- Needless to state that by virtue of your committed support, timely inputs and wise counsel we will be able to make positive strides in desired direction in a decisive manner.
- She wished and hope that the Council shall be able to carry the mantle further in the larger interests of the medical education and public health care delivery system in this country. I also take the pleasure of recording my sense of gratitude to all the respected members of the Council for steering me through without your help it would have been tough and difficult.
- She confessed that it would have been impossible without the full cooperation of MCI office staff, Section Officers who have worked tirelessly to accomplish the work. She was very very thankful for their help and cooperation.

The “motion of thanks” to the effect that the Council records its gratitude and thankfulness to the President, Medical Council of India for her Presidential Address made at 142nd Session was proposed by Dr. Ved Prakash Mishra & seconded by Dr.R.P. Srivastava on behalf of the whole House.

Dr. Ved Prakash Mishra said that the last few words of Presidential Address had compelled to say that NMC Bill 2016 that is being proposed for repealing MCI but it raises the following questions:-

1. IMC was created with 5 objectives and NMC lists the same 5 objectives. Therefore-

- Is it open to repeal an act without adding or replacing any of the objectives?
- Is it open for an executive body out of executive order to propose such a bill?
- UGC disburses financial grants to various institutions and is therefore, called Commission but MCI is called a Council because it does not have the jurisdiction to disburse grants.
- Therefore, it would be welcome if it is called National Medical University Commission.

- MCI has already communicated its comments on NMC Bill pointing out various fallacies in the Bill.
- He further expressed gratitude to colleagues of IMA who took up the cudgels against NMC Bill & launched a Satyagraha on 16.11.2016 against

NMC Bill. It was only after this that a discussion took place between Senior National office bearers of IMA with MOHFW, Sh.Naddaji.

- It was informed that all doctors of the country were against NMC bill but for MCI. If some Parliament Members are corrupt, it does not mean that Parliamentary system be abolished.

The Council resolved that -

- Measures be taken to increase number of PG seats in the country (only for Public funded govt. medical colleges.) The teacher:student ratio for Professors be increased from 1:2 to 1:3 in all clinical subjects and for Assoc. Prof. from 1:1 to 1:2 if the Assoc. Prof. is a unit head.
- Postgraduate Committee/Monitoring Committee should monitor whether Stipends are actually being paid.
- MCI should indulge in PR activity to improve its status/impression.
- Ethics Module under Dr.D.J.Borah, Chairman, Ethics Committe with group of learned speakers be constituted & ½ hour sessions on such modules be included in conferences organized by bodies like IMA/National Societies etc.
- Colleges/institutions courses are advertising that MCI approval is not required for starting of UG/PG courses. Strict action needs to be taken by MCI against hospitals and foreign universities running such illegal courses.
- Members expressed full confidence and faith in the decision making process of the Executive Committee as well as PG Committee. However as 34 new colleges have been granted permission by OC appointed by the Hon'ble Supreme Court only on the basis of website data and documents submitted by the applicants,the members expressed that the Council recommends permission/recognition of any course in modern medicine only when it fulfills the requirements specified in the MSR in the interest of quality of medical education. The responsibility to ensure the quality of medical education is upon all authorities responsible for the implementation of IMC Act, 1956.

Members recorded a sense of gratitude for presidential address. Motion of thanks adopted and seconded by all the members present.

(iv) Letter dated 24/05/2016 received from the Registrar, Tamilnadu Medical Council with regard to ssue of Permanent Registration certificates to the 2010 batch of students of Sri Muthukumaran Medical College & Hospital – Regarding.

Read: the recommendations of the Executive Committee for approval with regard to above mentioned subjects.

The Council approved the following recommendation of the Executive Committee:

"The Executive Committee of the Council observed that the matter pertains to provisional registration of doctors who have passed from above colleges who were admitted with due permissions granted by Govt. of India but who have failed to obtain recognition from MCI/Govt. of India.

The Committee perused the opinion of the Law Officer, operative part of which reads as under:

"3. The common issue in respect of all these cases is that the students have been admitted on the strength of valid letter of permission under section 10A of the Indian Medical Council Act, 1956. However, during the course of recognition inspection deficiencies have been found and in all these the Executive Committee has recommended to the Central Government not to recognize/approve the College for the award of MBBS degree granted under section 11 (2) of the Indian Medical Council Act, 1956 and not to renew the permission for admission of fresh batch of 150 MBBS

students. Further, the College Authorities have also been asked to submit compliance within one month as regards the rectification of deficiencies.

4. The issue on which my opinion is sought for is regarding grant of provisional registration to the students admitted in the First Batch in these Medical Colleges. The Council Office has in respect of Annapoorna Medical College, Salem; Madha Medical College, Chennai; and Dhanalakshmi Medical College, Perambalur received communication dated 29.01.16 from the Tamil Nadu Medical Council seeking response of the Council whether the students admitted in these Colleges are entitled for the grant of provisional registration. Representation of students of Annapoorna Medical College and Sri Muthukumaran Medical College Hospital and Research Centre, Chennai are also on record. The students have inter alia pleaded that they require provisional registration in order to undergo one completed year of Compulsory Rotatory Residential Internship (CRRI).

5. In order to opine on the issue, it would be appropriate to refer to relevant statutory provisions. Section 25 of the Indian Medical Council Act, 1956 lays down the statutory framework for the grant of provisional registration. The aforesaid provision reads as under:

> ***25. Provisional Registration.**– (1) A citizen of India possessing a medical qualification granted by a medical institution outside India included in Part II of the Third Schedule, who is required to undergo practical training as prescribed under sub section (3) of Section 13,shall, on production of proper evidence that he has been selected for such practical training in an approved institution be entitled to be registered provisionally in a State Medical Register and shall be entitled to practice medicine in the approved institution for the purposes of such training and for no other purpose.*
>
> *(2) A person who has passed the qualifying examination of any university or Medical Institution in India for the grant of a recognized medical qualification shall be entitled to be registered provisionally in a State Medical Register for the purpose of enabling him to be engaged in employment in a resident medical capacity in any approved institution, or in the Medical Service of the Armed Forces of the Union, and for no other purpose, on production of proper evidence that he has been selected for such employment.*
>
> *(3) The names of all persons provisionally registered under sub-section (1) or sub-section (2) in the State Medical Register shall be entered therein separately from the names of other persons registered therein.*
>
> *(4) A person registered provisionally as aforesaid who has completed practical training referred to in sub section (1) or who has been engaged for the prescribed period in employment in a resident medical capacity in any approved institution or in the Medical Service of the Armed Forces of the Union, as the case may be, shall be entitled to registration in the State Medical Register under Section 15.*

6. Sections 25 (2) (3) &(4) that pertain to Indian Medical Graduates and are relevant for the purpose of grant of provisional registration. In the aforesaid cases the student admitted in the first batch have passed the

qualifying exam of the University and have pursued a course that enjoys valid letter of permission granted under Section 10A of the Indian Medical Council Act, 1956. Since, it is a permitted course the non-recognition as contemplated under section 10B is in my considered opinion is not attracted in such cases, and as the courses are permitted under the statutory scheme of the IMC Act, 1956 the students have a rightful expectation for the consideration of their case for grant of provisional registration enabling them to complete their Internship. In case, these students are not granted provisional registration they would not complete their MBBS qualification and there four years of study in permitted college would come to naught. These students have been admitted on the strength of valid letter of permission and after completion of their courses, the logical expectation on completion of their studies and internship would be to hold a recognized medical qualification, so that they can practice as Doctors or pursue higher education. The students, in my considered opinion cannot be left stranded with no recognized qualifications, for no fault of their own, having been admitted on the basis of valid letter of permission under section 10A of the IMC Act, 1956.

7. It may be recalled that the erstwhile Board of Governors in super-session of the Medical Council of India in the case of Sri SathyaSai Institute of Medical Sciences had recommended to the Central Government to grant recognition in respect of the already admitted batches.

8. It may be recalled that the opinion of LD. Additional Solicitor General had been obtained as regards the application of Regulation 8 (3) (1) (a) (b) (c) (d), while processing the applications for academic year 2015-16. This opinion was considered and accepted by the Executive Committee in its meeting held on 13.05.15. The relevant extract of the opinion of Ld. ASG is as under:

> *As far as the second question is concerned, I am of the opinion that the applicability of Regulation 8(3)(1)(b) of the Establishment of Medical College Regulation, 1999 while considering the case of a medical college for grant of recognition of MBBS degree will directly affect the MBBS students who have already completed their MBBS course/studies. The language in Regulation 8(3)(1)(b) of the Establishment of Medical College Regulations, 1999, clearly provides that in case the institute fails to provide minimum teaching faculty and bed occupancy, the institute shall not be considered for renewal of permission.* ***The statutory scheme does not however bar an institute to be considered for the purpose of recognition of MBBS degree of the students who have successfully completed the course. Any such action on part of the querist will be too harsh on such students who have already completed their studies and had/have no control over either the college, the querist or the Central Govt.....”***

9. The Executive Committee in the case of MelmaruvathurAdhiprasakthi Institute of Medical Sciences, Tamil Nadu had decided to recommend batch-wise recognition to the students. This was done with objective of safeguarding the careers of the students.

10. It is to be further noted that in all the above instances, the failure of meeting the requirements of Regulations, in the cases of all the above Colleges has led to denial of permission to admit fresh batches. This in itself

is a penalty imposed upon the College. For acts of omission by the College, the students cannot be penalized.

