MESSAGE

I express my appreciation for the unwavering commitment of the National Medical Commission (NMC), India's Apex Regulatory Authority, in upholding the highest standards in Medical Education. It ensures the delivery of top-notch Medical Education, Practice and Training throughout the nation.

I do appreciate the diligent efforts of NMC in the bringing out of valuable Publications, like the Compendium on NMC Advisories, Public Notices, Circulars & Guidelines for the years 2020-21 and 2022-23 and the Compendium on NMC Regulations (2020-23). I hope that these publications will be a valuable resource for the diverse stakeholders of the health ecosystem including Policymakers, Medical Education Fraternity, Researchers, Clinicians, other Healthcare Professionals, and the general public seeking awareness of Policies and Regulations of Medical Education and Practice.

I extend my heartfelt congratulations to the entire team for publication of the above compendium and hope to have more such commendable endeavors by the Commission in the future.

MESSAGE

The National Medical Commission (NMC), India's premier regulatory body has been committed to upholding the highest standards in healthcare education, ensuring delivery of quality medical education, practice and training across the nation.

I applaud the diligent efforts of the Publication Team of NMC who have worked hard to bring Publications on Compendium on NMC Advisories, Public Notice, Circular & Guidelines (2020-21), Compendium on NMC Advisories, Public Notice, Circular & Guidelines (2022-23) and Compendium on NMC Regulations (2020-23). I envision that it would serve a variety of audiences such as the policymakers, researchers, clinicians, other health professionals and the public which needs to be aware of the Gazette notification, Advisories, Circulars, Public Notices etc. issued by NMC from time to time.

Congratulations to the team and waiting for more such endeavours.

Sudhansh Pant

MESSAGE

I am delighted to announce the publication of the Compendium of the National Medical Commission (NMC). This provides a comprehensive collection of Regulations, Guidelines, circulars, notices, advisories and other important documents.

The compendium is an important milestone in the journey towards mission of NMC; excellence in healthcare delivery. The contents of the compendium help all the stakeholders including the functionaries at NMC to adhere to the standards that will help sound medical education and practice of the profession. The National Medical Commission is committed to fostering an environment of innovation, professionalism and mutual trust within the medical community.

I urge all stakeholders to become familiar with all the Regulations, Guidelines and other advisories brought out by the NMC using this compendium.

Let us all work together to elevate the standards of medical education and care in our country, ultimately benefitting the health and well-being of our fellow citizens.

Message

It gives me immense pleasure in being a part of NMC to share the information with the readers and particularly stake holders about various Public Notifications, circulars, guidelines & regulations issued by National Medical Commission (NMC) and its four Boards.

As the readers are aware, NMC was created by the Act of Parliament on 25th September, 2020 replacing the erstwhile Medical Council of India (MCI). Since all officers and employee of erstwhile Medical council of India where asked to vacate their offices with immediate effect and new staff were appointed over a period of time, there were some difficulties initially. In spite of that everyone in NMC worked hard to stabilize the organization to serve the purpose for which it was created.

I congratulate Prof. Yogender Malik and his team to take up this Herculean task and coming out with this compendium which will be very useful to the students, to the faculty, to the academia at large, to the friends involved in legal system and will also be a window to the world for understanding and following Indian Medical Education, particularly when WFME has accredited NMC for the coming ten years. In turn this will help NMC also by receiving feedbacks and suggestions from various stake holders and luminaries.

Vijay V. Oza.

MESSAGE

It gives me immense pleasure in being a part of NMC to share the information with the readers and particularly stake holders about various Public Notifications, circulars, guidelines & regulations issued by National Medical Commission (NMC) including Undergraduate Medical Examination Board (UGMEB), from time to time.

As the readers are aware, NMC was created by the Act of Parliament on 25th September, 2020 bringing an end to the erstwhile Medical Council of India (MCI) and the aura associated with it.

This timeline of NMC & UGMEB may be divided into two parts; the first part from year 2020 to year 2021 as covid period; and years 2022 to 2024 as post-covid period. NMC was born in the period when the entire world was caught in snares of the dreadful covid-19 virus pandemic. Medical education of our country was also hit by this attack. By the time, we were recovering from it, Ukraine-Russia war overtook the world scenario and once again affected education of Indian students studying in CIS countries and in neighbouring countries.

Even in this turmoil, NMC continued to function as effectively as possible, with whatever manpower and resources available to it and practically no institutional memory. This publication including a series of Notifications were issued from UGMEB, which includes issues broadly classified as follows. New notifications shall be added as and when needed.

