84. Representation for continuance of the course by nomenclature of M.Ch.(Vascular Surgery) – compliance from Vascular Society of India regarding.

Read : the letter dated 29.11.2000 from the Vascular Society of India, Chennai against the decision of the MCI as notified in PG regulations 2000, to have super speciality course in the subject with nomenclature of M.Ch.(Cardio Vascular & Thoracic Surgery) only.

The Postgraduate Committee considered the letter dated 29.11.2000 from Vascular Society of India for inclusion of Vascular Surgery as a separate super speciality course in the Regulations of the Council on Postgraduate Medical Education,2000.

The Committee noted that the combined degree of M.Ch. (Cardio Vascular & Thoracic Surgery) had been included as a super speciality degree in the schedule to the Postgraduate Regulations and further noted that the Madras Medical College has been conducting M.Ch. in Vascular Surgery course since 1985 and there are a number of Vascular Surgery speciality departments in various hospitals / medical colleges all over the country.

The Committee agreed to the proposal to include Vascular Surgery as a separate speciality under M.Ch. in the schedule to the Postgraduate Medical Education Regulation, 2000 as it will help in developing the speciality in other medical institutions particularly in Govt. institutions where the treatment facilities for poor may be enhanced.

Accordingly, the Postgraduate Committee decided to recommend the inclusion of separate M.Ch. course in Vascular Surgery in the schedule to the Postgraduate Regulations for consideration and approval by the General Body of the Council.

92. CWP No.6446/99 –Arun Sharma –vs- Union of India & Ors. – letter of Shri Maninder Singh dated 31.1.2001 regarding the Council to decide whether the two years experience required by a diploma holder of National Board of Examination for equation with the superspeciality degree for a teaching post is also necessary for a non-teaching post and if yes, since when this stipulation has been fixed by the Council.

Read : the letter dated 31.1.2001 in the matter of CWP No.6446/99 – Arun Sharma- vs- Union of India & Ors. regarding two years experience required by a diploma holder of National Board of Examination for equation with the super-speciality degree for a teaching post is also necessary for a non-teaching post.

The Postgraduate Committee considered the Council Advocate's letter dated 31.1.2001 relating to matter CWP No. 6446/99 – Arun Sharma –vs- Union of India & Ors. along with the decision of the Council taken at its meeting held on 17.10.1993, its own decision dated 10.9.98 and General Body decision dated 29.10.98 and also the Central Govt.'s letter dated 26.2.2001.

The Postgraduate Committee noted that certain qualifications have been prescribed to be treated at par with M.D./M.S. awarded by the Indian Universities as given in the Schedule-II to the Minimum Qualifications for Teachers in Medical Institutions Regulations, 1998. For the qualification MAMS/MNAMS/DNB the para 'a' as given below has been prescribed and that the Central Govt. has been requested to substitute that para with the paragraph given at 'b' as per the General Body decision:-

- (a) "MAMS/MNAMS/DNB qualifications when granted on or after 1st June, 1976 granted by National Board of Examinations, New Delhi after due examination and fulfilling one year research experience" by following clause:-
- (b) "MAMS/MNAMS/DNB qualifications when granted on or after 1st June, 1976 granted by National Board of Examinations, New Delhi. For teaching appointments in broad specialities the holders of Diplomate NBE should have at least 1 year teaching experience as a Tutor/Registrar/Demonstrator or equivalent post in a recognised medical college imparting undergraduate teaching and training. Regarding candidates holding Diplomate NBE in super speciality subjects the training shall be for two years in a recognised medical college having recognised postgraduate medical degree in the concerned speciality for appointment as a Lecturer in super-speciality.

The Central Govt. subsequently constituted a Sub-Committee under the Chairmanship of Dr.(Mrs.) Gourie Devi where the Sub-Committee made the following recommendations:-

- 1. The degree DNB (Diplomate National Board of Examinations) awarded by the National Board of Examinations is equivalent to MD/MS/DM/M.Ch.
- 2. For appointment to teaching posts, the holder of DNB qualification is eligible and should be treated at par with those having other Postgraduate/Postdoctoral qualifications such as MD/MS/DM/M.Ch.

