of the proceedings of the Ethics Committee meetings held on 09th & 10th July, 2018 & 26th & 27th July, 2018.

Read: the matter with regard to approval of the proceedings of the Ethics Committee meetings held on 09th & 10th July, 2018 & 26th & 27th July, 2018.

The Executive Committee of the Council noted and approved the following proceedings of the Ethics Committee meetings held on 09th & 10th July, 2018 & 26th & 27th July, 2018:-

2. केस संख्या 24 फाइल संख्या एमसीआई-211(2)(192)(शिकायत)/2014-नैतिक आचार/

Fake signature by various Medical Teachers at new medical college at Bajehra, Unnao, UP by F.I. Memorial & Welfare Society, Lucknow simultaneously with their private practice during duty hours".

3. Case No. : 34. File No. MCI-211(2)(35)(Appeal)/2014-Ethics/

Appeal dated 04.08.2014 filed by Ms. Nandini Nimesh Suchade, Maharashtra against Dr. Murarilal Nagarmal Saraf, Dr. Borges (Cardiologist), Dr. E. Bharucha (Neurologist), Dr. Parekh (Dermatologist), Dr. Asmita S. Sakhale (Pathology MD), Dr. Anand Gokhani (Endocrinologist), Dr. Kunjal Bhatija (Gynaecologist), Dr. Sujata Meheta (Insetivist) of Medical Research Centre, Bombay Hospital".

The Executive Committee further perused the proceedings of the Ethics Committee meetings held on 09th& 10th July, 2018 & 26th& 27th July, 2018 and observed as under:-

1. केससंख्या: 13फाइलसंख्याएमसीआई-211(2)(सामान्य)/2017-नैतिकआचार/

Submission of fake and forged documents by the college authorities in Starting of M.Ch. (Gynaecological Oncology) Course at Christian Medical College, Vellore, Tamilnadu under the Tamilnadu MGR University of Health Sciences, Chennai u/s 10A of the IMC Act, 1956 for the academic year 2016-17".

The Executive Committee did not approve the proceedings of the Ethics Committee and observed that in the minutes, it is recorded that different experience is shown on 2 occasions. Further the observation that "Demotion can be done by the Institute and not by MCI" is with reference to non-consideration of the faculty in a senior position for which he is not found to be eligible & the Institute requests the Council to consider him in a lower post without actually demoting him. In the Instant case, Institute has not demoted Dr. Adraham Peedicayil; rather it has split the experience shown earlier in one cadre into experience in 2 cadres without demoting him. Further not only the time frame of experience shown is different but even the department is changed.

In view of above, the Executive Committee decided to refer the matter back to Ethics Sub-Committee to take appropriate decision in accordance with Regulations and prevalent practice.

42. Extension of Services of Dr. Srikanta Barik, Consultant (Assessment Cell).

Read: the matter with regard to extension of services of Dr. Srikanta Barik, Consultant (Assessment Cell).

The Executive Committee of the Council considered the matter with regard to extension of services of Dr. Srikanta Barik, Consultant (Assessment Cell) and decided to extend the period of engagement of Dr. Srikanta Barik, Consultant (Assessment Cell) for a further period of 6(Six) months on the existing terms and conditions.

The minutes of the above item were read out, approved and confirmed in the meeting itself.

43. Compliance Verification Assessment of the physical and the other teaching facilities available for 100 MBBS seats (Show Cause) at SVS Medical College, Mahabubnagar under Dr. NTR University of Health Sciences, Vijayawada.

Read: the matter with regard to compliance verification assessment of the physical and the other teaching facilities available for 100 MBBS seats (Show Cause) at SVS Medical College, Mahabubnagar under Dr. NTR University of Health Sciences, Vijayawada.

The Executive Committee of the Council considered the compliance verification assessment report (20.07.2018) along with photographs/videography, previous assessment report (21st& 22nd March, 2018) and a letter dated 21.07.2018 received from the college authorities and noted the following:-

1. Deficiency of faculty is 15.38 % as detailed in the report.
2. Shortage of Residents is 11.2 % as detailed in the report.
3. Data of OPD attendance as provided by the Institute are inflated.
4. Bed Occupancy at 10 a.m. on day of assessment was 72.38 %.
5. In the departments of Medicine, Surgery and ENT, more than 20% of the admitted patients did not merit admission. E.g. in ENT 10 out of 24 patients were admitted for DNS. In Surgery, many patients were admitted for acid peptic disease. In Medicine cases sheets dates and notes date did not match. Case sheets kept in the wards did not match with the patients names when they were asked. Patients are admitted for trivial reasons.
6. There was NIL Normal Delivery on day of assessment.

7. OT registers have inflated figures for which patients are not found in the wards.
8. There was NIL patient in ICCU & NIL patient in SICU on day of assessment.
9. RHTC: Female Hostel is 2.5 km. away from RHTC.
10. Other deficiencies as pointed out in the assessment report.

In view of above, the Executive Committee of the Council decided to continue the application of clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II) dated 16th April, 2010 and amended on 18.03.2016 and further decided to grant 01(One) month time to the institute to submit the compliance on rectification of deficiencies to the Council.

44. Recognition/approval of Rangaraya Medical College, Kakinada for the award of MBBS degree granted by Dr. NTR University of Health Sciences, Vijayawada against the increased intake i.e. from 150 to 200 seats u/s 11(2) of the IMC Act, 1956.

Read: the matter with regard to recognition/approval of Rangaraya Medical College, Kakinada for the award of MBBS degree granted by Dr. NTR University of Health Sciences, Vijayawada against the increased intake i.e. from 150 to 200 seats u/s 11(2) of the IMC Act, 1956.

The Executive Committee of the Council considered the compliance verification assessment report (25.07.2018) along with previous assessment report (5th & 6th March, 2018) and decided to recommend to the Central Government for recognition/approval of Rangaraya Medical College, Kakinada for the award of MBBS degree granted by Dr. NTR University of Health Sciences, Vijayawada against the increased intake i.e. from 150 to 200 seats u/s 11(2) of the IMC Act, 1956.