- (i) Related to conduct of medical education and examinations in online and offline mode.
- (ii) Academic calendar for various batches from academic year 2020 to 2023.
- (iii) Regulations/ Guidelines:-
 - Compulsory Rotating Medical Internship Regulations, 2021
 - Foreign Medical Graduate Licentiate Regulations, 2021
 - Prevention of Ragging Regulations, 2021
 - Graduate Medical Education Regulations, 2023
 - Maintenance of Standards of Medical Education Regulations, 2023
 - NMC (MSR) for Establishment of New Medical College/ increase of seats in MBBS course, Guidelines, 2023
 - Establishment of Medical institutions, Assessment & Rating Regulations, 2023".
 - Guidelines for Under Graduate Courses under Establishment of New Medical Institutions, Starting of New Medical Courses, Increase of Seats for Existing Courses & Assessment and Rating Regulations, 2023".

I congratulate Prof. Yogender Malik and his team to take up this Herculean task and bring forth a 'Users' guide' which will be very useful to the students, to the faculty, to the academia at large, to the friends involved in legal system and will also be a window to the world for understanding and following Indian Medical Education, particularly when WFME has accredited NMC for the coming ten years.

From Editor's Desk

In releasing this Compendium, I am extremely grateful for the help, expertise and inspiration to our Hon'ble Chairman-Dr.B.N .Gangadhar, along with Dr.ArunaV.Vanikar-President, Under-Graduate Medical Education Board; Dr.Vijay Oza, President, Post-Graduate Medical Education Board; and Secretary, NMC.

The need for the compendium was felt not only by Members of NMC but also by officers working in NMC and Boards. Even stakeholders from public wanted authentic information online. So, this compendium as one of the most genuine, informative and up to date book for the Registered Medical Practitioners, medical institutions/ organizations, general public and other stakeholders.

I once again appreciate and thank the Govt. departments/ Ministries, and also to our Publication Division staff in helping us making this a reality.

I hope that the associated Boards and agencies will continue to extend their co-operation and shall also provide us their full co-operation, for the benefit of all in future too.

ASSESSMENT			
S. no.	Area	Page No.	Subheading
1.	Public Notice- Draft guidelines for fee fixation dated 25.05.2021	1-7	Circular
2.	Public notice- Cutoff date for submitting comments on draft guidelines on determination of fee dated 02.06.2021	8	Circular
3.	Circular- Reschedule of dates for inviting applications for academic year 2022- 2023 for Undergraduate and Postgraduate courses. dated 07.07.2021	9	Circular
4.	Advisory for strengthening infrastructure for COVID trainings and nomination of competent trainers- reg. dated 19.8.2021	10-14	Guideline
5.	Provisional recognition of broad & super-specialties courses for 2021-2022 dated 05.10.2021	15	Circular
6.	Extension of recognition/ provisional recognition of broad & super-specialties courses for 2021-2022 dated 15.09.2021	16	Circular
7.	Registration of PG Courses on the basis of Provisional Recognition due to Pandemic. Dated 27.10.2023	17	Circular
8.	Public notice: Application for the New Medical Colleges/ Increase of MBBS seats for the academic year 2022-23 of those applicants who could not get permission for the academic year 2021-22. Dated 08.12.2021	18	Circular
9.	Public notice: Application for the Postgraduate- Board and Super Specialty Course: For new courses/ Increase of MD/MS, DM/MCh seats for the academic year 2022-23 of those applicants who could not get permission for the academic year 2021-22. Dated 05.01.2022	19	Circular
10.	Circular: MARB, Proforma for college information dated 13.12.2021	20-25	Circular
11.	Public notice: MARB, Online Portal is Open for the Applications of the New Medical Colleges/ Increase of seats for the academic year 2022-23, and for those applicants who could not get permission for the academic year 2021-22. Dated 15.12.2021	26	Circular
12.	Corrigendum Addendum MARB, Pro forma for college information dated 20.12.2021	27-28	Circular
13.	Public Notice: Regarding invitation of applications in MD Psychiatry and MD Geriatrics from listed medical institutions/colleges under National Health Program dated 22.12.2021	29-31	Circular
14.	Clarification regarding Recognition/Continuance of Recognition (CoR) for One Year. dated 11.07.2023	32	Circular