The Postgraduate Committee also noted that the Central Govt. has conveyed that the Sub-Committee's recommendations have the approval of the Director General of Health Services. However, the Postgraduate Committee decided not to agree with the recommendations of the Sub-Committee and decided to reiterate that the holders of Diplomate NBE qualifications in broad specialities should have at least one year research experience as a Tutor/Registrar/Demonstrator or equivalent post in a recognised medical college imparting undergraduate teaching and training and further the candidates holding DNB in super speciality subjects shall have training for 2 years in a recognised medical college having recognised postgraduate medical degree in the concerned speciality for appointment as a Lecturer in super speciality.

The Postgraduate Committee also decided to reiterate its decision taken at its meeting held on 10.9.98 which was duly endorsed by the General Body at its meeting held on 29.10.98 that the condition of one year research experience as a Tutor/Registrar/Demonstrator or equivalent post in a recognised medical college imparting undergraduate teaching and training for appointment as a Lecturer for the holders of Diplomate DNB in broad specialities and further that 2 years training in a recognised medical college having recognised postgraduate medical degree in the concerned speciality for appointment as a Lecturer for holders of Diplomate DNB in super speciality be made applicable for non-teaching appointments as well. The reasons for doing so may again be reiterated as under:-

- (i) Admission to DNB course is only by qualifying examination whereas admission to postgraduate M.D./M.S./D.M./M.Ch. courses is by a competitive merit based examination.

- (ii) A definite teaching faculty along with other infrastructural facilities as per laid down regulations of the Council is available for postgraduate students undergoing MD/MS/DM/M.Ch courses whereas for DNB training the faculty possessing adequate teaching experience is not available. Moreover, the DNB courses are mostly conducted in non-teaching hospitals by the consultants who are by and large practitioners.
- (iii) The facilities of the basic sciences training which are essential for postgraduate training is by and large deficient in the institutions imparting DNB training thus leading to lack of orientation of the students pursuing DNB courses to the basic sciences.
- (iv) The candidates pursuing postgraduate courses i.e. MD/MS/DM/M.Ch are trained in the General Hospitals attached to the concerned institutions where the clinical material is available to the maximum extent. On the other hand the DNB candidates are trained mostly in private hospitals which mainly cater to the private patients thus impairing the DNB training as far as hands on training is concerned.
- (v) MD/MS/DM/M.Ch courses are conducted in the institutions having multidisciplinary approach for trainees who thus have wider interaction with different aspects of medicine and more clinical material available for training within the institution which otherwise may not be available for DNB.

The Committee decided that the Council Advocate be requested to apprise the Hon'ble Court in the matter accordingly and further that the Central Govt. may be requested to substitute the existing paragraph 'a' by paragraph 'b' as quoted above as per the decision taken by the General Body of the Council.

SUB : Manipal Academy of Higher Education, Manipal – Continuance of recognition of M.S.(Ophthalmology) & D.O. qualifications in respect of students being trained at Kasturba Medical College, Mangalore .

The Postgraduate Committee at its meeting held on 5.2.2001 considered the Council Inspector's report (December, 99) on the standard of examination and other teaching facilities available at Kasturba Medical College, Mangalore together with compliance and compliance verification report (December, 2000) for continuance of recognition of M.S.(Ophthalmology) & D.O. qualifications granted by Manipal Academy of Higher Education, Manipal. The decision of the Postgraduate Committee is recorded as under:-

“The Postgraduate Committee considered the Council Inspector's report (December, 99) along with the compliance and compliance verification report (Dec., 2000) and noted that Unit – I is functioning at Wenlock District Hospital, Mangalore with only 25 beds and accordingly the clinical matter and the teaching faculty therein cannot be taken into consideration for intake of Postgraduate students.

The Committee, taking into consideration that only Unit- II is constituted as per MCI norms, decided to recommend that recognition of M.S.(Ophthalmology) & D.O. qualifications granted by M.A.H.E. in respect of Kasturba Medical College, Mangalore be continued. However the authorities of the institution are directed to restrict the annual intake, from the next academic session, to 3(three) students in M.S.(Ophthalmology) & 6(six) students in D.O. courses in view of the available teaching faculty.”

The matter alongwith the above recommendations of the Postgraduate Committee and Chairman, Postgraduate Committee are placed before the General Body of the Council for its consideration and approval.