The Executive Committee further decided that the attention of the institute be drawn to Sections 8(3)(2), 8(3)(3) & 8(3)(4) of the Establishment of Medical Colleges Regulations (Amendment), 2010 (Part II) dated 16th April 2010 and act accordingly at appropriate time, which reads as under:-

8 (3) ...

(2) The recognition so granted to an Undergraduate Course for award of MBBS degree shall be for a maximum period of 5 years, upon which it shall have to be renewed.

(3) The procedure for 'Renewal' of recognition shall be same as applicable for the award of recognition.

(4) Failure to seek timely renewal of recognition as required in sub-clause (a) supra shall invariably result in stoppage of admissions to the concerned Undergraduate Course of MBBS at the said institute.

45. Recognition/approval of Gandhi Medical College, Bhopal for the award of MBBS degree granted by Barkatullah Vishwavidyalaya, Bhopal against the increased intake i.e. from 140 to 150 seats u/s 11(2) of the IMC Act, 1956.

Read: the matter with regard to recognition/approval of Gandhi Medical College, Bhopal for the award of MBBS degree granted by Barkatullah Vishwavidyalaya, Bhopal against the increased intake i.e. from 140 to 150 seats u/s 11(2) of the IMC Act, 1956.

The Executive Committee of the Council considered the compliance verification assessment report (23.07.2018) along with previous assessment reports (14th & 15th March, 2018) and decided to recommend to the Central Government for recognition/approval of Gandhi Medical College, Bhopal for the award of MBBS degree granted by Barkatullah Vishwavidyalaya, Bhopal against the increased intake i.e. from 140 to 150 seats u/s 11(2) of the IMC Act, 1956.

The Executive Committee further decided that the attention of the institute be drawn to Sections 8(3)(2), 8(3)(3) & 8(3)(4) of the Establishment of Medical Colleges Regulations (Amendment), 2010 (Part II) dated 16th April 2010 and act accordingly at appropriate time, which reads as under:-

8 (3) ...

(2) The recognition so granted to an Undergraduate Course for award of MBBS degree shall be for a maximum period of 5 years, upon which it shall have to be renewed.

(3) The procedure for 'Renewal' of recognition shall be same as applicable for the award of recognition.

(4) Failure to seek timely renewal of recognition as required in sub-clause (a) supra shall invariably result in stoppage of admissions to the concerned Undergraduate Course of MBBS at the said institute.

46. Recognition/approval of Vijayanagar Institute of Medical Sciences, Bellary, Karnataka for the award of MBBS degree granted by Rajiv Gandhi University of Health Sciences, Karnataka against the increased intake i.e. from 100 to 150 seats u/s 11(2) of the IMC Act, 1956.

Read: the matter with regard to recognition/approval of Vijayanagar Institute of Medical Sciences, Bellary, Karnataka for the award of MBBS degree granted by Rajiv Gandhi University of Health Sciences, Karnataka against the increased intake i.e. from 100 to 150 seats u/s 11(2) of the IMC Act, 1956.

The Executive Committee of the Council considered the compliance verification assessment report (25.07.2018) along with previous assessment reports (16.04.2018, 19th & 20th February, 2018) and noted the following:-

1. Shortage of Residents is 12.5 % as detailed in the report.
2. Bed Occupancy at 10 a.m. on day of assessment is 60 %.
3. Deficiency of 3 Mobile & 3 Static X-ray machines still exists.
4. Other deficiencies as pointed out in the assessment report.

The Executive Committee also took into consideration letter dated 17.07.2018 received from Secretary, Oversight Committee stating therein that the Oversight Committee discussed some of the provisions of the Regulations in its tenth minutes held on 05.07.2018 wherein the Oversight Committee felt that once, one of these three clauses is applied by the Council, the compliance of rectification submitted by the applicant college is NOT considered by the Council for consideration of application for opening of new medical college/renewal of permission to admit fresh batch. The Oversight Committee also observed that this clause is applied only on private medical college without any mention of exemption for Government medical colleges in the Regulations.

The Executive Committee of the Council further decided to apply clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and amended on 18.03.2016, which reads as under:-

8(3)(1).....

(c) Colleges which are already recognized for award of MBBS degree and/or running postgraduate courses

If it is observed during any inspection/assessment of the institute that the deficiency of teaching faculty and/or Residents is more than 10% and/or bed occupancy is <70%, compliance of rectification of deficiency from such an institute will not be considered for issue of renewal of permission in that Academic year and further such an institute will not be considered for processing applications for postgraduate courses in that Academic year and will be issued show cause notices as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s

11(2) of the IMC Act,1956 along with direction of stoppage of admissions in permitted postgraduate courses.”

In view of above, it was decided not to consider the Institute for processing applications for postgraduate courses in the current Academic year (2019-20) and to issue show cause notice as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act,1956, along with direction of stoppage of admissions in permitted postgraduate courses.

The Executive Committee of the Council further decided to intimate the Postgraduate Section of application of clause 8(3)(1)(c) for this Institute for information and further necessary action.

In view of above, the Executive Committee of the Council decided to grant 01(One) month time to the institute to submit the compliance on rectification of deficiencies to the Council.

47. Recognition/approval of Patna Medical College, Patna for the award of MBBS degree granted by Aryabhatta Knowledge University, Patna against the increased intake i.e. from 100 to 150 seats u/s 11(2) of the IMC Act, 1956.

Read: the matter with regard to recognition/approval of Patna Medical College, Patna for the award of MBBS degree granted by Aryabhatta Knowledge University, Patna against the increased intake i.e. from 100 to 150 seats u/s 11(2) of the IMC Act, 1956.

The Executive Committee of the Council considered the compliance verification assessment report (27.07.2018) along with previous assessment reports (20.04.2018, 19th & 20th February, 2018) and decided to recommend to the Central Government for recognition/approval of Patna Medical College, Patna for the award of MBBS degree granted by Aryabhatta Knowledge University, Patna against the increased intake i.e. from 100 to 150 seats u/s 11(2) of the IMC Act, 1956.