NMC Compendium 2020-2023 – Volume 1

15.	Recognition/Continuation of Recognition (CoR) of MBBS degree for the year 2022-23. Dated 14.07.2023	33-34	Circular
16.	Applications are invited for the Post Graduate Courses. dated 16.08.2023	35-64	Circular
17.	Submission of Applications by medical colleges/institutes for increase of seats in various post-graduate courses for admission in the academic Session 2024-25. dated 23.08.2023	65	Circular
18.	Fake/Forged Letter of Renewal of Permission to Meenakshi Medical College, Kanchipuram, and Fake/Forged Letter of Permission to santhiram Medical College, Kurnool for increase of seats in MS- Ophthalmology, MD- General Medicine and MS - Regarding. dated 29.08.2023	66-74	Circular
19.	Fake/Forged Latter of Permission issued to various colleges- Regarding. dated 01.09.2023	75	Circular
20.	Fake/Forged Letter of permission to GSL Medicate College, Rajahmundry for increase of seats in MD General Medicine from 14 to 40, MS-General Surgery from 14 to 40 and MS-OBG from 08 to 25 and Fake/Forged Letter of Permission to Maharajah institute of Medical Sciences, Vizianagaram, Andhra Pradesh for increase of seats in MD- Radio Diagnosis for 15 to 24 seats and in MD-Anesthesiology from 04 to 18 - Regarding. dated 01.09.2023	76-104	Circular
21.	Falling of UG and PG Seats for the Academic Year 2023-24-Regarding. dated 01.09.2023	105	Circular
22.	Public Notice use of digital signature in order of commission/boards dated 04.09.2023	106	Circular
23.	Sub: Fake/Forged Letter of Permission to GSL Medical College, Rajahmundry for increase of seats in MD- Radio Diagnosis from 10 to 24-Regarding. dated 05.09.2023	107-109	Circular
24.	Fake/Forged Letter of Permission to Maharaja Institute of Medical Sciences for increase of seats in MS- Orthopedics from 08 to 16, MS-ENT from 02 to 06, MD-General Medicine from 15 to 26, MS-OBG from 10 to 16, MD-Respiratory Medicine from 02 to 05, MS-Ophthalmology from 03 to 06, MD-DVL from 05 to 10, MS-General Surgery from 10 to 26 and MD-Pediatrics from 08 to 16 for the academic year 2023-24- Regarding. dated 11.09.2023	110-128	Circular
25.	Timeline/schedule for completion of approval/disapproval for increase of seats/starting new broad specialty & super specialty courses/establishment of new medical college/renewal of college for academic year 2024-25- reg. dated 15.09.2023	129-130	Circular
26.	Fake/forged letter of renewal of permission for MBBS course for 2nd Batch (1st Renewal) of G R Medical College Hospital & Research Centre, Karnataka for the AY 2022-23 – regarding dated 20.09.2023	131-132	Circular
27.	Assessment Results (LOPs / LORs) of Academic Year 2023-24 notified on the National Medical Commission's Website. Dated 23.09.2023	133	Circular

No. NMC/Secy/2021/30 / ०८ ८ २ ५ २

Dated: 25.05.2021

Public Notice

National Medical Commission is required to frame guidelines for determination of fees under Section 10(1) (i) of NMC Act. Draft guidelines for fee fixation for prepared by the expert group constituted for this purpose are attached for inviting public comments. The comments may be sent to legal@nmc.org.in through email only.

(Dr. R. K. Vats)
Secretary

DRAFT GUIDELINES

Broad draft guidelines for the determination of fees for MBBS and Post Graduate (PG) Courses and other charges in respect of private medical colleges and deemed to be Universities were recommended by the EG as below:

1. No institution should charge capitation fee in any form or manner.
2. For the determination of fees for MBBS/PG courses, it needs to be ensured that the principle of education being “not-for-profit”, is strictly adhered to. Therefore, it is necessary that whereas all the operating costs and other expenses for running and maintenance of the institution for imparting medical education on a sustainable basis are covered in the fees, no excessive expense and exorbitant profit component should be allowed to be added to the fees.
3. The operating cost should primarily form the basis for the determination of fees for medical education. The operating cost should be arrived at on the basis of the last annual audited accounts of the institution.
4. It is also anticipated that in newly established medical colleges the overheads like interest, depreciation and salary would be very high in comparison to old established medical colleges. There may be a case where no audited balance sheet would be available with the college (being its first year). In such a case, the determination of fee for a newly established college should be made on an ad-hoc basis, based on the fee structure of the most recently established medical colleges in the State, whose audited balance sheets were available. Also, due to the Covid19 pandemic in the last financial year i.e. 2020-21, most colleges had to suspend physical classes for some time and due to the same, while some expenses such as hostel maintenance, mess expenses and other expenses directly related to students had decreased; some other expenses such as hospital running expenditure, salaries and overtime allowances of medical staff and doctors, medical facilities expenses and other related administrative expenses had increased. Therefore, the expenses of 2020-21 will not accurately depict the actual expenditure which a medical college has to bear in a normal year. So the audited financial figures for 2020-21 may not provide a true picture of the accounts. In such cases, the State Fee Regulatory Authority may consider the average audited financial result of the previous three years, with appropriate inflation adjustment.
5. The total sanctioned strength of the number of students is to be taken into account for the purpose of determination of cost per student, separately for MBBS and PG courses.