11. Thus, in my considered opinion, based upon the past precedents referred above, and the opinion of Ld. ASG, the Executive Committee may consider recommending to the Central Government grant of recognition in respect of the First Batch admitted in the aforesaid Medical Colleges/Medical Institutes, so that the qualifications awarded by the University to them are "recognized medical qualification." Consequently, on the strength of provisional registration they are able to complete their internship and thereafter obtain registration with the State Medical Council as provided for in section 15 of the Indian Medical Council Act, 1956."

The Executive Committee of the Council also perused a letter dated 24/05/2016 from the Registrar, Tamilnadu Medical Council, Chennai stating therein as under:-

"In pursuance of the above High Court Order (Orders passed in W.P.No.9947 of 2015, dated 29.4.2016) I am forwarding the representation received from the 2010 batch of students of Sri Muthukumaran Medical College & Hospital, Chennai-600069.

On 29.4.2016 in W.P.No.9947 of 2015 & other connected writ petitions, the Hon'ble High Court of Madras has directed Medical Council of India, to take necessary steps to recognize their MBBS degree.(Xerox copy of the order is enclosed).

In this connection, it is pertinent to pointed out that the 2nd Respondent did consider the said issue with respect to Shri SatyaSai Medical College in the letter of the 2nd respondent dated 1.5.2014, the relevant port of which extracted hereunder:-

"The members of the Executive Committee of the Council considered that the students were admitted in the Medical College after the grant of permission by the Central Government on the recommendation of Council. It was also considered that the annual renewals of permission were granted to the Medical College on the students who were admitted from 2008-09 to 2012-13 on valid permission given by the Central Govt. on the recommendation of the MCI cannot be made to suffer at this hour for the misdeeds of the management of MelmaruvathurAdhiprasakthiInstt. Of Medical Sciences & Research. The members of the Executive committee observed that in the similar facts and circumstances in the case of Shri SatyaSai Medical College, the then Board of Governors in super-session of the Council to safeguard the interest of the students who were not at all at fault had decided and recommend to the Central Government to grant recognition to the Medical College. The Central Government accepted the recommendation of the Medical Council of India and issued Notification dated 27.11.2013 with respect the students who had been admitted on the strength of valid letter of permission of Central Government/Board of Governors.

Accordingly, the petitioners are called upon to submit the representation to this Council with in a period of two weeks. The petitioners are relied upon the orders passed earlier in respect of Sri SatyaSai Medical College and Melmaruvathur Institute of Medical Science covered in the orders passed in W.P.No.16812 of 2015 dated 11.8.2015. The facts and circumstances under which orders were passed earlier are entirely different. Since the Hon'ble

High Court has passed orders to take decision by the Medical Council of India in accordance with law in the lights of the orders passed in the earlier writ petitions. Hence you are requested to pass orders accordance with law."

In view of above, the Executive Committee of the Council decided to approve opinion of Law officer and decided to recommend to the Central Government grant of recognition in respect of the Batches already admitted in the aforesaid Medical Colleges/Medical Institutes pursuant to LOP/Renewal of permissions granted by Govt. of India, so that the qualifications awarded by the University to such students are "recognized medical qualification." Consequently, on the strength of provisional registration they are able to complete their internship and thereafter obtain registration with the State Medical Council as provided for in section 15 of the Indian Medical Council Act, 1956.

In the meantime, the Central Govt., Ministry of Health & Family Welfare vide notification dated 08/09/2016 and 15/09/2016 has granted conditional recognition to **(i)** Dhanalakshmi Srinivasan Medical College & Hospital, Perambalur, Tamilnadu with annual intake of 150 MBBS students on or after, 2016; **(ii)** Madha Medical College & Hospital, Thandlam, Chennai within annual intake of 150 MBBS students on or after 2016 and **(iii)**Annapoorna Medical College & Hospital, Salem with annual intake of 150 MBBS students on or after 2016on the recommendations of the Supreme Court mandated Oversight Committee on the following conditions**:-**

400. Dr. Gayatri Nagori V/S Dr. (Mrs.) Jayshree Pranshankar Mehta - Contempt Case No. 183 of Year 2016 in the Hon'ble Madhya Pradesh High Court at Gwalior.

Read: the recommendations of the Postgraduate Medical Education Committee for approval with regard to Contempt Case No. 183 of Year 2016 in the Hon'ble Madhya Pradesh High Court at Gwalior in Dr. Gayatri Nagor V/S Dr. (Mrs.) Jayshree Pranshankar Mehta.

The Council approved the following recommendation of the Postgraduate Medical Education Committee:

"*The Postgraduate Medical Education Committee considered the letter dated 04/07/2016 received from the Dean, G.R. Medical College, Gwalior along with the legal opinion of Law Officer and the order dated 07/07/2015 passed by the Hon'ble High Court of Madhya Pradesh at Gwalior with regard to Contempt Case No. 183 of Year 2016 in the Hon'ble Madhya Pradesh High Court at Gwalior in Dr. Gayatri Nagori V/S Dr. (Mrs.) Jayshree Pranshankar Mehta and noted that the matter pertains to recognition for DGO course from 1965 instead of 1997. Although first admission was made in 1965, BOG in 2012 had decided to recognize the qualification from 1997 (& not from 1965). No reason is given for the same. Aggrieved by this decision, petitioner filed W.P. before M.P. High Court and Hon'ble Court in July 2015 directed petitioner to make fresh representation and MCI to dispose off the matter in 4 weeks. When the representation was received, PG Committee advised candidate to request Dean to make a formal request u/s 11(2) through University & Central Govt. As no progress was*

made in granting retrospective recognition, she has filed contempt petition against President.

Members of the Postgraduate Medical Education Committee perused opinion of Law Officer which reads as under:

> *"Matter may be placed before PG Committee for retrospective recognition w.e.f. date of first admission made in the year 1965 to get the pending contempt case disposed off."*

In view of above, it was decided to recommend to Central Govt. to change the date of recognition of qualification as 1965 instead of 1997.

The minutes of the above item were read and confirmed in the meeting itself.

Read**:** the recommendations of the Postgraduate Medical Education Committee for approval with regard to Proposal for inducing **"**Screening Test**"** for Postgraduate Level Medical degrees grand by Foreign Institutions to the Indian doctors**.**

The Council approved the following recommendation of the Postgraduate Medical Education Committee:

"The Postgrduate Medical Education Committee considered the D.O letter dated 07/03/2016 received from Mr. Ali A. Rizvi, Joint Secretary, Ministry of Health and Family Welfare, Nirman Bhawan, New Delhi with regard to proposal for inducing "Screening Test" for Postgraduate Level Medical degrees grand by Foreign Institutions to the Indian doctors and the Members of the Postgraduate Medical Education Committee observed as under:

(1) The system of holding "Screening Test" for recognition of PG degrees acquired abroad does not exist in any major country of the world.

(2) At present Indian PG degree holders going abroad have to pass entrance examination and have to start PG studies from scratch. There is no system in which his Indian PG degree gets recognized as such. It has been observed in many cases that depending upon his performance at entrance/qualifying examinations, he has to do his post-graduation in entirely different subject.

(3) By notifying qualifications acquired from five English speaking countries as recognized, the problem of PG level foreign degrees has been solved to a large extent.

(4) Section 12 of IMC Act governing recognition of medical qualifications granted by medical institution in countries with which there is a scheme of reciprocity reads as under:

"12. RECOGNITION OF MEDICAL QUALIFICATIONS GRANTED BY MEDICAL INSTITUTIONS IN COUNTRIES WITH WHICH THERE IS A SCHEME OF RECIPROCITY

1. The medical qualifications granted by medical institutions outside India which are included in the Second Schedule shall be recognized medical qualifications for the purposes of this Act.

2. The Council may enter into negotiations with the Authority in any country outside India which by the law of such country is entrusted with the maintenance of a register of medical practitioners, for the settling of a scheme of reciprocity for the recognition of medical qualifications and in pursuance of any such scheme, the Central Government may, by notification in the official Gazette, amend the Second Schedule so as to include therein the medical qualification which the Council has decided should be recognized and any such notification may also direct that an entry shall be made in the last column of the Second Schedule against such medical qualification declaring that it shall be a recognized medical qualification only when granted after a specified date."

(5) Section 13 of IMC Act governing recognition of medical qualifications granted by medical institution whose qualifications are not included in I or II Schedules as under:

13. RECOGNITION OF MEDICAL QUALIFICATION GRANTED BY CERTAIN MEDICAL INSTITUTIONS WHOSE QUALIFICATIONS ARE NOT INCLUDED IN THE FIRST OR SECOND SCHEDULE

1. The medical qualifications granted by medical institutions in India which are not included in the First Schedule and which are included in Part I of the Third Schedule shall also be recognized medical qualifications for the purposes of this Act.

2. The medical qualifications granted to a citizen of India:-

1. before the 15th day of August, 1947, by medical institutions in the territories now forming part of Pakistan, and,

2. before the 1st day of April, 1937, by medical institutions in the territories now forming part of Burma, which are included in part 1 of the Third Schedule shall also be recognized medical qualifications for the purposes of this Act.

3. The medical qualifications granted by medical institutions outside India, before such date as the Central Government may, by notification in the Official Gazette, specify which are included in Part IInd of the Third Schedule shall also be recognized medical qualifications for the purposes of this Act, but no person possessing any such qualification shall be entitled to enrolment on any State Medical Register unless he is a citizen of India and has undergone such practical training after obtaining that qualification as may be required by the rules or regulations in force in the country granting the qualification, or if he has not undergone any practical training in that country he has undergone such practical training as may be prescribed.