(DR. M. SACHDEVA)
SECRETARY.

37. University of Bombay/Mumbai – Recognition of M.Ch.(Cardio- Vascular & Thoracic Surgery) qualification in respect of students being trained at L.T.M. Medical College, Mumbai.

Read : the Council Inspector's report (March, 2001) on the standard of examination and other teaching facilities available at L.T.M. Medical College, Mumbai for purpose of recognition of M.Ch.(Cardio-Vascular & Thoracic Surgery) qualification granted by University of Bombay/Mumbai.

The Postgraduate Committee considered the Council Inspector's report (March, 2001) and decided not to recommend recognition of M.Ch (Cardio-Vascular & Thoracic Surgery) qualification granted by University of Bombay/Mumbai in respect of students being trained at L.T.M. Medical College, Mumbai because of the following :-

- i) Department of Cardio Vascular & Thoracic Surgery is having only one faculty member, i.e. Dr. Anil G. Tendolkar.
- ii) Dr.Uday Jadhav shown as Assoc. Prof. in the faculty of the department is yet to join his duty.
- iii) Dr. Raj Menon who was working as Lecturer has already resigned and left the department.

The Committee in view of above deficiencies, further decided to advise the authorities of the institution to stop the admissions in M.Ch. (Cardio Vascular & Thoracic Surgery) with immediate effect.

38. University of Bombay/Mumbai– Recognition of M.Ch.(Urology) qualification in respect of students being trained at L.T.M. Medical College, Mumbai.

Read : the Council Inspector's report (March, 2001) on the standard of examination and other teaching facilities available at L.T.M. Medical College, Mumbai for purpose of recognition of M.Ch.(Urology) qualification granted by University of Bombay/Mumbai.

The Postgraduate Committee considered the Council Inspector's report (March, 2001) and decided to obtain the complete details of the experience of Professor & Head, Dr.(Mrs.) Vatsala Dilip Trivedi, with regard to her work in General Surgery and Urology for further consideration in the matter.

39. i) University of Bombay/Mumbai – Recognition of M.D.(S.P.M.) & D.P.H. qualifications in respect of students being trained at L.T.M. Medical College, Mumbai.

ii) Maharashtra University of Health Sciences, Nasik – recognition of D.P.H. qualification in respect of students being trained at L.T.M. Medical College, Mumbai.

Read : the Council Inspector's report (March, 2001) on the standard of examination and other teaching facilities available at L.T.M. Medical College, Mumbai for purpose of i) recognition of M.D.(S.P.M.) & DPH qualifications granted by University of Bombay/Mumbai and ii) recognition of D.P.H. qualification granted by Maharashtra University of Health Sciences, Nasik.

The Postgraduate Committee considered the Council Inspector's report (March, 2001) and decided not to recommend recognition of M.D.(S.P.M.) & DPH qualifications in respect of students being trained at L.T.M. Medical College, Mumbai, because of the following :-

- i) The department has not adopted any PHC for the Community training of the interns;

- ii) The training for rural area based activities is on adhoc basis and not under control of the department; and
- iii) the other deficiencies as pointed out in the inspection report.

40. University of Bombay/Mumbai and Maharashtra University of Health Sciences, Nasik – Recognition of D.P.H. qualification in respect of students being trained at Seth G.S. Medical College, Mumbai.

Read : the Council Inspector's report (March, 2001) on the standard of examination and other teaching facilities available at Seth G.S. Medical College, Mumbai for purpose of recognition of D.P.H. qualification granted by University of Bombay/Mumbai and Maharashtra University of Health Sciences, Nasik.

The Postgraduate Committee considered the Council Inspector's report (March, 2001) and decided not to recommend recognition of DPH qualification granted by University of Bombay/Mumbai and Maharashtra University of Health Sciences, Nasik in respect of students being trained at Seth G.S. Medical College, Mumbai, because of the following :-

- i) The department has not adopted any PHC for the Community training of the interns;
- ii) The training for rural area based activities is on adhoc basis and not under control of the department; and
- iii) the other deficiencies as pointed out in the inspection report.