6. The fees can be fixed for a block of three years or on a year to year basis. The fee fixed for a student joining a college in a particular year should remain the same for the entire duration of his study in the college, subject to inflation adjustment, as considered appropriate by the State Fee Regulatory Authority, which could for example be at the rate of 5% or on the basis of Consumer Price Index (CPI), on a whichever is higher basis.

7. All private teaching institutions should be advised to adopt operation segment reporting in accordance with the Ministry of Corporate Affairs, Government of India notified Indian Accounting Standard (Ind AS) 108 in respect of expenses pertaining to the medical college and different PG medical courses, hospital, hostel, mess, transport, laboratory and diagnostic facilities, pharmacy, library, etc. The common expenses which are not exclusively identifiable with any of the cost centre/ activity or the course should be apportioned on an equitable and appropriate basis for arriving at the cost in respect of running the medical college and other activities.

8. All hospital expenses are not to be included in computing the cost for providing medical education. A portion of hospital expenses arrived at on the basis of usage of hospital facilities and equipment for imparting the medical education for MBBS and PG courses may be added for arriving at the fees. However, if a hospital is running at a loss in the initial days of a newly established college, it may need to be supported for a few years so that it can turn the corner. If the hospital shuts down suddenly for lack of funds, the future of the already enrolled students may be jeopardised. This cannot, however, be a blank cheque to burden the students of a college indefinitely. Thus a time limit of say 5-7 years could be put for absorbing the losses of a hospital by the students by way of increased fees. In the alternative, if the State Fee Regulatory Authority judges that a hospital cannot be run on a self-sustaining basis for a much longer term, especially if it is located in a poor and backward part of the State, up to 20% of the costs of the hospital could be added to the operating costs of the medical college. In either case, the State Regulatory Authorities would need to satisfy themselves fully from the segmented accounts submitted by an institution and the final decision should be left to them.

9. Salaries of the teaching staff and other non-teaching staff should be taken into account for the purpose of determination of fees for medical education. In case the teaching staff, especially for clinical subjects, is also devoting part of their time to the attached hospital, a part of their salaries can be apportioned to the hospital (say 20%) and excluded on the basis of the estimated time devoted to the hospital for the purpose of determination of fees. For calculating the

salary expenditure relating to the teaching & non-teaching staff, the State Fee Regulatory Authority may fix a ceiling as per the NMC approved guidelines for the minimum sanctioned numbers of teaching and non-teaching staff based on the approved student strength. However, the State Fee Regulatory Authority could relax this salary ceiling, if the institution exhibited a clear commitment to improve the teacher student ratio and appointed a larger number of teachers than the minimum prescribed NMC norms. In any case, the admissible maximum salary per staff member should be based on the guidelines for Grade-A, Grade-B, Grade-C and Grade-D employees and city norms.

10. Depreciation can be recognised, based on either the straight-line method or the written down value method as per the accounting practice followed by the medical college. However, the basis adopted for calculation of depreciation should be consistent on a year to year basis.

11. Depreciation is to be taken only on those fixed assets which had been used during the related year. If a fixed asset had been purchased or constructed in a financial year but due to some reasons the same was not put to use during the year, the depreciation on that particular fixed asset should not be taken into account for determining the fees for students in that particular year.

12. Interest cost on the loan(s) taken for meeting the capital expenditure in respect of a medical college could be taken into account only if the loans are taken from scheduled commercial banks and not from the promoters or private parties. Similarly, interest costs of a loan taken from a scheduled bank for meeting the working capital requirements may also be taken into account for the purpose of computation of fees.

13. In order to consider interest cost for fee fixation, only a loan which is directly attributable to a medical college and/ or the hospital, should be taken into consideration while calculating fees. If a loan is taken from a scheduled bank for the purpose of a medical college and/or hospital but such a loan or part of such a loan has been diverted/ utilized for other purposes such as a loan or advance to a Director/trustee/other body corporate/other trust having the same object etc., the interest cost on such part of the loan which is not used for the purpose of the medical college and/ or hospital, should not be considered while calculating the student fees.