4. The Central Government, after consulting the Council, may, by notification in the Official Gazette, amend Part II of the Third Schedule so as to include therein any qualification granted by a medical institution outside India, which is not included in the Second Schedule.

Provided that after the commencement of the Indian Medical Council (Amendment) Act, 2001, no such amendment shall be made in Part II of the Third Schedule to include any primary medical qualification granted by any medical institution outside India:

Provided further that nothing contained in the first proviso shall apply to inclusion in Part II of the Third Schedule any primary medical qualification granted by any medical institution outside India to any person whose name is entered in the Indian Medical Register.

(6) In view of above, it was observed that elaborate scheme for recognition of medical qualifications has already been prescribed in IMC Act, 1956.

(7) Moreover, for maintaining the standards in Postgraduate Medical Education in our country, the MCI conducts multiple inspections of the Institutions to ensure adequate infrastructure, faculty and clinical material. First Inspection is conducted for grant of permission. 2nd inspection at the time the first batch appears in examination for recognition of the degree. 3rd inspection every five years for renewal of recognition and a sudden inspection at any time if some deficiencies are pointed out in between.

The Council is not going to have any such control on Institutions in Foreign Countries. It is pertinent to mention here that countires where MBBS course

has been allowed (with condition of Screening Test in India for Registration) do not allow these doctors of Indian origin who passed from their country to practice in their country and they do not even recognize Indian Medical qualifications. The Screening Test does not assess their efficiency in skills. At the Postgraduate level it will open flood gates for those passing postgraduation from those countries whose degrees are not recognized in our country. Hence, Postgraduate Medical Education Committee does not approve recognition of Postgraduate qualification from such countries and screening test should not be introduced at Postgraduate level medical degrees granted by foreign institutions."

Read: the recommendations of the Postgraduate Medical Education Committee for approval with regard to inclusion of MD(Marine Medicine) in the Postgraduate Medical Education Regulations, 2000.

The Council noted thatthe PG Committee meeting held on 10-12-2014 had considered the matter with regard to approval of syllabus (Guidelines), MSR and TEQ for the proposed MD Courses in Marine Medicine and decided that **"all types of training would be outsourced. This submission needs to be clarified by the MCI as to what should be the essential requirement, which needs to be fulfilled by the teaching institution, which desires to start the said course".** The matter was referred to Academic section by the PG Committee for clarification thereon.

The Academic Committeediscussed and recommended as under:-

"The Academic Committee examined the clarification provided by the Expert Group in MD (Marine Medicine). The Committee felt that this course is a specialized teaching programme in which the target group is limited. The Academic committee approved the explanation provided by the Expert Group for MD in Marine Medicine and recommended that this may be placed before the PG Committee for consideration and approval.

The matter with regard to clarifications received from expert groups for MD (Marine Medicine) on the comments of the PG Committee meeting held on 10th Dec. 2014 alongwith recommendations of the Academic Committee meeting held on 30th January, 2015 was again considered by the Postgraduate Committee at its meeting held on 17.06.2016.

The Council approved the following recommendations of the Postgraduate Committee:-

"The Postgraduate Medical Education Committee considered the Clarifications received from expert groups for MD (Marine Medicine) on the comments of the PG Committee meeting held on 10th Dec. 2014 and recommendations of the Academic Committee meeting held on 30th January, 2015 and decided to approve the recommendations of the Academic Committee."

Read: the recommendations of the Postgraduate Medical Education Committee for approval with regard to vacant seats in pre-and para clinical courses at all over India.

The Council approved the recommendations of the Postgraduate Medical Education Committee:-

> *"The Postgraduate Medical Education Committee considered the matter with regard to vacant seats in pre and para clinical courses at all over India along with the order dated 10/11/2015 passed by the Hon'ble High Court of Orissa and discussed the matter in detail and arrived at the conclusion that there is no other way to fill up these seats except by making the service conditions in these departments more lucrative. E.g. they may be provided extra facilities like rent free accommodation on priority, etc. Similarly, the number of post in basic departments may be increased and a system of time bound promotion may be adopted so as to avoid stagnation at junior ranks. During period of postgraduation, stipend paid to them may be more than other departments and they may be given fee concession."*

The Council further decided that vacant seats in these departments may be filled by in-service Govt. candidates on deputation.Once admission is taken in a particular course, no switch over would be allowed to another course for three years.

456. Amendment in the "Establishment of Medical College Regulations, 1999".

Read: the recommendations of the Executive Committee for approval with regard to amendment in the "Establishment of Medical College Regulations, 1999".

The Council approved the following recommendation of the Executive Committee:

> *"The Executive Committee of the Council perused the Gazette Notification dated 26th February, 2010 with regard to amendments in the Establishment of Medical College Regulations (Amendment), 2010 which reads as under:*
>
> *"3. In Clause 1 under the heading "eligibility Criteria" the following shall be added after sub-clause (5):-:*
>
> *Companies registered under Company Act may also be allowed to open medical colleges. Permission shall be withdrawn if the colleges resort to commercialization"*
>
> *The Executive Committee also observed that the Joint Secretary to the Govt. of India, Ministry of Health & Family Welfare, New Delhi, vide his letter dated 30th May, 2016 has informed that amendment in the Eligibility Criteria stipulated under the "Establishment of Medical College Regulations, 1999". Point 6 of the Eligibility Criteria seems to indicate that no organization may be allowed to establish Medical Colleges for purpose of profit making. Various private organizations including companies have been representing*

to the Government requesting to allow private participation for establishment of medical colleges as a business venture. He has further stated that it is also felt that the medical colleges set up by Autonomous Bodies/Societies/Trust may be allowed to convert themselves into a Company.

The following proposed amendment in Point 6 in the Eligibility Criteria stipulated under the "Establishment of Medical College Regulations, 1999" along with the addition of a note may be considered by MCI.

(6) All Companies registered under the Companies Act, 1956.

Note: Provided further that any Medical College set up by an Autonomous Body/Society/Trust as at Sl. No. (3). (4) and (5) above can also be converted into a company.

In view of above, the Executive Committee of the Council decided to approve the proposal of the Government of India and make necessary amendments in the existing regulations as well as in Minimum Standard Requirements for the Medical College Regulations.

The Executive Committee further decided that in view of scarcity as well as exorbitant prices of land in metropolitan areas the Medical Colleges should have the total built up area required for adequate infrastructure including medical college, hospital, hostels, residential quarters, and other infrastructure required as per the applicable Minimum Standard Requirement Regulations in the unitary piece of land owned and possessed by them, and such built-up area should be in conformity with the requirement of local urban laws and shall have approval of building plan from the competent authority."

The Council approved the following recommendation of the Postgraduate Medical Education Committee**:**

"*The Postgraduate Medical Education Committee considered the matter with regard to required experience for being recognized as Postgraduate Teacher. It was resolved that for being recognized as Postgraduate teacher in broad speciality, the person should have total of 8 years teaching experience out of which, 5 years teaching experience should be as Asst. Professor/ Assoc. Professor/ Professor. As per the amended regulations*

after July, 2014, Asst. Professor will be eligible to be promoted as Assoc. Professor after 4 years (with two research publications). Hence, the requirement of 5 years experience as Asst. Professor has to be changed."

The Postgraduate Committee considered the matter and decided to refer the matter to the Academic Committee. The Academic Committee concurred with the observations of the Postgraduate Medical Education Committee that PG teacher will be recognized seven years after postgraduation out of which 4 years be as Assistant Professor with 2 research publications in Indexed Journals.

470. <u>Consideration of Order dated 01.09.2016 of the Hon'ble High Court of Bombay in WP No. 1001 of 2014 and W.P. 1234 of 2014 – Reg.</u>

Read: the recommendations of the Postgraduate Medical Education Committee for approval with regard to consideration of Order dated 01.09.2016 of the Hon'ble High Court of Bombay in WP No. 1001 of 2014 and W.P. 1234 of 2014.

The Council approved the following recommendation of the Postgraduate Medical Education Committee:

"The Postgraduate Committee noted that pursuant to the hearing granted to Dr. Rajiv R Satoskar, Prof. & HoD, Deptt. Of Surgery, LTM Medical College and LTM Gen. Hosp., Sion, Mumbai, the Dean of the college has vide his letter dated 28.09.2016 forwarded the requisite documents sought for by the Committee in the hearing held on 22.09.2016.

The Postgraduate Committee noted that the Hon'ble High Court had in its order dated 01.09.2016 in WP No.1001 of 2014 – Felice Faizal Mohammed Ebrahim Kutty Vs. State of Maharashtra and Ors. And WP No.1234 of 2014 – Prateek Chandrashekhar Patil Vs. State of Maharashtra has held as under:-

1) *After this writ petition was first heard and the Medical Council of India (MCI) was directed to consider the issue raised and pass a speaking order, an order, an order was passed purported to be dated 26th July, 2016.*
2) *The writ petition was thereafter permitted to be amended.*
3) *Presently, before us the only contention that was raised is that the MCI was*

directed by this court's order and direction to examine and consider the issue. The decision is taken by one monitoring sub-committee. That is not a decision of the MCI. In that regard our attention was invited to the Indian Medical Council Act, 1956 and the regulations made thereunder.