The Executive Committee further decided that the attention of the institute be drawn to Sections 8(3)(2), 8(3)(3) & 8(3)(4) of the Establishment of Medical Colleges Regulations (Amendment), 2010 (Part II) dated 16th April 2010 and act accordingly at appropriate time, which reads as under:-

8 (3) ...

(2) The recognition so granted to an Undergraduate Course for award of MBBS degree shall be for a maximum period of 5 years, upon which it shall have to be renewed.

(3) The procedure for 'Renewal' of recognition shall be same as applicable for the award of recognition.

(4) Failure to seek timely renewal of recognition as required in sub-clause (a) supra shall invariably result in stoppage of admissions to the concerned Undergraduate Course of MBBS at the said institute.

48. Prathima Institute of Medical Sciences, Karimnagar – Renewal of Permission for admission of 5th Batch of MBBS students against the increased intake i.e. from 150-200 for the academic session 2019-20.

The Executive Committee of the Council considered the assessment report (24th and 25th July, 2018) and decided to recommend to the Central Govt .to renew the permission for admission of 3rd Batch of MBBS students against the increased intake i.e .from 100-150 at Hassan Institute of Medical Sciences, Hassan under Rajiv Gandhi University of Health Sciences, Bangalore u/s 10 A of the IMC Act, 1956 for the academic session 2019-20.

50. Belagavi Institute of Medical Sciences, Belagavi – Renewal of Permission for admission of 3rd Batch of MBBS students against the increased intake i.e. from 100-150 for the academic session 2019-20.

Read: the matter with regard to Belagavi Institute of Medical Sciences, Belagavi – Renewal of Permission for admission of 3rd Batch of MBBS students against the increased intake i.e. from 100-150 for the academic session 2019-20.

The Executive Committee of the Council considered the assessment report (23rd and 24th July, 2018) and noted the following:-

1. Shortage of Residents is 12.5 % as detailed in the report.
2. OPD: Registration counters for males/females are not separate. Waiting area is not available. Demonstration room is not available in General Surgery, Orthopaedics OPD. Dressing room for males/females is common.
3. Audiometry / Speech therapy are not available.
4. Wards: Male & Female Ophthalmology patients are kept in the same ward.
5. Casualty: Separate Casualty for O.G. is not available.
6. O.T.: In General Surgery, Orthopaedics, ENT O.T.s, two tables are kept in the same room which is not as per norms.
7. MRD: it is partially computerized. ICD X classification of Diseases is followed partially.
8. Lecture Theater: Hospital lecture Theater of Gallery type is under construction.
9. Central Library: It is partially air-conditioned.
10. RHTC: Display boards for various programmes, Specialists' visits, etc. are not available.
11. Other deficiencies as pointed out in the assessment report.

The Executive Committee also took into consideration letter dated 17.07.2018 received from Secretary, Oversight Committee stating therein that the Oversight Committee discussed some of the provisions of the Regulations in its tenth minutes held on 05.07.2018 wherein the Oversight Committee felt that once, one of these three clauses is applied by the Council, the compliance of rectification submitted by the applicant college is NOT considered by the Council for consideration of application for opening of new medical college/renewal of permission to admit fresh batch. The Oversight Committee also observed that this clause is applied only on private medical college without any mention of exemption for Government medical colleges in the Regulations.

The Executive Committee noted that even for 100 seats, the medical college has 11.3% faculty and 12.9% Residents deficiency.

In view of above, the Executive Committee of the Council decided to apply clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and amended on 18.03.2016, which reads as under:-

8(3)(1).....

(c) Colleges which are already recognized for award of MBBS degree and/or running postgraduate courses

If it is observed during any inspection/assessment of the institute that the deficiency of teaching faculty and/or Residents is more than 10% and/or bed occupancy is <70%, compliance of rectification of deficiency from such an institute will not be considered for issue of renewal of permission in that Academic year and further such an institute will not be considered for processing applications for postgraduate courses in that Academic year and will be issued show cause notices as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956 along with direction of stoppage of admissions in permitted postgraduate courses."

In view of above, it was decided not to consider the Institute for processing applications for postgraduate courses in the current Academic year (2019-20) and to issue show cause notice as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956, along with direction of stoppage of admissions in permitted postgraduate courses.

The Executive Committee of the Council also decided to intimate the Postgraduate Section of application of clause 8(3)(1)(c) for this Institute for information and further necessary action.

The Executive Committee of the Council further decided to grant 01(One) month time to the institute to submit the compliance on rectification of deficiencies to the Council.

51. Raichur Institute of Medical Sciences, Raichur – Renewal of Permission for admission of 3rd Batch of MBBS students against the increased intake i.e. from 100-150 for the academic session 2019-20.

Read: the matter with regard to Raichur Institute of Medical Sciences, Raichur – Renewal of Permission for admission of 3rd Batch of MBBS students against the increased intake i.e. from 100-150 for the academic session 2019-20.

The Executive Committee of the Council considered the assessment report (24th and 25th July, 2018) and noted the following:-

1. Deficiency of faculty is 10.16 % as detailed in the report.
2. Shortage of Residents is 25.80 % as detailed in the report.
3. OPD attendance upto 2 p.m. on day of assessment was 904 against requirement of 1,000.
4. Bed Occupancy at 10 a.m. on day of assessment was 69.67 %.
5. Wards: Distance between 2 beds is < 1 m in some wards. Demonstration room is not furnished in some wards.
6. Casualty: Crash Cart is not available.

7. Radiodiagnosis department: 3 Mobile X-ray machines are available against requirement of 4. 2 Static X-ray machines are available against requirement of 5.
8. CSSD: It is non-functional. ETO Sterilizer is not available. Receiving & Distribution points are not separate.
9. Examination Halls: Capacity of available 2 Examination Halls is 165 each against requirement of 250 each.
10. Lecture Theaters: Capacity of 3 Lecture Theaters is 165 each against requirement of 180 each. Hospital lecture theater is not fully furnished.
11. Central Library: Available area is 1,600 sq.m. against requirement of 1,800 sq.m.
12. Interns' Hostel: It is under construction.
13. Residents' Hostel: It is under construction.
14. Other deficiencies as pointed out in the assessment report.