The loan must be apportioned on a rational and legally tenable basis and the interest cost pertaining to only the medical college and hospital should be considered for fee calculation purposes.

14. Further, the interest cost (which has been capitalized) should also not be considered while determining the student fees, because the capitalized portion of the interest will form a part of fixed assets and depreciation will be allowed on that. If the same portion of interest is considered, it will tantamount to consideration twice because at one place it occurs as the interest cost while at another place it occurs as the depreciation cost.
15. Interest cost on such funds, which have been given as advances for any cause of the medical college, have to be ignored for fee calculation purposes if the same are not materialized during the year itself.
16. Any grant, aid, and/or concessions received by a private medical institution and deemed to be University should be accounted for while determining the fees and other charges which are spent for revenue expenditure.
17. Assets created or purchased from any grant, aid, donation and/or concession received by any private medical institution, should not be accounted for while determining the fees and other charges, if such grant, aid and/or concession or donation received, are in the nature of a corpus because it can be used only for specific purposes. These are not part of the income and expenditure and on such assets, depreciation would already have been taken into account for determination of fee, therefore, corpus receipts are not to be taken separately.
18. Most of the private medical colleges take a security deposit/ caution money deposit from the students for meeting any loss caused by them to the college property or equipment. Such deposits are normally refundable and are invested in fixed deposits on which interest is earned. The amount of deposits should not be taken into account for calculating the fee. The amount of such deposits should not be exorbitant. Also, the income earned from the deposits by way of interest may be deducted from the operating costs for arriving at the fee for medical courses. In order to prevent excessive charging, the Fee Regulatory Authority could ask for information on this subject from a college at the time of determination of its fee structure. The Authority could also fix ceiling rates for all such deposits by a college and require a college to post a detailed break-up of such deposits on its website.
19. Fees in respect of PG courses could be determined on the basis of direct expenses in respect of salaries of teaching faculty and other directly identifiable expenses in respect of particular PG courses. Other common expenses in respect of teaching staff, non-teaching staff and other expenses which are common for both MBBS and PG courses should be arrived at by dividing the total common

expenses by the number of students. A portion of hospital expenses in respect of facilities used for running PG courses in clinical subjects, arrived at on an objective basis, can also be added in arriving at the fees for PG medical courses especially in clinical subjects. The determination of fees for individual PG courses could be left to the college, subject to the proviso that the total operating costs for running all postgraduate courses should not exceed the total fees collected in any particular year. Also, stipend paid to the PG students should be a part of the hospital expenses and should not be taken as a cost of the medical college or added to the fees of a PG student.

20. Development fee at the rate of 6% to 15% of the operating cost can be added for meeting the development expenditure for growth and expansion of the medical college. Such surplus should not be allowed to be used for any other purpose and a separate account for the purpose may be maintained.

Introduction of a rating system of colleges based on multiple parameters is under consideration and in case such a scheme comes through, the specific percentage of the Development Fee for a college may be linked to the rating awarded to a college so that there is an incentive for colleges to improve their performance and generate larger amounts for the development of the institution. In case interest cost were to be included in the determination of fees, the Development Fee should be calculated by excluding the interest cost since interest is not a part of the operating cost.

21. Hostel, mess, transport, library, and examination fees etc., could be arrived at broadly based on the actual expenses incurred for providing these services and the number of students availing these facilities. Expenses which are common and not directly identifiable should be apportioned on equitable basis to different activities for arriving at the cost of providing different facilities.

22. In respect of hostel rent, it should be left for the State Fee Regulatory Authority to decide whether the hostel rent should not exceed the municipal rental value or fair rental value in that area.

23. Some of the State Authorities fix the fee for MBBS and other courses college-wise separately while in some other States, it is fixed on the basis of the median costs of all the medical colleges on consensus basis. In case a State Fee Regulatory Authority desires to adopt a uniform fee structure in the State, it could do so, provided there is consensus among the colleges and the range between the minimum fees and the maximum fees calculated for colleges in the State is nominal and does not cause unnecessary financial hardship to the students.

24. The fees determined on the basis of these guidelines should not be more than the existing fees determined by the State Fee Regulatory Authority. Similarly, in the States where there is a pre-existing MoU to regulate the fee for government quota seats, the fee determined should not be more than the fee so fixed for the government quota seats.
25. In States where more than 50% seats in the private medical colleges are already being regulated (i.e. under the relevant State Act by way of government quota and other quotas with concessional fees), such higher percentage of government quota seats should be maintained.
26. The same set of guidelines applicable to the private medical Colleges under the purview of the State Fee Regulatory Authorities should be applicable to the deemed to be Universities also and an enabling amendment to the relevant State Fee Regulation Act, as deemed necessary, should be considered.