Mr.Khandeparkar appearing for the petitioners contended that section 9 requires that the council shall firstly constitute from amongst its members an executive committee and such other committees for general or other purposes as the council deems necessary to carry out the purposes of the Act. He would submit that this monitoring sub-committee has no legal status, it is not

recognised for it is not clarified that it is constituted by the council. It is not enough that such other committees constituted by the council then constitute monitoring sub-committee.

4) On the other hand, Mr. Gole learned counsel appearing for the MCI, relied upon some provisions and some of the regulations to urge that it is permissible for the executive committee to constitute or establish sub-committee, much less monitoring subcommittee and in that regard our attention was invited to Regulation 45 of the Medical Council of India Regulations, 2000.

5) When this court was considering the above contentions yesterday, it was suggested to Mr. Gole that the council may have to then invite the court's verdict on the jurisdiction/power and authority of the monitoring sub-committee and whether its composition and constitution is traceable to Regulation 45 and whether the power of the executive committee could be said to be in conflict with that of the council. Mr. Gole sought time to take instructions. It was also deemed fit and necessary by this court in the given facts and circumstances that the decision, which has far reaching consequences on the career of the petitioner, ought to be taken by the council or such other authorised entity as the law permits. In the light of this view and suggestion of the court, Mr.Gole sought time to take instructions.

6) Today he has produced written instructions from the Secretary in-charge of the MCI and comprised in a letter addressed to him dated 1st September, 2016. We take this communication addressed on record and mark it as 'X' for identification. We do not examine any larger issue or legal question raised at this stage. In the light of para 6 of this written communication and once the MCI has agreed to take back and withdraw its decision dated 26th July, 2016 and have a fresh look at the issue raised in the petition, we deem it fit and proper to direct the MCI to act in terms of para 6 of this communication. It is stated that the Post-graduate Medical Education Committee of the council, constituted under section 20 of the Act for assisting the council in matters relating post-graduate medical education is holding its meeting on 7th September, 2016. The matter, as directed by this court, would be placed for consideration of this committee on 7th September, 2016. Thereafter, at a full meeting of the council, likely to be convened in October, 2016, the MCI will apply its mind to the said recommendations and convey its final opinion and decision on the issues raised in this petition. We expect the council not to delay the matter further and place its final decision or opinion on the record of this petition and proceedings by 15th November, 2016.

7) We place this matter for "directions" on 18th November, 2016.

8) The original documents and placed before us by Mr. Gole be returned to him provided Mr. Gole replaces them with certified true copies.

9) We hope and trust that the council will take a decision in the best interest of post-graduate medical education and career of the students given the fact that they are urging throughout that it is they who are not responsible for any fault of the medical colleges.

On perusal of the records of the court case, the Committee noted that Dr. Felice Faizal Mohammed Ebrahim Kutty has stated in his writ petition (1001 of 2014) that he was granted admission on the basis of his rank in the All India Open Merit List of AIPGMEE conducted by AIIMS in 2012, he was allotted the seat of MD(Pathology) by the Medical Counselling Committee, Directorate General of Health Services in LTM Medical College, Sion, Mumbai vide their allotment letter dt. 12.06.2012 under the All India Quota. Subsequently, he had joined the PG course on the basis of the said letter on 18.06.2012. However, the Maharashtra University of Health Sciences has sought for cancellation of his admission vide their letter dated 15.01.2014, as his admission was over and above sanctioned capacity. By this time they had completed more than a half of their studies training. This had happened due to oversight of authorities of LTM Medical College who have sought from the MCI regularization of their seat. He had inter-alia prayed before the Hon'ble High Court that the MCI and MUHS should include his name in the roll of registered students and provide him all facilities, rights and privileges imparity with other students granted admission in MD(Pathology) course for the academic year 2012-15. Further, the Dr. Felice Faizal Mohammed Ebrahim Kutty had also sought directions from the Hon'ble Court for the MUHS to issue degree completion certificate to petitioner in MD(Pathology) degree course for the academic year 2012-15 and from Council directions to issue registration certificate and recognition of his degree of MD(Pathology).

On perusal of the records of the court case, the Committee noted that Dr. Prateek Chandrashekhar Patil has stated in his writ petition (1234 of 2014) that he was granted admission on the basis of his rank in the All India Open Merit List of AIPGMEE conducted by AIIMS in 2012, he was allotted the seat of MS(Orthopaedics) by the Medical Counselling Committee, Directorate General of Health Services in LTM Medical College, Sion, Mumbai vide their allotment letter dt. 12.06.2012 under the All India Quota. Subsequently, he had joined the PG course on the basis of the said letter on 18.06.2012. However, the Maharashtra University of Health Sciences has sought for cancellation of his admission vide their letter dated 15.01.2014, as his admission was over and above sanctioned capacity. By this time they had completed more than a half of their studies training. This had happened due to oversight of authorities of LTM Medical College who have sought from the MCI regularization of their seat. He had inter-alia prayed before the Hon'ble High Court that the MCI and MUHS should include his name in the roll of registered students and provide him all facilities, rights and privileges imparity with other students granted admission in MS(Orthopaedics) course for the academic year 2012-15. Further, the Dr. Prateek Chandrashekhar Patil had also sought directions from the Hon'ble Court for the MUHS to issue degree completion certificate to petitioner in MS(Orthopaedics) degree course for the academic year 2012-15 and from Council directions to issue registration certificate and recognition of his degree of MS(Orthopaedics).

The Committee noted that in their amended writ petition, the petitioners have prayed as under:-

"We are running PG courses MS in Orthopaedics and MD in Pathology at LTM Medical College. We are permitted 7 seats in MS Orthopaedics and 8 seats in MD Pathology. For A.Y. 2012-13 one excess seat was admitted in each of the subject (i.e. one in MS Orthopedics and one in MD Pathology). This happened inadvertently due to oversight of the administrative staff. For A.Y. 2012-2013 we have admitted 8 seats in MS Orthopaedics and 9 seats in MD Pathology.

In compensation of this excess admitted seats, we have admitted one each less seat in both subjects (i.e. one in MS Orthopaedics and one in MD Pathology in the next A.Y. 2013-2014. We have admitted only 6 seats in MS Orthopedic and only 7 seats in MD Pathology for A.Y. 2013-2014.
We had adequate teachers in year 2012-2013 in both the subjects to accommodate one each excess admitted PG students. The teacher student ratio was maintained properly. The training was conducted on par, as per MCI norms.

L.T.M.G, Hospital attached to L.T.M. Medical College has an extremely large patient workload catering to over 19 lakh patients over year with a proportionately huge workload in Orthopaedics and Pathology too. Hence, this ensured adequate workload for all students. The admitted PG students were trained adequately with a vast amount of clinical experience.

I, therefore request you to kindly permit the excess PG student admitted one each in Orthopaedics and Pathology during A.Y.2012-2013.
Thanking you in anticipation."

The college has also provided the list of admissions made in PG courses in 2012-13, 2013-14, 2014-15 & 2015-16, the communication made to the MUHS for these academic year is also placed on records. The college has also provided the list of student admitted in the academic year 2013-14, 2014-015 & 2015-16 for MD(Pathology) and MS(Orthopaedics). It is evident from the perusal of these lists that for the academic year 2013-14 the college has admitted one candidate less in the subject of MD(Pathology) and MS(Orthopaedics). However, for the subsequent academic year, the college has admitted students in both these subjects in accordance with the sanction intake capacity which is 8(Eight) seats in MD(Pathology) and 7(Seven) seats in MS(Orthopaedics). Keeping in view the peculiar facts and circumstances wherein both these students have completed their PG course and have successfully passed the examination conducted by the Maharashtra University of Health Sciences and the order dated 01.09.2016 of the Hon'ble Bombay High Court in the above mentioned writ petition, the Postgraduate Graduate Medical Education Committee decides that the admissions of both these candidates namely Dr. Prateek Chandrashekhar Patil and Dr. Felice Faizal Mohammed Ebrahim Kutty be regularized. Therefore, the Committee decided that recommendations be made to the Central Govt. to approve the excess admissions made of Dr. Felice Faizal Mohammed Ebrahim

Kutty & Dr. Prateek Chandrashekhar Patil in MD(Pathology) MS(Orthopedics) in the academic year 2012-13 at LTM Medical College, Sion, Mumbai".

532. <u>Consideration of Compliance Verification Assessment report with regard to continuance of recognition of MBBS degree granted by Maharashtra University of Health Sciences, Nashik in respect of students being trained at Jawahar Medical Foundation' Annasaheb Chudaman Patil Memorial Medical College, Dhule.</u>

Read: the recommendations of the Executive Committee for approval with regard to consideration of Compliance Verification Assessment report with regard

to continuance of recognition of MBBS degree granted by Maharashtra University of Health Sciences, Nashik in respect of students being trained at Jawahar Medical Foundation' Annasaheb Chudaman Patil Memorial Medical College, Dhule.

The General Body of the Council noted that at its meeting held on 30.03.2016 in spite of repeated opportunities being given to Jawahar Medical Foundation' Annasaheb Chudaman Patil Memorial Medical College, Dhule, it has not rectified the gross deficiencies of teaching faculty, residents, & infrastructure facilities for removal of clause 8(3)(1)(c) of Establishment of Medical College Regulations (Amendment), 2010 (Part II), dated 16.04.2010. The Council further noted that in the latest compliance verification assessment report (17.12.2015), the deficiencies are still persisting.