The Executive Committee also took into consideration letter dated 17.07.2018 received from Secretary, Oversight Committee stating therein that the Oversight Committee discussed some of the provisions of the Regulations in its tenth minutes held on 05.07.2018 wherein the Oversight Committee felt that once, one of these three clauses is applied by the Council, the compliance of rectification submitted by the applicant college is NOT considered by the Council for consideration of application for opening of new medical college/renewal of permission to admit fresh batch. The Oversight Committee also observed that this clause is applied only on private medical college without any mention of exemption for Government medical colleges in the Regulations.

The Executive Committee noted that even for 100 seats, the medical college has 10.16% faculty and 25.8% Residents deficiency.

In view of above, the Executive Committee of the Council decided to apply clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and amended on 18.03.2016, which reads as under:-

8(3)(1).....

(c) Colleges which are already recognized for award of MBBS degree and/or running postgraduate courses

If it is observed during any inspection/assessment of the institute that the deficiency of teaching faculty and/or Residents is more than 10% and/or bed occupancy is <70%, compliance of rectification of deficiency from such an institute will not be considered for issue of renewal of permission in that Academic year and further such an institute will not be considered for processing applications for postgraduate courses in that Academic year and will be issued show cause notices as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956 along with direction of stoppage of admissions in permitted postgraduate courses."

In view of above, it was decided not to consider the Institute for processing applications for postgraduate courses in the current Academic year (2019-20) and to issue show cause notice as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956, along with direction of stoppage of admissions in permitted postgraduate courses.

The Executive Committee of the Council also decided to intimate the Postgraduate Section of application of clause 8(3)(1)(c) for this Institute for information and further necessary action.

The Executive Committee of the Council further decided to grant 01(One) month time to the institute to submit the compliance on rectification of deficiencies to the Council.

52. Bidar Institute of Medical Sciences, Bidar – Renewal of Permission for admission of 3rd Batch of MBBS students against the increased intake i.e. from 100-150 for the academic session 2019-20.

Read: the matter with regard to continuance of recognition of MBBS degree granted by Santosh University, Ghaziabad in respect of students being trained Santosh Medical College, Ghaziabad.

The Executive Committee of the Council considered the compliance verification assessment report (24th & 25th July, 2018) along with Photographs/Videography, previous assessment reports (21st March, 2018, 27th November, 2017, 21st July, 2017, 20th February, 2017, 11th November 2016, 18th May 2016, 16th Dec., 2015, 9th March, 2015 & 15th & 16th Sept., 2014) and noted the following:-

1. Deficiency of faculty is 5.51 % as detailed in the report.
2. CT Scan is not available.
3. Histopathology workload was only 6 on day of assessment.
4. Other deficiencies as pointed out in the assessment report.

In view of above, the Executive Committee decided to revoke clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and amended on 18.03.2016

The members of the executive committee further decided to extend an opportunity to Santosh Medical College, Ghaziabad for submission of compliance for rectification of above deficiencies within 01 month. The removal of deficiencies be intimated to the Council thereby enabling it to undertake the compliance verification assessment for recommending continuance of recognition of MBBS degree granted by Santosh University, Ghaziabad.

57. DR-TB Centre for treatment of TB patient as per RNTCP Guidelines in all medical college– req.

Read: the matter with regard to DR-TB Centre for treatment of TB patient as per RNTCP Guidelines in all medical college.

The Executive Committee of the Council on perusal of the matter decided to place the same before the Academic Sub-committee.

58. Minutes of the Academic Committee meeting held on 02nd August, 2018.

Read: the matter with regard to minutes of the Academic Committee meeting held on 02nd August, 2018.

The Executive Committee of the Council perused the minutes of the Academic Committee meeting held on 02nd August, 2018 and observed as under:-

Item No.4. Consideration of the Report of the Committee meeting held on 30th Oct. 2017 and 11.4.2018 regarding the letter received from Shri Arun Singhal, Joint Secretary in the MoHFW, New Delhi on the draft of Dental Council of India Regulations on Post Bachelor of Dental Surgery-Medicine, Bridge Course 2016.

The Executive Committee deliberated upon the report on Dental Council of India Regulations on Post Bachelor of Dental Surgery-Medicine, Bridge Course 2016 and noted that the said document brings out following facets-

1. The post BDS medical course would be of 3 years duration.
2. The period of study of 3 years will be divided into 6 semesters of 6 months each.
3. The syllabus, curriculum, scheme of examination, method of evaluation, mode of awarding degree and their registration with the registering regulatory council would be same as is in vogue for the MBBS degree holders notified by the Medical Council of India.
4. The BDS graduates recognized by the Dental Council of India only will be eligible for the proposed Bridge course.
5. Admission will be either through common entrance test or through cumulative marks gained by the examinee at the BDS examinations conducted by the affiliating and examining university.
6. Only 10% of admissions will be allowed to start a Bridge course which can be increased to a maximum 25% of BDS intake capacity (after the Bridge course is recognized by the Dental Council of India)
7. The syllabus for the MBBS course as included in the Graduate Medical Education Regulations, 1997 notified by the Medical Council of India for a duration of 4½ years (9 semesters) has been condensed to be completed in a period of 3 years (6 semesters).
8. Upon successful completion of Bridge course there shall be a rotating internship of one year duration as is contemplated under the Graduate Medical Education Regulations, 1997 notified by the Medical Council of India.

Taking stock of the salient features as have been contemplated in the proposed draft Regulations pertaining to the Bridge course for BDS students, it is seen that the proposed curriculum has been condensed and is in its traditional mode. This needs to be viewed in the context of the material fact that the Medical Council of India has evolved an integrated competency based curriculum course which is to be made applicable for the said course prospectively through an appropriate notification of the required amendment to the Graduate Medical Education Regulations vide provisions included at Section 33 of the Indian Medical Council Act, 1956.