File No. NMC/Secy. 2021/20/ 018923

Dated: 19-08-2021

To

The ACS/Principal Secretaries/Secretaries in Charge of Medical Education (All States/UTs)
The Director of Medical Education (All States UTs)
The Dean/Principal/Director, All Medical Colleges Institutions (All States UTs)

Subject: Advisory for strengthening infrastructure for COVID trainings and nomination of competent trainers- reg.

Dear Madam/ Sir,

As you may be aware, an Empowered Group-3 (EG-3) has been constituted on 'Augmenting Human Resources and Capacity Building' for decisively and effectively addressing the evolving challenges from Covid-19. EG-3 had further formed a sub-Group on Training and Capacity Building' with the mandate to identify training needs, develop modules and suggest robust training network to carry out trainings of Health Care Professionals.

2. EG-3, considering the recommendations of sub-Group, has been envisioned that a robust training framework need to be established across the country to enable trainings on COVID-19 related topics, to mitigate any further surge of COVID. More than 120 lessons (topics) across 22 modules have been identified. Several of these are clinical in nature and may need onsite trainings (list enclosed- Annex I).

3. All the health professionals including Doctors, Nurses and other clinical staff must undergo training and certification on these clinical topics, to ensure patient safety at all times. The skill training and verification is envisaged at the level of COVID hospitals and similar facilities including medical colleges, by utilizing the existing resources. Thus, it is recommended that the skill laboratories of the medical colleges may be utilized and list of equipment as per (Annex II) may be made available from the existing resources. While the equipment list is stratified based on the level of services to be provided in the facilities, medical colleges are expected to provide trainings for all the lessons listed in Annex I and ensure availability of the equipment accordingly.

4. It is requested to all the states/ UTs/ Medical Colleges to nominate the relevant master trainers for the said training to be conducted at the State/ UT level. All the ACS/Principal Secretaries /Secretaries (Medical Education) of the states/ UTs are requested to coordinate for conducting these trainings and building up the requisite infrastructure as described earlier before 31/08/2021. ToT for such clinical courses (training lessons) will be conducted by AIIMS faculty and the schedule will be shared shortly with all concerned State /UTs. It will also be available at NMC's website which can be accessed at <https://www.nmc.org.in/>

Yours sincerely,

(Dr. Sandhya Bhullar)

Secretary, National Medical Commission

Encl.: as above

Annex I

List of Clinical Topics/lessons requiring Skill Assessment/On-site Evaluation*

Sr No	Topics/Lessons
1.	Triage and casualty management
2.	Oxygen therapy- Oxygen sources, Oxygen delivery by mask/cannula, Oxygen monitoring and minimizing wastage
3.	Use of BiPAP and HFNO
4.	Invasive ventilation
5.	Advanced Clinical Management of COVID-19 of SARI, ARDS and Septic Shock
6.	Managing fluid and electrolyte balance of COVID patients
7.	COVID Drug Therapy
8.	History Taking, physical examination and monitoring vitals- BP/ Saturation/ EKG/ End tidal CO2/ Transducers / Venous access/ RT, Foley's, ABG sampling/ ET Suctioning / Early warning score/ Patient record
9.	Basic CPR
10.	Advance CPR
11.	Positioning and Awake proning
12.	ICU care and ventilated patients- --Lung protective ventilation, --positioning, --prevention of bed sore, --care of endotracheal tube or tracheostomy
13.	Ambulation of COVID patients- intra hospital transfers
14.	Use of point of care tests and equipment: --IV/ Catheterization --Pulse Oximeter --Infusion pump --Intubation - red flags for intubation and support --ECG --Ultrasound in critically ill patients
15.	Personal care and bed side assistance
16.	Covid testing in neonates
17.	Resuscitation and delivery room care of neonates born to Covid mothers (Early skin to skin care, Early initiation of breastfeeding, Delayed cord clamping)
18.	KMC for LBW infants born to Covid mothers
19.	Management of COVID illness in neonates: Oxygen therapy
20.	Management of COVID illness in neonates : Respiratory assistance
21.	Management of MIS-C
22.	Referral and pre-referral stabilization and transport