In view of above, the General Body of the Council decided to recommend to the Central Govt. for withdrawal of recognition for the award of MBBS degree granted by Maharashtra University of Health Sciences, Nashik in respect of students being trained at Jawahar Medical Foundation' Annasaheb Chudaman Patil Memorial Medical College, Dhule u/s 19 of the IMC Act, 1956 and further to request the Central Govt. to ask the institution to stop admissions with immediate effect for the academic year 2016-17.

The above recommendations of the General Body were communicated to the Central Govt., Ministry of Health & F.W., New Delhi and other concerned authorities vide this office letter dated 10.05.2016.

In response, the Central Government vide its letter dated 15.06.2016 had conveyed to the college authorities to **NOT** to admit any students in MBBS course against recognized intake of 100 seats for the academic session 2016-17.

Thereafter, the Ministry vide its letter dt.26.9.2016 has granted conditional continuance of recognition to the college as well as granted conditional permission to the college for admitting students for the Academic Year 2016-17 on the recommendations of the Oversight Committeeon the following conditions:-

"1.....

(i) An affidavit from the Dean/Principal and Chairman of the Trust concerned, affirming fulfilment of all deficiencies and statements made in the respective compliance report submitted to MHFW by 27.09.2016.

(ii) A bank guarantee in the amount of Rs. 2 crore in favour of MCI, which will be valid for 1 year or until the first renewal assessment, whichever is later. Such bank guarantee will be in addition to the prescribed fee submitted alongwith the application(by 27.09.2016)..

2. The OC has also stipulated as follows:-

(a) OC may direct inspection to verify the compliance submitted by the college and considered by OC, anytime after 30 September 2016.

(b) In default of the conditions (i) and (ii) in para 1 above and if the compliance are found incomplete in the inspection to be conducted after 30 September 2016, such college will be debarred from fresh intake of students for 2 year commencing 2017-18.

3. The College is further directed to:

(i) Upload on the its website the status of compliance with MSRs in respect of faculty, infrastructure, clinical material, bed occupancy and other requirement as on 10th September, 2016 in the first instance followed by

another update on the website/s as on 20th September, 2016 and the status may be intimated to OC.

(ii) Maintain and display the following details of its website for at least 3 months, in order to ensure transparency in admission to US/PG (Super Specialy) courses for the academic year 2016-17:

i. Name of candidate
ii. Roll Number
iii. NEET Ranking
iv. State Ranking and
v. Amount of fee paid for admission to the course

A copy of the details so uploaded in each case by the institute on its website may be furnished by the institute to the Ministry of Health & Family Welfare and Medical Council of India. The Notification/Approval is subject to complying with the above directives of OC.

Failure to comply with this direction will automatically lead to holding conditional approval granted to your college for 2016-17, in abeyance.

4. Accordingly, Permission for admission of frsh batch (100 seats) in MBBS course at Jawahar Medical Foundation's Annasaheb Chudaman Patil Memorial Medical College, Dhule for the academic year 2016-17 u/s 10A of IMC Act, 1956 is hereiby issued subject to furnishing documents/bank guarantee as per para 1 above in favour of Medical Council of India, New Delhi form a Nationalized/scheduled Bank by 27.09.2016 to this Ministry. In the event of non-submission of the affidavit and Bank Guarantees within the stipulated period, this Renewal of Permission shall stand withdrawn.

5. This permission is valid for one year and for admitting only one batch of 100 students during the academic session 2016-17. The next batch of students in MBBS course will be admitted in the college only after permission of Central Government and fulfilling the conditions of OC stipulated in para 2 of this letter.

6. Admissions made in violation of the above condition will be treated as irregular and action will be initiated under IMC Act & Regulations made thereunder will be initiated.

7. Orders with regard to recognition/withdrawal of de-recognition will be issued separately.

8. Discrepancies, if any, may be immediately brought to the notice of MCI and the Central/State Government."

In view of above, the General Body expressed that the Council recommends permission/recognition of any course in modern medicine only when it fulfills the requirements specified in the MSR in the interest of quality of medical education. The responsibility to ensure the quality of medical education is upon all authorities responsible for the implementation of IMC Act, 1956.

Read: the recommendations of the Executive Committee for approval with regard to increase of Intake capacity from 100 to 150 seats in MBBS Course at Dr. Somervell CSI Medical College & Hospital, Thiruvanathpuram for the academic session 2016-17 u/s 10A of IMC Act, 1956 & Stoppage of de-recognition of recognized MBBS seats.

The General Body of the Council perused the decision of the Executive Committee taken at its meeting held on 30.03.2016 that in spite of repeated opportunities being given to Dr. Somervell CSI Medical College & Hospital, Thiruvanathpuram, it had not rectified the gross deficiencies of teaching faculty, residents, & infrastructure facilities for removal of clause 8(3)(1)(c) of Establishment of Medical College Regulations (Amendment), 2010 (Part II), dated 16.04.2010.

In view of above, the General Body of the Council had decided to recommend to the Central Govt. for withdrawal of recognition for the award of MBBS degree granted by Kerala University of Health Sciences, Thrissur in respect of students being trained at Dr. Somervell CSI Medical College & Hospital, Thiruvanathpuram u/s 19 of the IMC Act, 1956 and further to request the Central

Govt. to ask the institution to stop admissions with immediate effect for the academic year 2016-17.

The General Body of the Council also noted that in response, the Central Government vide its letter dated 15.06.2016 had conveyed to the college authorities to **NOT** to admit any students in MBBS course against recognized intake of 100 seats for the academic session 2016-17.

It was also pointed out that the college authorities vide letter dated 06.04.2016 had withdrawn the application for enhancement of MBBS seats from 100 to 150 seats from 2016-17.

Further it was also mentioned that the Ministry vide its letter dt.20.8.2016 had granted conditional approval to the college for Letter of Permission for increase of seats from 100-150 and renewal of recognition for 100 MBBS seats u/s 10A of the IMC Act, 1956 for the Academic Year 2016-17 in light of directives/approval dt.13.6.2016 of the Supreme Court Mandated Oversight Committee on the following conditions:-

1.

(i) An affidavit from the Chairman of the Trust/Society/University/College etc. concerned, affirming fulfilment of all deficiencies and statements made in the respective compliance report submitted to MHFW by 22 June 2016.

(ii) A Bank Guarantee in the amount of Rs. 2 crore in favour of MCI, which will be valid for 1 year or until the first renewal assessment, whichever is later. Such bank guarantee will be in addition to the prescribed fee submitted alongwith the application.

2. The OC has also stipulated as follows:-

(a) OC may direct inspection to verify the compliance submitted by the college and considered by OC, anytime after 30 September 2016.

(b) In default of the conditions (i) and (ii) in para 1 above and if the compliances are found incomplete in the inspection to be conducted after 30 September 2016, such college will be debarred from fresh intake of students for 2 years commencing 2017-18.

3. Accordingly, the college is permitted to admit students in MBBS course agasint recognized intake of 100 seats for the academic session 2016-17. A Letter of Permission for increase of intake capacity from 100 to 150 seats in MBBS course for the academic year 2016-17 at Dr. Somervell Memorial CSI Medical College & Hospital, Thiruvananthpuram u/s 10A of IMC Act, 1956 is issued subject to furnishing documents/bank guarantee as per para 1 above alongwith another Bank Guarantee of required amount in favour of Medical Council of India, New Delhi valid for five years from a Nationalized/scheduled Bank as per MCI Regulations 1999 for increase of intake capacity from 100 to 150 seat in MBBS Course within 15 days to this Ministry. In the event of non-submission of the affidavit and Bank Guarantees within the stipulated period, this Letter of Permission shall stand withdrawn.

4. The permission of the Central Government is accorded initially for a period of one year and will be renewed on yearly basis subject to the verification of the achievement of annual targets as indicated in your scheme basis and revalidation of performance Bank Guarantee. This process of renewal of permission will continue till such time the

infrastructure & expansion of hospital facility are completed and a formal recognition of the Medical College against increased intake is granted.

5. *The next batch of students in MBBS course against increased intake for the academic session 2017-18 will be admitted in the college only after obtaining permission of Central Government and fulfilling the conditions of OC stipulated in para 2 of this letter.*

6. *Admissions made in violation of the above conditions will be treated as irregular and action under IMC Act, 1956 & Regulations made thereunder will be initiated.*

7. *Discrepancies, if any, may be brought to the notice of MCI and Central/State Government."*

In view of above, the General Body expressed that the Council recommends permission/recognition of any course in modern medicine only when it fulfills the requirements specified in the MSR in the interest of quality of medical education. (v) State Ranking and

(vi) Amount of fee paid for admission to the course.

A copy of the details so uploaded in each case by the institute on its respective website may be furnished by the institute to the Ministry of Health & Family Welfare and Medical Council of India. The Notification/Approval is subject to complying with the above directives of OC.

Failure to comply with this direction will automatically lead to holding conditional approval granted to your college for 2016-17, in abeyance.

4. Accordingly, the College is permitted to admit students in MBBS course against recognized intake from 100 seats for the academic year 2016-17. A letter of permission for increase of intake capacity from 100 to 150 seats in MBBS course for the academic year 2016-17 at KMCT Medical College, Kerala u/s 10A of IMC Act, 1956 is hereby issued subject to furnishing documents/bank guarantee as per para 1 above alongwith another Bank Guarantee of required amount in favour of Medical Council of India, New

Delhi valid for five years from a Nationalized/scheduled Bank as per MCI Regulations 1999 for increase of intake capacity from 100 to 150 seat in MBBS Course by 27.09.2016 to this Ministry. In the event of non-submission of the affidavit and Bank Guarantees within the stipulated period, this letter of Permission for increase capacity and stoppage of de-recognition shall stand withdrawn.