41. University of Bombay/Mumbai– Recognition of M.Ch.(Urology) qualification in respect of students being trained at T.N. Medical College, Mumbai.

Read : the Council Inspector's report (March, 2001) on the standard of examination and other teaching facilities available at T.N. Medical College, Mumbai for purpose of recognition of M.Ch.(Urology) qualification granted by University of Bombay/Mumbai

The Postgraduate Committee considered the Council Inspector's report (March, 2001) and decided to defer the consideration ;of the matter as the Professor & HOD Dr. Pathak possesses M.Ch. (Urology) qualification from LTM Medical College, Mumbai which matter was considered under item No.38 and certain details regarding the work experience of the HOD Dr. Trivedi are required to be obtained for consideration of the matter of recognition of M.Ch (Urology) qualification at LTM Medical College, Mumbai under University of Bombay / Mumbai.

44. University of Bombay/Mumbai – Recognition of M.Ch.(Urology) qualification in respect of students being trained at Seth G.S. Medical College, Mumbai.

Read : the Council Inspector's report (March, 2001) on the standard of examination and other teaching facilities available at Seth G.S. Medical College, Mumbai for purpose of recognition of M.Ch.(Urology) qualification granted by University of Bombay/Mumbai.

The Postgraduate Committee considered the Council Inspector's report (March, 2001) and decided not to recommend recognition of M.Ch. (Urology) qualification granted by University of Bombay/Mumbai in respect of students being trained at Seth G.S. Medical College, Mumbai because of the following :-

- iii) There are only two teachers in the department of Urology since Dr. Rao on promotion has been transferred to another hospital and thus the teaching complement is not complete as per the MCI norms, and
- iv) the other deficiencies as pointed out in the inspection report.

The Committee, in view of the above deficiencies, further decided to advise the authorities of the institution to stop admissions with immediate effect.

45. University of Bombay/Mumbai– Recognition of M.D.(Physiology) qualification in respect of students being trained at Seth G.S. Medical College, Mumbai.

Read : the Council Inspector's report (March, 2001) on the standard of examination and other teaching facilities available at Seth G.S. Medical College, Mumbai for purpose of recognition of M.D.(Physiology) qualification granted by University of Bombay/Mumbai.

The Postgraduate Committee considered the Council Inspector's report (March, 2001) and decided not to recommend recognition of M.D. (Physiology) qualification granted by University of Bombay/Mumbai in respect of students being trained at Seth G.S. Medical College, Mumbai because the available teaching faculty is not sufficient even for the permitted annual intake of 180 UG admissions; and the other observations made in the inspection report.

The Committee further decided to direct the authorities of the institution to rectify the deficiencies and submit the compliance within six months.

109. i) University of Bombay/Mumbai – Recognition of M.D.(Skin & V.D.) & D.V.D. qualifications in respect of students being trained at T.N. Medical College, Mumbai.

ii) Maharashtra University of Health Sciences, Nasik – Recognition of D.V.D. qualification in respect of students being trained at T.N. Medical College, Mumbai.

Read : the Council Inspector's report (March, 2001) on the standard of examination and other teaching facilities available at T.N. Medical College, Mumbai for purpose of recognition of i) M.D.(Skin & V.D.) & D.V.D. qualifications granted by University of Bombay/Mumbai and ii) D.V.D. qualification earlier granted by University of Bombay/Mumbai and now by Maharashtra University of Health Sciences, Nasik

The Postgraduate Committee considered the Council Inspector's report (March, 2001) and noting that the Professor & HOD Dr. Satish Wadhwa, is working Honorary in the department of Skin & VD at T.N. Medical College, Mumbai, decided to advise the institution to appoint a full time Professor & HOD in the department and send the compliance to this effect.

The Committee further decided to authorise the Chairman to decide in the matter upon receipt of the compliance.

110. i) University of Bombay/Mumbai – Recognition of M.D.(Skin & V.D.) & D.V.D. qualifications in respect of students being trained at L.T.M. Medical College, Mumbai.

ii) Maharashtra University of Health Sciences, Nasik – Recognition of D.V.D. qualification in respect of students being trained at L.T.M. Medical College, Mumbai.

Read : the Council Inspector's report (March, 2001) on the standard of examination and other teaching facilities available at L.T.M.