The statutory stipulations mandate that only a recognized undergraduate medical qualification (MBBS) by the Medical Council of India in terms of its authority vested under section 11(2) of the IMC Act, 1956 can be included in the appropriate schedule (in the instant case Schedule I) appended to the IMC Act. The entry of the said qualification is against the name of the examining university with reference to the concerned affiliated medical college thereto.

The recognition entail to a medical college affiliated to an examining university in terms of section 11(2) of the IMC Act, 1956 in terms of the statutory provisions is for a period of 5 years which is required to be renewed thereafter.

The holders of the recognized medical qualifications (MBBS) included in the appropriate Schedule appended schedule are eligible with concerned State Medical Councils for the purposes of inclusion of their name in concerned State Medical Register where after they are entitled for the conferment of privileges of modern medicine and are placed under disciplinary jurisdiction vide Code of Medical Ethics -2002 notified by the Medical Council of India with reference to adherence to ethical medical practice based on the principles of beneficence and non-maleficence. Any breach thereof is open for trial by the Registering Council with Medical Council of India as an appellate authority thereto.

These statutory stipulations are quoted for the purposes of bringing before that it does not provide for any inclusion of an equivalence degree by a Bridge course for inclusion in the appropriate schedule and eligibility for registration thereto in the State Medical Register maintained by concerned State medical Council and incorporation thereto in the Indian Medical Register maintained by Medical Council of India.

The Committee also takes note of the fact that the Medical Council of India has ventilated its concern in regard to the proposed Bridge course in the National Medical Commission Bill 2017 by the Govt. of India for the purposes of entitling the Ayush Graduates to practice modern medicine competencies to a certain extent. The said opposing observations by the Medical Council of India in terms of their deposition before the Niti Aayog and the Standing Parliamentary Committee on Health & FW.

As such the very principles on the basis of which the Medical Council of India has taken a position of opposing the Bridge course stipulated in the NMC Bill 2017 are equally applicable to the proposed Bridge course for BDS graduates. In tune with the said set out principled stand of the Medical Council of India based on rationalistic consideration and present statutory stipulations the Committee is of the considered opinion that the proposition as has been made out in the proposed Dental Council of India Regulation on post BDS Medical Bridge course, 2016, should not be acceded to in any manner as the proposition apart from being inconsistent with the statutory stipulations in vogue is self-defeating and also amounts to dilution of the desired standards and generating something which can be colloquially called as "Mixopathy" which would be prejudicial to the legitimate interest of all the stake holders and would generate compromised trained health man power which would be half baked and detrimental to an effective health care delivery system. Acceptance of the same would be at the cost of the peril of effective and meaningful health care delivery system. Hence, the recommendations of a strong negation and non-affirmation

In view of the above, the Executive Committee approved the report with the following additions:

Although the curriculum prescribed by MCI comprising of 9 semesters has been condensed into 6 semesters, MCI has not been consulted for the same. This is highly irregular and impermissible as the MCI is the Statutory Authority vested with powers of fixing the curriculum, syllabus, etc. of the Medical courses.

It was observed that it is not specified where such training will be imparted – whether in Dental College or in Medical college. It is clear that Dental colleges do not have adequate faculty, infrastructure, etc. for imparting medical education as would be required for such a bridge course. If it is to be imparted in a Medical College, this would result in increase of intake for which the procedure prescribed u/s 10 A would have to be followed. It is observed that the proposed draft is silent on this aspect. Further as the increased intake will be an annual recurrent feature, it cannot be permitted without following due procedure u/s 10 A of IMC Act.

It is further observed that point no. 2 & 3 are contradictory to one another.

Point No. 2 reads as under:

"The period of study of 3 years will be divided into 6 semesters of 6 months each."

Point No. 3 reads as under:

"The syllabus, curriculum, scheme of examination, method of evaluation, mode of awarding degree and their registration with the registering regulatory council would be same as is in vogue for the MBBS degree holders notified by the Medical Council of India."

It is not clear as to how syllabus, curriculum can be same as for MBBS degree when the period of study is curtailed from 4½ years to 3 years.

Further no mention is made of how such candidates will be registered & under what schedule of IMC Act.

59. To consider guidelines for additional visit for faculty enrolment' under DMMP-1 project.

Read: the matter with regard to consider guidelines for additional visit for faculty enrolment' under DMMP-1project.

The Executive Committee of the Council after due deliberations decided to reiterate its earlier decision taken at its meeting held on 06.02.2018, approved the recommendations of A&GC with the stipulations that the aforesaid expenditure be recovered from concerned Medical Colleges.SI informed the sub Committee about the changed guidelines of UIDAI for the Aadhar authentication under which the Parent Organization/Ministry can only have the AUA License for Aadhar Authentication. Due to the latest guidelines of UIDAI, SI not able to authenticate the Aadhar at the time of faculties enrollment. SI further informed that in this case, Ministry of Health & Family Welfare have the AUA License credentials and they should be approached, to co-operate with the same. SI requested the A&GC to pursue the said matter with Ministry of Health & Family Welfare and provide the necessary support.

60. To consider hiring of services on M/S Balmer Lawrie & Co. for travel arrangement.

Read: the matter with regard to consider hiring of services on M/S Balmer Lawrie & Co. for travel arrangement.

The Executive Committee of the Council after due deliberations observed that at its earlier meeting it had decided that the details of phasewise shifting of travel services from existing travel agent to M/s. Balmer Lawrie & Co. be worked out by the section. On perusal of the agenda note, it is observed that nowhere in the agenda note the details of phasewise shifting has been brought out. Therefore, the Executive Committee of the Council decided to defer the consideration of the matter in the absence of the details of phasewise shifting.

61. Re-constitution of Sub-Committee.

Read: the matter with regard tore-constitution of Sub-Committee.