5. *The permission of the Central Government is accorded initially for a period of one year and will be renewed on yearly basis subject to the verification of the achievement of annual targets as indicated in your scheme and revalidation of performance Bank Guarantee. This process of renewal of permission will continue till such time the infrastructure & expansion of hospital facility are completed and a formal recognition of the Medical College against increased intake is granted.*

6. *The next Batch of students against increased intake in MBBS course will be admitted in the college only after permission of Central Government renewal/recognition and fulfilling the condition of OC stipulated in para 2 of this letter.*

7. *Admissions made in violation of the above conditions will be treated as irregular and action under IMC Act, 1956 & Regulations made thereunder will be initiated.*

8. *Discrepancies, if any, may be brought to the notice of MCI and Central/State Government."*

In view of above, the General Body expressed that the Council recommends permission/recognition of any course in modern medicine only when it fulfills the requirements specified in the MSR in the interest of quality of medical education**.** The responsibility to ensure the quality of medical education is upon all authorities responsible for the implementation of IMC Act, 1956**.**

Read**:** the recommendations of the Executive Committee for approval with regard to compliance Verification Assessment of the physical and the other teaching facilities available for 100 MBBS seats at National Institute of Medical Sciences & Research, Jaipur**.**

The Council approved the following recommendation of the Executive Committee:

*"The Executive Committee of the Council considered the compliance verification assessment report **(**25.07.2016**)** along with previous assessment report **(**21.04.2016 & 22.04.2016**)** as well as letter dated 26.07.2016 from the MCI assessors which reads as under:*

1. *"The afore stated MCI assessment was scheduled for 25/7/16. It was rescheduled to 26/7/16 in an e.mail received by us.*
2. *We reached college gate at 9.40 am. The guard on duty got into our car and escorted us to dean's office, as we had requested him to direct us there, but he chose to accompany us in our car.*

3. *We handed over the letter of assessment arrangement to the individual who introduced himself as Dean. However, he then told us he is Dean, faculty, NIMS University & the Principal, NIMS will be coming over to his office & did not sign the acknowledgment.*
4. *However despite 15 minutes of waiting the Principal did not arrive.*
5. *Then 2 assessors (Dr. Saple & Dr. Prasad) proceeded towards Principal's cabin.*
6. *The 3rd assessor was escorted by a college employee & introduced to Prof. of Surgery (Dr. Srivani)*
7. *She assessed bed occupancy at 10 am of Surgery, Orthopaedics, ENT, Ophthalmology, OB&GY. Each ward was not as per MCI norms. Each ward had 54 beds or 100 beds, 108 beds. (Each unit can have >30 beds but each ward has to be max. 30 beds as per MSR). Each ward did not have pantry, demo room, store room, duty room as per requirements.*
8. *(a) Dr. Saple & Dr. Prasad then proceeded to Principal's cabin. There was not one there. Nor was there anywhere any faculty or staff in college building. Then Dr. Saple met 3 Asst. Prof. in Biochemistry. She requested them to help with assessment. One of them accompanied her for assessing bed occupancy.*

   b. Principal eventually arrived 10.13 am & accepted the letter or arrangement.
9. *Bed occupancy was assessed in Medicine, Chest & TB, Psychiatry, Dermatology, Pediatrics.*

   Wards were of 108 beds not as per MCI norms, some wards had no nursing station (video & photos enclosed).

   A person putatively the Superintendent refused to put his signature & snatched the phone out of co-ordinators hand while filming & tried to throw it down.
10. *The signatures of nurses on duty were also enclosed.*
11. *Attendance with signatures or all residents & faculty was taken till 11 am.*
12. *The management people were interfering with the work of assessment and were yelling and abusing & refused to listen to the Principal.*
13. *The co-ordinator and assessors then left the building and waited outside to building to call the third assessor & then the MCI office.*
14. *As we were waiting outside the Principal called us to her office for discussion.*
15. *Along with the Principal Management people who said they were also faculty were also in the room & they insisted that this should be an assessment for 150 seats.*
16. *Dr. Saple called the MCI office & doubly confirmed that the assessment was of 100 seats only.*
17. *On informing the same, the Principal stated that they would not want to continue the inspection.*
18. *The Principal stated that she would a letter to that effect. However, despite waiting till 3 pm no letter of refusal was provided. Only a letter stating facts not directly related to assessment was given.*
19. *No printer was provided at any time.*
20. *Duty roster, records as per request letter were also not provided.*
21. *There was no internet facility in college building/Principal office/chamber.*

22. *There was no computer/photocopier etc. also in Principal's chamber.*
23. *So, as the Principal refused further assessment, due to interference by management, on their verbal statements the assessors left the campus.*
24. *The Management once they realized the bed occupancy & attendance was extremely low put forth. The reason at 11.30 am re.150 vs 100 admissions."*

Additional points

- *There were 412 patients shown in wards at 10 am in 762 beds in Surgery, Medicine, Paediatrics, Orthopaedics, ENT, Ophthalmology, OBGY, Skin, Psychiatry & Chest & TB wards shown to us which is 54%.*
- *As number P.G. units, were not divulged to us this occupancy is based on beds shown & patients shown to us.*
- *Attendance sheets were used for signatures. But there was interference from Management all along.*
- *Despite requests residents, faculty & management did not leave the lecture hall after putting in their signatures.*
- *Hence, faculty deficiency cannot be commuted upon as verification process did not take place as assessment was suspended, as later on the college authorities refused to cooperate & stated they did not want further inspection.*

The Committee recalled that on an earlier occasion also, similar problems had taken place recorded hereunder:

To
The Secretary (UG Section)
Medical Council of India
New Delhi-110 077.

Sub: Problem faced by the assessors during inspection of National Institute of Medical Sciences & Research, Jaipur (NIMS&R, Jaipur).

Respected Madam,

I am Dr. Karabi Baral, Professor of Anatomy, BS Medical College, Bankura; Dr. S. Mohanth, Professor of FMT, MKCG Medical College, Berhampur & Dr. J.A. Jayalal, Professor of Surgery, Kanyakumari Govt. Medical College visited National Institute of Medical Sciences & Research, Jaipur vide No.MCI-37(1)(UG)/2015-Med./ for 100 to 150 seats and continuance of recognition of 100 MBBS seats.

We reached the institute on 21.04.2016 at 10.20 am. Principal came to the administrative block and received the appointment letter, schedule of inspection process and Annexures check list at 10.40 AM.

She took us in her office at the academic building. Dr. Jayalal started to visit the Surgery & allied wards, OTs, OBGY and LR with Medical Superintendent.

As per direction of Principal Dr. Gupta, Professor of Anatomy accompanied me to hospital visit for Medicine & allied wards. Dr. Mohanty was engaged to take attendance of faculties and resident doctors in college lecture theatre till 11.30 a.m.

During my hospital visit Dr. Mohanty called me to LT for some problems. Immediately from central clinical laboratories I went to LT. No

photographers were provided during hospital visit with us. So we took photographs by our own mobile camera.

In the LT management persons who are also faculties of different departments were present there. They asked me about the process of inspection whether it is right or wrong. Took photograph of me in personal mobile of his and recorded. Blamed us that MCI officials screwed us and fought us before sending their institution. Conversation between me and MCI officials recorded by them. Attendance part was going on till 12.40 p.m.

Then we visited college side also and after lunch around 3.30 pm during physical verification of faculties and resident doctors in a big conference hall in administrative block same interference of management persons continued.

In every steps their hot conversation and interference disturbed us to continue the inspection process.

Few parts of college and hospital side could not verified by us for these disturbances. They called the news channel.

In every step we were humiliated, insulted and disturbed. All verified declaration forms except few from surgery department was with us which we sent to Council. Rest of the declaration forms are kept with the college authority.

On 21.04.2016 around 9 pm when we left the college no annexures as per check list were submitted to us except library documents, central research lab documents which were provided me during visit to respective area. No SA-I & B forms provided to us on 21.04.2016.

After returning to hotel at Jaipur we decided to avoid the institute on 22.04.2016 because we did not want to face further same or more severe incidences. We all were mentally severe depressed and insulted in every step. Hence, we could not visit the college on 2nd day i.e. 22.04.2016.

During hospital visit or college visit they did not provide any videographers. But in LT during attendance & during physical verification process the photographers/videographers taken photos of the process.

This is for your kind information.

The General Body of the Council approved the Draft amendment prepared by the office on the recommendations of the Executive Committee at its meeting held on 15.06.2016 which reads as under:-

"In exercise of the powers conferred by Section 33 of the Indian Medical Council Act, 1956 (102 of 1956), the Medical Council of India with the previous sanction of the Central Government, hereby makes the following Regulations to further amend the "Regulations on Graduate Medical Education, 1997", namely: -

1. (i) These Regulations may be called the "Regulations on Graduate Medical Education, 2016".

(ii) They shall come into force from the date of their publication in the Official Gazette.