Sr No	Topics/Lessons
23.	Paediatric Respiratory therapy: Oxygen therapy- different methods, incl NRBM; Use of MDI with spacer
24.	HHHFNC (paediatric)
25.	Mechanical ventilation: non-invasive and invasive (paediatric)
26.	Intravenous fluid therapy (paediatric)
27.	Medications in children: guidance about dosing, dilutions, etc.
28.	Managing shock in children
29.	Use of Pulse Oximetry in children
30.	Pediatric BLS
31.	Pediatric ALS
32.	Labour and Delivery in women with suspected or confirmed Covid infection
33.	Abortion services in Covid Pandemic
34.	CPR in pregnant women
35.	Positioning and awake proning in pregnant women
36.	Chest Physiotherapy and airway clearance techniques in COVID patients
37.	Mobilization techniques and rehabilitation of COVID patients
38.	Taking Nasal Swabs
39.	Sample collection for CoVID in a child
40.	COVID 19 Lab testing and analysis (Lab professionals and ANMs only)
41.	Community surveillance, screening and contact tracing
42.	Using Point of Care Rapid Diagnostic Kits

**subject to modifications based on update on thematic topics.*

Annex II

Basic training infrastructure requirements for district hospital/ Dedicated COVID Center^{1, 2,3}

The training room shall fulfill the requirements of training for activities to be undertaken at the facility. Minimum recommended requirements are as under:

- A minimum of one separate skill demonstration room with two beds, such that the skills could be demonstrated and practiced individually or in groups
- The room should also be used for assessment of inductees
- The room may be equipped with a facility for video recording and review,
- A review or debriefing area,
- Adequate storage space for mannequins and/or other equipment may be provided in a safe area, within this space itself, if possible
- Basic equipment may include CPR and mannequins, injections, IV lines, catheters, intubation equipment etc.
- Where possible, existing equipment or resources may be utilised to reduce set up and maintenance cost

Broad recommendations for facility wise service oriented basic equipment and Trainer requirements are as under:

I. Dedicated COVID Hospitals (DCH)-

1. Ventilator machine, preferably of the make and model as one being used in the facility
2. Oxygen cylinders and Concentrators with all accessories and attachments
3. Supply mechanism of medical oxygen around the facility, pipes, regulators, control rooms; visit to PSA plant if there's one in the facility
4. Patient care accessories including injections, IV lines, intubation tubes, catheters, IV line, Catheters, Pulse oximeter, Infusion pump, Portable ECG machine, BP machine, Portable ultrasound machine, point of care testing equipment etc.
5. Bed-side nursing assistance and care provisions like bed pan, bed linen, pillows, patient gowns
6. Laboratory sample collection and transportation apparatus
7. Breathing Simulators

³ MoHFW (2013) *Skill lab operational guidelines- strengthening competency-based training of healthcare providers for RMNCH+A services*. Retrieved from https://nrhm.gujarat.gov.in/images/pdf/skills_lab_operational_guidelines.pdf

8. CPR and Advanced mannequins
9. PPE coveralls

Potential trainers can be retired Doctors and specialists (any including Physicians, Intensivists, Anesthesiologists with extensive experience) or available Doctors with extensive experience, Critical Care Nurse Practitioners, Respiratory Therapists and Physiotherapist, with adequate and extensive experience in handling critical equipment.

II. Dedicated COVID Health Centers (DCHC)-

1. Oxygen cylinders and Concentrators with all accessories and attachments
2. Patient care accessories including injections, IV lines, intubation tubes, catheters, IV line, Catheters, Pulse oximeter, BP machine, point of care testing equipment etc.
3. Bed-side nursing assistance and care provisions like bed pan, bed linen, pillows, patient gowns
4. Laboratory sample collection and transportation apparatus
5. CPR and Advanced mannequins
6. PPE coveralls
7. Contact details of Ambulances linked with the facility, DCH linked with the facility
8. User manuals on Biomedical Waste Management, Transfer Procedures.

At DCHC level Trainers could include experienced Medical Officers, senior Staff Nurses, Respiratory Therapists and Physiotherapist.

III. COVID Care Centers (CCC)-

1. Oxygen cylinders and Concentrators with all accessories and attachments, Oximeter and BP machines
2. PPE coveralls
3. Checklists for periodic follow-up and evaluation of patients' status
4. Awareness generation material on Biomedical Waste Management, Transfer Procedures, Importance of hygiene, sanitation and COVID Appropriate Behaviour during the pandemic
5. Contact details of Ambulances linked with the facility, DCHC/ DCH linked with the facility

At CCC level care practical training could engage Medical Officers (MO) specifically for point 1 and 3 rest can be done by experienced AYUSH practitioners, senior Staff Nurses, Emergency Medical Technicians, Counselors and Local Administrators for coordination and reporting like responsibilities.