The Executive Committee of the Council decided to reconstitute the Sub-Committees as under:-

PG Monitoring Sub-Committee

1.	Dr. Bhanu Prakash Dubey
2.	Dr. Mahendrasinh Dolatsinh Chauhan
3.	Dr. Radha Madhav Tripathi

Registration & Equivalence Sub-Committee

1.	Dr. Pradeep Bharti (Chairman)
2.	Dr. Sahajanand Prasad Singh
3.	Dr. Ritu Nath Deokota
4.	Dr. S.P. Yadav
5.	Dr. Praveenlal Kuttichira
6.	Dr. Rajendra Mohanlal Shah
7.	Dr. P A Fazal Ghafoor
8.	Dr. Rakesh Prasad Srivastava
9.	Dr. Piaray Lal Kariholu

62. Reallocation of students admitted in Advance Medical College, Bhopal and Modern Medical College Indore for the session 2016-17, due to cancellation of D & F Certificate.

Read: the matter with regard to reallocation of students admitted in Advance Medical College, Bhopal and Modern Medical College Indore for the session 2016-17, due to cancellation of D & F Certificate.

The Executive Committee of the Council after due deliberations at length observed as under:

1. The proposal is silent on the matter of revocation of Bank Guarantees. MCI should be authorized to invoke these Bank Guarantees.
2. The proposal entails transfer to private colleges which would result in increase of intake. Instead it is suggested that the students should be transferred to Govt. colleges & they should pay fees as per the fee structure of the college where they were admitted. This will help Govt. colleges in augmenting their revenue & onetime increase in intake can be absorbed due to abundance of clinical material which is the mainstay of medical education.

In view of above, the Executive Committee decided to refer the matter back to the State Government with a request to re-examine as per observations above and resubmit the proposal for necessary action.

63. Pre-PG Assessment – Compliance verification assessment of the physical and other teaching facilities available for starting of PG course at Chhattisgarh Institute of Medical Sciences, Bilaspur under Ayush and Health Sciences University, Raipur (Previously under Guru Ghasidas University).

Read: the matter with regard to Pre-PG Assessment – Compliance verification assessment of the physical and other teaching facilities available for starting of PG course at Chhattisgarh Institute of Medical Sciences, Bilaspur under Ayush and Health Sciences University, Raipur (Previously under Guru Ghasidas University).

The Executive Committee of the Council considered the compliance verification assessment (31st July, 2018) along with previous report (8th February, 2018, 4th May, 2017, 16th December, 2016 and 8th & 9th June, 2016) and noted the following:-

1. Deficiency of faculty is 19.81 % as detailed in the report.
2. Shortage of residents is 30.64 % as detailed in the report.
3. Bed occupancy at 10 a.m. on day of assessment is 71.06 %.
4. CT Scan is not available.
5. Histopathology workload is only 5 & Cytopathology workload is only 6 on day of assessment.
6. Other deficiencies as pointed out in the assessment report.

The Executive Committee also took into consideration letter dated 17.07.2018 received from Secretary, Oversight Committee stating therein that the Oversight Committee discussed some of the provisions of the Regulations in its tenth minutes held on 05.07.2018 wherein the Oversight Committee felt that once, one of these three clauses is applied by the Council, the compliance of rectification submitted by the applicant college is NOT considered by the Council for consideration of application for opening of new medical college/renewal of permission to admit fresh batch. The Oversight Committee also observed that this clause is applied only on private medical college without any mention of exemption for Government medical colleges in the Regulations.

The Executive Committee of the Council further decided to apply clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and amended on 18.03.2016, which reads as under:-

8(3)(1).....

(c) Colleges which are already recognized for award of MBBS degree and/or running postgraduate courses

If it is observed during any inspection/assessment of the institute that the deficiency of teaching faculty and/or Residents is more than 10% and/or bed occupancy is <70%, compliance of rectification of deficiency from such an institute will not be considered for issue of renewal of permission in that Academic year and further such an institute will not be considered for processing applications for postgraduate courses in that Academic year and will be issued show cause notices as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act,1956 along with direction of stoppage of admissions in permitted postgraduate courses."

In view of above, it was decided not to consider the Institute for processing applications for postgraduate courses in the current Academic year (2019-20) and to issue show cause notice as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for undergraduate and postgraduate courses which are recognized u/s 11(2) of the IMC Act,1956, along with direction of stoppage of admissions in permitted postgraduate courses.

The Executive Committee of the Council further decided to intimate the Postgraduate Section of application of clause 8(3)(1)(c) for this Institute for information and further necessary action.

In view of above, the Executive Committee of the Council decided to grant 01(One) month time to the institute to submit the compliance on rectification of deficiencies to the Council.

64. Continuance of recognition of MBBS degree granted by Srimanta Shankardeva University of Health Sciences in respect of students being trained at Silchar Medical College & Hospital, Silchar.

Read: the matter with regard to continuance of recognition of MBBS degree granted by Srimanta Shankardeva University of Health Sciences in respect of students being trained at Silchar Medical College & Hospital, Silchar.

The Executive Committee of the Council considered the assessment report (20th&21stJuly, 2018) and decided to recommend that recognition of MBBS degree granted by Srimanta Shankardeva University of Health Sciences in respect of students being trained at Silchar Medical College & Hospital, Silchar be continued restricting the number of admission to 100(One Hundred) students.

The Executive Committee further decided that the attention of the institute be drawn to Sections 8(3)(2), 8(3)(3) & 8(3)(4) of the Establishment of Medical Colleges Regulations (Amendment), 2010 (Part II) dated 16th April,2010 and act accordingly at appropriate time, which reads as under:-

8 (3) ...

- (2) The recognition so granted to an Undergraduate Course for award of degree shall be for a maximum period of 5 years, upon which it shall have to be renewed.
- (3) The procedure for 'Renewal' of recognition shall be same as applicable for the award of recognition.
- (4) Failure to seek timely renewal of recognition as required in sub clause (a) supra shall invariably result in stoppage of admissions to the concerned Undergraduate Course of MBBS at the said institute.

65. Mandya Institute of Medical Sciences, Mandya– Renewal of Permission for admission of 3rd Batch of MBBS students against the increased intake i.e. from 100-150 for the academic session 2019-20.