2. In the "Regulations on Graduate Medical Education, 1997", the following additions/modifications/ deletions/substitutions, shall be, as indicated therein: -

3. In Chapter II, Clause 4 under the heading "Admission to the Medical Course –Eligibility Criteria of "Graduate Medical Education Regulations, 1997", sub-clause (2) (b), (2) (c), (2) (d), (2) (e) &(2) (f) shall be deleted."

690. Recognition/approval of Career Instt. of Medical Sciences & Hospital, Lucknow for the award of MBBS degree(100 seats) granted by Dr. RML Avadh University, Faizabad, Uttar Pradesh u/s 11(2) of the I.M.C. Act, 1956.

Read: the recommendations of the Executive Committee for approval with regard to recognition/approval of Career Instt. of Medical Sciences & Hospital, Lucknow for the award of MBBS degree(100 seats) granted by Dr. RML Avadh University, Faizabad, Uttar Pradesh u/s 11(2) of the I.M.C. Act, 1956.

The General Body of the Council approved the following recommendations of the Executive Committee:

"The Executive Committee of the Council considered the compliance verification assessment report (2nd August, 2016) along with previous assessment report(22nd April, 2016) and decided to recommend to the Central Government for recognition/approval of Career Instt. of Medical Sciences & Hospital, Lucknow for the award of MBBS degree(100 seats) granted by Dr. RML Avadh University, Faizabad, Uttar Pradesh u/s 11(2) of the IMC Act, 1956.

The Executive Committee further decided that the attention of the institute be drawn to Sections 8(3)(2), 8(3)(3) & 8(3)(4) of the Establishment of Medical Colleges Regulations (Amendment), 2010 (Part II) dated 16th April 2010 and act accordingly at appropriate time, which reads as under:-

8 (3) ...
(2) The recognition so granted to an Undergraduate Course for award of MBBS degree shall be for a maximum period of 5 years, upon which it shall have to be renewed.
(3) The procedure for 'Renewal' of recognition shall be same as applicable for the award of recognition.
(4) Failure to seek timely renewal of recognition as required in sub-clause (a) supra shall invariably result in stoppage of admissions to the concerned Undergraduate Course of MBBS at the said institute."

The Council further noted that on the clarifications sought by the Ministry with regard to application of Clause 8(3)(1)(d) against the College while at the same time granting recognition to the institute, the Executive Committee had referred to the opinion of Ld. ASG received vide letter dated 14.03.2015 in the matter of recognition of Great Eastern Medical School & Hospital, Ragolu, Srikakulam, A.P. and the relevant operative part of which is as under:-

"The querist MCI as sought my opinion on the interpretation of Regulation 8(3)(1)(a), 8(3)(1)(b) and 8(3)(1)(c) of the Establishment of Medical College Regulations, 1999 . My opinion has been sought on the following issues:-

"1. Whether the Council should process the applications of the medical college for renewal of permission for admitting fresh batch of MBBS students for the academic session 2015-16 wherein the Council has invoked Regulations 8(3)(1)(a), 8(3)(1)(b) and 8(3)(1)(c) of Establishment of Medical College Regulation, 1999.

2. *Whether the Council while applying Regulation 8(3)(1)(b) of Establishment of Medical College Regulation, 1999 can deny recognition of the MBBS degree granted by medical colleges for the students who have already completed their MBBS course or whether the same will be applicable while considering the case of a medical college for grant of renewal of permission for 5th batch of MBBS students."*

I have gone through the Note for Opinion forwarded by the querist and have also discussed the matter with Mr. Gaurav Sharma and Mr. T. Singhdev, Advocates for the querist.

The amendment notification dated 16.04.2010 inserting Clause 8(3)(1) made it amply clear that the Central Govt. may at any stage convey the deficiencies found during the inspection of the applicant - medical college and provide them an opportunity to rectify the same. However, in case of renewal of permission at different stages, in case the deficiencies with regard to teaching faculty and bed occupancy are found in the medical college above the percentage provided in Regulation 8(3)1(a), 8(3)(1)(b) and 8(3)(1)(c) respectively of the Establishment of Medical College Regulation, 1999, the application of the medical colleges cannot be processed further since, considering the fundamental nature of the deficiencies in clause 8 the rectification is not statutorily contemplated. In such cases there is no provision to grant any time to the medical college for rectification of the deficiencies as the same cannot be rectified within a short span of time.

The relevant portion of the above Regulation are reproduced as under:-

"……..

(3)(1). The permission to establish a medical college and admit students may be granted initially for a period of one year and may be renewed on yearly basis subject to verification of the achievements of annual targets. It shall be the responsibility of the person to apply to the Medical Council of India for purpose of renewal six months prior to the expiry of the initial permission. This process of renewal of permission will continue till such time the establishment of the medical college and expansion of the hospital facilities are completed and a formal recognition of the medical college is granted. Further admissions shall not be made at any stage unless the requirements of the Council are fulfilled. The Central Government may at any stage convey the deficiencies to the applicant and provide him an opportunity and time to rectify the deficiencies.
PROVIDED that in respect of

(a) Colleges in the stage upto II renewal (i.e. Admission of third batch):

If it is observed during any regular inspection of the institute that the deficiency of teaching faculty and/or Residents is more than 30% and/or bed occupancy is < 60 %, such an institute will not be considered for renewal of permission in that Academic Year.

(b) Colleges in the stage from III renewal (i.e. Admission of fourth batch) till recognition of the institute for award of M.B;B.S. degree:

If it is observed during any regular inspection of the institute that the deficiency of teaching faculty and/or Residents is more than 20% and/or bed

occupancy is < 70 %, such an institute will not be considered for renewal of permission in that Academic Year.

(c) Colleges which are already recognized for award of M.B.B.S. degree and/or running Postgraduate Courses:

If it is observed during any regular inspection of the institute that the deficiency of teaching faculty and/or Residents is more than 10% and/or bed occupancy is < 80 %, such an institute will not be considered for processing applications for postgraduate courses in that Academic Year and will be issued show cause notices as to why the recommendation for withdrawal of recognition of the courses run by that institute should not be made for Undergraduate and Postgraduate courses which are recognized u/s 11(2) of the IMC Act, 1956 along with direction of stoppage of admissions in permitted Postgraduate courses....."

I am informed that the assessment of MCI is carried out by the assessors who are Professors of eminence and high integrity belonging to various Govt. Medical Colleges of the Country and the assessment report is also acknowledged by the Dean/Principal of the concerned medical college. The truthfulness and veracity of the contents of the report which incorporates factual findings, therefore, cannot be doubted, since, it is done by independent persons in the presence of the Dean/Principal of the concerned medical college. The medical college is statutorily required to maintain minimum academic standards for the benefits of the medical education and the students so as to ensure that the MBBS students get best of teaching and training. The above Regulations are required to be and were notified with the prior approval of the Central Govt. to ensure that each medical college maintains atleast a minimum teaching faculty, infrastructure, clinical material and other physical facilities in their medical colleges.

The Regulations framed by the querist are statutory in nature and hence the Council as well as the Central Govt. is bound to follow the same in letter and spirit.

I am of the considered opinion that in cases of the medical colleges wherein the Council has invoked Regulation 8(3)(1)(a), 8(3)(1)(b) and 8(1)(c) of the Establishment of Medical College Regulation, 1999, after an inspection by the MCI assessors, there is no statutory provision either under the Acts or under the Regulations authorizing the querist to process the same further.

As far as the second question is concerned, I am of the opinion that the applicability of Regulation 8(3)(1)(b) of the Establishment of Medical College Regulation, 1999 while considering the case of a medical college for grant of recognition of MBBS degree will directly affect the MBBS students who have already completed their MBBS course/studies. The language in Regulation 8(3)(1)(b) of the Establishment of Medical College Regulations, 1999, clearly provides that in case the institute fails to provide minimum teaching faculty and bed occupancy, the institute shall not be considered for renewal of permission. The statutory scheme does not however bar an institute to be considered for the purpose of recognition of MBBS degree of the students who have successfully completed the course. Any such action on part of the querist will be too harsh on such students who have already completed their studies and had/have no control over either the college, the querist or the Central Govt....."

In view of above, the General Body of the Council approved the decision of the Executive Committee granting recognition to the college for the batches which had been permitted by a valid Letter of Permission from the Govt. of India on the recommendations of the Council as per the opinion of the Ld. ASG.

The Council further decided to approve the decision of the Executive Committee with regard to application of Clause 8(3)(1)(d) of Establishment of Medical College Regulations, 1999 debarring the said college for two academic years i.e. 2016-17 & 2017-18 in view of irregularities committed by the college.

The minutes of the above item were read & confirmed in the meeting itself.

(b) In default of the condition (i) and (ii) 1 above and if the compliances are found incomplete in the inspection to be conducted after 30 September 2016, such college will be debarred from fresh intake of students for 2 years commencing 2017-18.

3. The College is further directed to (where applicable):

(a) Upload on its website the status of compliance with MSRs in respect of faculty, infrastructure, clinical material, bed occupancy and other requirements as on 10th September, 2016 in the first instance followed by another update on the website/s as on 20th September, 2016 and the status may be intimated to OC.

(b) Maintain and display the following details on its website for at least 3 months, in order to ensure transparency in admission to UG/PG (Super Specialty) courses for the academic year 2016-17:

i. Name of candidates
ii. Roll Number
iii. NEET Ranking
iv. Sate Banking and
v. Amount of fee paid for admission to the course."

In view of above, the General Body expressed that the Council recommends permission/recognition of any course in modern medicine only when it fulfills the requirements specified in the MSR in the interest of quality of medical education. The responsibility to ensure the quality of medical education is upon all authorities responsible for the implementation of IMC Act, 1956.