Read:the matter with regard to Mandya Institute of Medical Sciences, Mandya – Renewal of Permission for admission of 3rd Batch of MBBS students against the increased intake i.e. from 100-150 for the academic session 2019-20.

The Executive Committee of the Council considered the assessment report (25th and 26th July, 2018) and noted the following:-

1. Deficiency of faculty is 13.38 % as detailed in the report.
2. Teaching Beds: They are inadequate as under:

#	Department	Teaching Beds		
		Required	Available	Deficit
1	Tb & Chest	16	05	11
2	Psychiatry	13	06	07
3	General Surgery	138	93	45
	TOTAL			63

3. OPD: Child Welfare clinic & Child rehabilitation clinic are not available in Paediatrics OPD.
4. Wards: They are congested. Pantry, Duty room are not available.
5. MRD: It is manual.
6. Examination Hall: Chairs are inadequate in 2nd Examination Hall.
7. Lecture Theater: Hospital Lecture theater is not available.
8. Central Library: It is not air-conditioned. Wi-Fi facility is not available. Register of Journals is not maintained.
9. Demonstration rooms: Audiovisual aids are not available in Demonstration rooms of several departments.
10. Pathology department: Only 1 service laboratory is available against requirement of 4.
11. Microbiology department: 6 service laboratories are available against requirement of 7.
12. RHTC: Residential accommodation is not available.
13. UHC: Specialists' visits are not organized.
14. Common Room for Girls is not available.
15. Other deficiencies as pointed out in the assessment report.

The Executive Committee also took into consideration letter dated 17.07.2018 received from Secretary, Oversight Committee stating therein that the Oversight Committee discussed some of the provisions of the Regulations in its tenth minutes held on 05.07.2018 wherein the Oversight Committee felt that once, one of these three clauses is applied by the Council, the compliance of rectification submitted by the applicant college is NOT considered by the Council for consideration of application for opening of new medical college/renewal of permission to admit fresh batch. The Oversight Committee also observed that this clause is applied only on private medical college without any mention of exemption for Government medical colleges in the Regulations.

The Executive Committee noted that for 100 admissions, the deficiency of faculty is 9.24% and deficiency of Residents is 8.06%. Hence clause 8(3)(1)(c) of Establishment of Medical College Regulation (Amendment), 2010 (Part II), dated 16th April, 2010 and amended on 18.03.2016 is not invoked.

In view of the above, the Executive Committee of the Council decided to grant an opportunity to Mandya Institute of Medical Sciences, Mandya for submission of compliance for rectification of above deficiencies expeditiously and within the notified time schedule preferably within 01 month. The removal of deficiencies be intimated

to the Council thereby enabling it to undertake the compliance verification assessment for renewal of permission for admission of 3rd Batch of MBBS students against the increased intake i.e. from 100-150 for the academic session 2019-20.

66. Karnataka Institute of Medical Sciences, Hubli – Renewal of Permission for admission of 3rd Batch of MBBS students against the increased intake i.e. from 150-200 for the academic session 2019-20.

Read: the matter with regard to Karnataka Institute of Medical Sciences, Hubli – Renewal of Permission for admission of 3rd Batch of MBBS students against the increased intake i.e. from 150-200 for the academic session 2019-20.

The Executive Committee of the Council considered the assessment report (25th and 26th July, 2018) and noted the following:-

1. Nursing staff: 437 Nursing staff are available against requirement of 448.
2. 4 Static X-ray machines are available against requirement of 6.
3. Lecture Theaters: Hospital Lecture Theater is yet to be furnished. It is not of Gallery type.
4. Examination Halls: 2 Examination Halls of capacity 250 each are available against requirement of 3 of 250 each.
5. Anatomy department: 100 Students' Lockers are available against requirement of 200.
6. Website: Information uploaded is sketchy as detailed in the report.
7. Other deficiencies as pointed out in the assessment report.

In view of the above, the Executive Committee of the Council decided to grant an opportunity to Karnataka Institute of Medical Sciences, Hubli for submission of compliance for rectification of above deficiencies expeditiously and within the notified time schedule preferably within 01 month. The removal of deficiencies be intimated to the Council thereby enabling it to undertake the compliance verification assessment for renewal of permission for admission of 3rd Batch of MBBS students against the increased intake i.e. from 150-200 for the academic session 2019-20.

67. Dayanand Medical College & Hospital, Ludhiana – Renewal of Permission for admission of 4th Batch of MBBS students against the increased intake i.e. from 70-100 for the academic session 2019-20.

The Executive Committee of the Council noted and approved the recommendations of the Administration and Grievance Committee meeting held on 04/08/2018 in respect of the following items:-

8. Complaint of ragging received from Agartala Govt. Medical College, Agartala– Report submitted by Dr. Sinam Rajendra Singh regarding.

The Executive Committee of the Council on perusal of the following recommendations of the Administration and Grievance Committee meeting held on 04/08/2018 observed as under:-

Any other Item, 4. Special Note regarding Anti Ragging

After due deliberations, Executive Committee decided that the present system will continue.

5. **Complaint of ragging received from Thoothukudi Government Medical College, Thoothukudi – comments regarding.**

The Executive Committee of the Council decided to nominate Dr. Raveendran Radhakrishnan to visit the Institute and submit a report.

6. **Complaint of ragging received from Dr. Rajendra Prasad Govt. Medical College, Tanda, Kangra – comments regarding.**

The Executive Committee of the Council decided to nominate Dr. Rajiv Sood, member of the Council to visit the Institute and submit a report.

7. **Complaint of ragging received from Integral Institute of Medical Sciences & Research, Lucknow – comments regarding.**

The Executive Committee of the Council decided nominate Dr. K K Gupta, DME, UP to visit the Institute and submit a report.

9. **Complaint of ragging received from Assam Medical College, Dibrugarh – comments regarding.**

The Executive Committee of the Council decided nominate Dr. D J Bora, member of the Council to visit the Institute and submit a report.