Medical College University, Chennai.

The Council approved the following recommendations of the Postgraduate Medical Education Committee:

"The Postgraduate Medical Education Committee considered the Council assessor's report (August, 2014) and decided to recommend not to recognize M.Ch(Surgical Oncology) qualification against increased intake from 2 to 4 seats granted by The Tamil Nadu Dr. M.G.R. Medical College University, Chennai in respect of students being trained at Kilpauk Medical College, Chennai because of the following facts:-

1. *Average daily OPD is 20-25 cases.*
2. *Although average daily OPD is shown as 20-25 and the number of beds are 40, average daily IPD is 72-74 cases, which is not feasible. There is data mismatch.*
3. *Other deficiencies as pointed out in the Assessment Report."*

The above decision was communicated to the college authority vide Council letter dated 17.10.2014.

In reference to above, the Dean/Principal, Kilpauk Medical College, Chennai vide letter dated 13.11.2014 has furnished the compliance.

The matter alongwith the compliance received from the College authorities was considered by the 'Postgraduate Medical Education Sub-Committee' at its meeting held on 19.02.2015 and the Sub- Committee decided as under:-

"The Postgraduate Medical Education Sub-Committee considered the compliance submitted by the College Authorities with regard to recognition of M.Ch(Surgical Oncology) qualification against increased intake from 2 to 4 seats in respect of students being trained at Kilpauk Medical College, Chennai and decided to verify the compliance by way of assessment."

The Assessment has been carried out by the Council assessor on 14.03.2015.

The matter along with compliance verification assessement report (14.03.2015) and previous assessment report (Aug., 2014) was placed before the PG Committee at its meeting held on 16.04.2015. The Committee decided as under:-

"The Postgraduate Medical Education Committee considered the Compliance Verification Assessment Report (14.03.2015) along with the Council Assessor's Report (Aug., 2014) and Compliance dated 13.11.2014 submitted by the College Authorities and decided to recommend not to recognize M.Ch. (Surgical Oncology) qualification against increased intake from 02 to 04 seats granted by The Tamil Nadu Dr. M.G.R. Medical College University, Chennai in respect of students being trained at Kilpauk Medical College, Chennai because of the following facts:-

1. *Average daily OPD is 20-25 which is less. Deficiency remains as it is.*
2. *Deficiencies pointed out earlier stay as such.*
3. *Although number of beds are 40 & daily OPD is 20-25, daily IPD is shown as 72-74 which is not feasible. There is data mismatch which remains as it is.*
4. *Other deficiencies as pointed out in the Assessment Report.*

In case, the College Authorities desire to submit compliance, the same should be received in this office within 6 weeks. If no compliance is received within this period or compliance/ compliance verification is found unsatisfactory, it will result in stoppage of admission to the Postgraduate Course against the above mentioned seats. As per provisions of section 11(2) of the IMC Act, 1956 (and stipulated in LoP) failure to seek timely recognition/ renewal of recognition as required shall invariably result in stoppage of admission to the Postgraduate Course.

The above decision was communicated to the college authority vide Council letter dated 23.04.2015.

In reference to above, the Dean/Principal, Kilpauk Medical College, Chennai vide letter dated 20.05.2015 has furnished the compliance.

Repeated reminders to assessor have failed to evoke any response.*
>
> *In view of above, it was decided to reverify the compliance by fresh assessment. It was also decided to debar the Assessor from the panel of Assessors."*

The above minutes were sent to Oversight Committee for approval.

The Oversight Committee vide email No. OC/PG Committee/2016/125, dated 30.09.2016 has recommended as under:-

> *"2. With reference to para 3.3. of letter at (iii) above (minutes of PG Committee dated 24 May 2016), I am directed to state that OC has approved the scheme of recognition of M.Ch (Surgical Oncology) in Dr. MGR Medical College University, Chennai for the following reasons:-*
>
> *(i) MCI has conducted 3 assessments with no result. Even in the last assessment, the process was unnecessarily delayed,*
> *(ii) Looking at the previous 2 assessment reports, the bed occupancy of the department is 90% and*

(iii) As such, there is no deficiency which would warrant disapproval of the scheme.

After receiving above recommendations from OC Committee, Council vide letter dated 07.10.2016 informed the factual position of the case to the Ministry with a copy to Secretary OC. However, operative part of the letter is reproduced as under:-

Now, the Council has received email letter No. OC/PG Committee/2016/125, dated 30.09.2016 addressed to the Secretary to the Govt. of India, Ministry of Health & F.W., Nirman Bhawan, New Delhi and copy to this Council conveying the decision of OC on the item under reference i.e. no. 78 as under:-

"2 With reference to para 3.3 of letter at (iii) above (minutes of PG Committee dated 24 May, 2016). I am directed to state that OC has approved the scheme of recognition of M.Ch (Surgical Oncology) in Dr. MGR Medical College University, Chennai – increase in intake from 02 to 04 seats for students at Kilpauk Medical College, Chennai for the following reasons:-

(i) MCI has conducted 03 assessments with no result. Even in the last assessment, the process was unnecessarily delayed,
(ii) Looking at the previous 02 assessment reports, the bed occupancy of the department is 90% and
(iii) As such, there is no deficiency which should warrant disapproval of the scheme.

In this regard, it is pertinent to mention here that on going through the assessment reports and as per departmental information given in the report by the college Council observed as under:-

Assessment date	*Average Daily OPD*	*Average Daily IPD*
13/08/2014	*20-25 cases*	*72-74 cases*
14/03/2015	*20-25 cases*	*72-74 cases*

With an average OPD of 20-25 cases/day, daily IPD has been shown as 72-74, which is not feasible. This shows data mismatch. On the basis of this, Postgraduate Medical Edcuation Committee recommended to verify the mismatch data through assessment.

In view of above, the Government of India should take into consideration the recommendation of the Postgraudate Medical Education Committee before giving final approval for Recognition."

Now, council has received email No. OC/EC/2016/193, dated 11.11.2016 informing therein as under:-

"...2. I am directed to convey as follows:-

(i) Serial number 2 in MCI letter under reference – Agenda item number 78, Dr. M.G.R. Medical College Universtiy, Chennai for Kilpauk Medical College, Chennai of Minutes of 24 May 2016.
OC has noted the clarification furnished by MCI. An Examination in OC has revealed that

(a) *Average Daily OPD- The attendance of OPD during the month, as shown in the report is taken into consideration for average 25 days of the month (excluding Sundays and holidays) and is as follows:*

May 2015- 2444/25= 98/day

June 2015-2351/25= 94/day
July 2015-2280/25= 91/day

August 2015- 2231/25 =89/day

Therefore, there is no deficiency according to the last report. It is pertinent to mention that only the referred cases are supposed to be seen in Teritary Care OPD which would indicate that the OPD attendance seems adequate.

As there is no data mismatch mentioned in the MCI letter dated 07.10.2016, the decision of OC for approval of the scheme, stands."

The minutes of the above item were read and confirmed in the meeting itself.

Read: the matter with regard to consideration of the Minutes of the PG Committee on various issues.

The Council approved the recommendations of the PG Committee with regard to Sl.No.1,2,4 & 5 i.e. as under:-

"1. Eligibility criteria of Senior Residents in Super-Speciality departments.

(i) P.G. Degree in broad speciality concerned (in subjects which is for admission to that super-speciality).

(ii) Students pursuing DM/M.Ch course in that super-speciality.

2. Nomenclature of DM(Rheumatology, Immunology & Clinical Immunology) in which there is lot of overlap.

There should be a new course with the nomenclature of Clinical Immunology & Rheumatology by amalgamating all three super-specialities mentioned above. The eligibility requirement for admission to the same should be MD(General Medicine) or MD(Paediatrics). No institution will be allowed to run the course under different names. No 10A application will be accepted under the previous nomenclature of Rheumatology/ Immunology/ Clinical Immunology. However, those holdings super-speciality degree in Rheumatology, Immunology and Clinical Immunology will be eligible for faculty appointments in Clinical Immunology and Rheumatology.

4. Deletion of broad speciality in MD Infectious Diseases and MD Medical Genetics Postgraduate Medical Education Regulation, 2000.

Deletion of MD (Infectious Diseases) and MD (Medical Genetics) from Postgraduate Medical Education Regulations, 2000. And let them stay only as super-speciality.

5. Consideration of E-mail dated 08/08/2016 with regard to Eligibility qualification for non-medical teachers in the subject of Anatomy, Physiology, Biochemistry, Pharmacology and Microbiology who have been appointed before the publication of Minimum Qualification For Teachers in Medical Institutions Regulations, 1998.

The Eligibility qualification for non-medical teachers in the subject of Biochemistry/ Anatomy/ Physiology/ Pharmacology and Microbiology, the faculty members who have got M.Sc. prior to 1998 would be considered for the post of Asstt.Prof. (Ph.D. in above medical subject would also be considered for further promotion).

With regard to Sl.No.3, Council decided as follows:

3. Filling of vacant PG seats in pre and para-clinical Departments from in service candidates without clearing National Eligibility cum Entrance Test.

The Council decided to obtain Legal Opinion on whether relaxation can be made in the provisions of NEET for in-service candidates or candidates working as Tutor/Demonstrator in concerned departments of Pre and para-clinical subjects to join as a postgraduate student without appearing/passing NEET.