10. **Complaint of ragging received from Pt. Jawahar Lal Nehru Medical College, Raipur – comments regarding.**

The Executive Committee of the Council decided that as the Council Office has mentioned that above complaint was received from all parents/BJP workers and no address is mentioned in their complaint letter dated 28/11/2017, it is anonymous complaint and hence the Committee decided to close the case.

The Executive Committee of the Council further decided to defer the following items:

2. **Executive Committee Decision on A&GC minutes for DMMP-I Project Items.**

Letter from PMU Consultant-DMMP-II for the extra work assigned of DMMP-I.

4. **DMMP-II – Change of internet connectivity from Leased line to MPLS line at Medical Colleges regarding.**

Any other Item, 1. DMMP 5th Milestone 'Submission of UAT report'

Any Other Item.

2. DMMP-II Start of Warranty period, Go Live
3. DMMP-I Aadhaar License
5. SI requested the A&GC for a proper seating arrangement at the 3rd and 4th floor of the Council
6. Status of Faculty Development Module

Any Other Item.

DMMP-II

4. **SI informed the A&GC that the issue with regard to procurement of new EPABX is pending since long. Due to the old EPABX system, the call center system is not functioning completely. SI further reminded the sub Committee that to address the grievance module, a dedicated grievance cell should also be set up.**

79. **The matter with regard to faculty members of Pacific Institute of Medical Sciences, Udaipur, Rajasthan.**

Read: the matter with regard to faculty members of Pacific Institute of Medical Sciences, Udaipur, Rajasthan.

The Executive Committee of the Council perused the report of the Committee wherein it is concluded that '*.. it was a case of bonafide mistake on the part of Dr. Parul Goel*'. The Executive Committee observed that this is not entirely correct as the note of Ethics Section clearly stated about Declaration Forms of 2015-2016. Nowhere in the report, it is shown as to how UG section supplied D.F. of 2018-2019 wherein it was specifically stated about D.F. 2015-2016.

In view of above, the Executive Committee of the Council directed that the Sub-Committee should evaluate this aspect also and re-examine the matter and resubmit the report.

80. **Disciplinary proceedings against Dr. Anshu Sethi Bajaj, Deputy Secretary (U/S)**

Read: the matter with regard to Disciplinary Proceedings against Dr. Anshu Sethi Bajaj, Deputy Secretary (U/S) under Rule 14 of CCS (CCA) Rules, 1965 – regarding approval of charge sheet.

The Executive Committee of the Council deliberated upon the matter at length and noted that the CBI, New Delhi has registered FIR No. 10(A)/2014 dated 22.09.2014 against Dr. Anshu Sethi Bajaj, Deputy Secretary in the matter wherein she had shown undue favour to Dr. Somervell Memorial CSI Medical College, Karakkoram, Thiruvananthapuram, Kerala and had illegally granted Letters of Permission to start 9 postgraduate medicine courses in violation of the Statutory Regulations. The matter was considered on 01.10.2014, whereafter she had been

placed under suspension with immediate effect pending initiation of departmental proceedings for major penalty so as to keep her away from her position in the office so that there was no attempt to interfere or tamper with the official record. The suspension has been extended after review from time to time.

The CBI, New Delhi had submitted a Closure Report before the Ld. Special Judge: CBI-01, Central District, Delhi. The Ld. Special Judge vide judgement dated 28.11.2016 had rejected to Closure Report while concluding that Dr. Anshu Sethi Bajaj, Deputy Secretary had flouted the Statutory Regulations as well as the directions of the Hon'ble Supreme Court and had also directed that the matter shall be investigated further by the CBI through a Senior Officer not below the rank of Superintendent of Police which shall be monitored by the concerned Joint Director, CBI.

The Central Vigilance Commission, New Delhi vide Office Memorandum dated 24.10.2016 had advised the CVO, MCI to await the report of the CBI in the matter. Thereafter, CVO, MCI vide letters dated 24.07.2017, 10.08.2017 & 25.09.2017 had sought advice if charge sheet can be issued to Dr. Anshu Sethi Bajaj, Deputy Secretary but the Central Vigilance Commission, New Delhi vide Office Memorandums dated 04.08.2017, 30.08.2017 & 10.10.2017 has not acceded to the same. The CVO, MCI vide letter dated 03.01.2018 had also forwarded the draft charge sheet alongwith vigilance report, assurance memo, bio-data and self-contained note to the Central Vigilance Commission, New Delhi.

The Ministry of Personnel, Public Grievance and Pensions, Department of Personnel and Training, Govt. of India vide Office Memorandum dated 23.08.2016 bearing no. F.No. 11012/04/2016-Estt.(A), has clearly observed that the suspension would lapse in case the charge sheet is not served within 90 days of suspension. It was also observed that the disciplinary proceedings be initiated in cases where an Investigating Agency is ceased of the matter or the criminal proceedings have been initiated.

In this respect, Dr. Anshu Sethi Bajaj, while functioning as Deputy Secretary has committed acts of serious misconduct and activities prejudicial to the interest of the Council and that CBI, New Delhi has registered FIR No. 10(A)/2014 dated 22.09.2014, wherein after judgement dated 28.11.2016, the investigation is still underway. The Disciplinary Authority has decided to initiate disciplinary proceedings under Rule 14 of CCS (CCA) Rules, 1965 and also in view of order dated 11.12.2017 passed by the Hon'ble Delhi High Court in W.P. (C) No.7620/2018, it is therefore deemed appropriate that the charge sheet be issued to her in this regard.

The Executive Committee of the Council deliberated at length and noted that the case is covered under the CVC circular No. 07/04/15 dated 27.04.2015 and charge sheet can be issued.

Further, the Executive Committee of the Council decided to approve the charge sheet under Rule 14 of CCS (CCA) Rules, 1965 against Dr. Anshu Sethi Bajaj, Deputy Secretary (U/S).

The Executive Committee further directed that the Charge Sheet may be issued to Dr. Anshu Sethi Bajaj, Deputy Secretary (U/S), under the signature of the President, MCI.

The minutes of the above item were read out, approved and confirmed in the meeting itself.