Medical Assessment & Rating Board (MARB)

No.NMC/MCI-23(01)/2021/Med./

Date: 05-10-2021

NOTICE

Subject: Recognition of Postgraduate courses – Broad and Super-Specialities approved by Medical Council of India for the year 2020-21, COVID Pandemic – Batch recognition regarding

As per para 6(2) of the Postgraduate Medical Education Regulations, 2000, "The Institution shall apply for recognition of the Post Graduate Medical qualification to the Central Government through the affiliating University, when the first admitted batch shall be due to appear for the examination to be conducted by the affiliating University". In view of the COVID Pandemic, some colleges were inspected physically, some by virtual mode and the rest have submitted sworn affidavits. Therefore, the process of inspection and recognition of PG Courses is not uniform and the recognition of new PG seats or those that have been increased have not been completed.

2. In these circumstances, the Medical Assessment and Rating Board has decided to provisionally recognize all PG courses for a period of one more year when those are granted by their specific University (in which the PG Course is running under or granted) or for a period as notified by the National Medical Commission, whichever is earlier, from the date of issuance of this letter.

No. NMC/MCI-23(01)/2021/Med./ 020459

Date: 15-09-2021

NOTICE

To,
All Principals/ Deans/ Vice-Chancellors,
Medical Colleges/ Institutions/ Universities.

Subject: The duration of Recognized Postgraduate qualifications i.e. Recognition of/ Recognition against increased intake of/ Renewal of Recognition of the academic year 2020-21 - regarding.

Respected Principals/ Deans/ Vice-Chancellors,

Greetings from the Postgraduate Medical Education Board (PGMEB) of the National Medical Commission (NMC). With reference to subject noted above for the recognized postgraduate qualifications which were done under following inspection types:

1. Recognition of PG Course
2. Recognition against increased intake of PG Course, and
3. Renewal of Recognition of PG Course

As per Postgraduate Medical Education Board (PGMEB), it has been decided that recognized PG Courses shall be extended for another One (01) year when those are granted by their specific University (in which the PG Course is running under or granted) for the academic year 2020-21 and shall be valid for a period of 01 year or for a period as notified by the National Medical Commission, whichever is earlier, from the date of issuance of this letter upon which the institute shall apply for renewal of recognition so granted. Failure to seek timely renewal of recognition as required shall invariably result in stoppage of admission to the Postgraduate course.

Yours sincerely,

(Dr. M.K. Ramesh)
President
Postgraduate Medical Education Board (PGMEB)

Postgraduate Section

No. NMC/MCI-23(01)/2021/Med./ 029459

Date: 27-10-2021

To,

All State Medical Councils.

Subject: Regarding Postgraduate Qualifications (MD/ MS/ DM/ M.Ch.) i.e. Recognition/ Recognition against increased intake/ Renewal of Recognition of the academic year 2020-21.

Dear Sir/ Madam,

As per para 6(2) of Postgraduate Medical Education Regulation, 2000, "The institute shall apply for recognition of the Postgraduate Medical qualification to the Central Government through the affiliating University, when the first admitted batch shall be due to appear for the examination to be conducted by the affiliating University." In view of the COVID Pandemic, the system of physical inspection at the time of examination could not be followed as prescribed by the regulation and therefore, the process of recognition of new PG courses, recognition against the increased intake of PG courses and renewal of recognition of PG courses could not be completed.

2. Keeping in view of the extraordinary situation arising out of COVID Pandemic, Postgraduate Medical Education Board (PGMEB) and Medical Assessment & Rating Board (MARB) has decided to provide One year provisional recognition to all the PG courses which includes Broad & Super-Specialty courses for academic year 2020-21, so that the Postgraduate Medical students do not face any difficulty while registering their additional qualification with the registering authorities.

3. It is therefore, requested that all the State Medical Council may register all the PG courses which are shown as Permitted on the National Medical Commission (NMC) website and, PG students have passed during the academic year 2020-21.

Yours faithfully,

(Aujender Singh)
Deputy Secretary

राष्ट्रीय आयुर्विज्ञान आयोग
National Medical Commission
(Undergraduate Medical Education Board)

No. U.14021/08/2023-UGMEB/

Dated the 11th July 2023

CIRCULAR

Subject : Clarification regarding Recognition/Continuance of Recognition (CoR) for One Year .

It has been brought to the notice of UGMEB that there are certain previous batches of medical students, whose MBBS degree awarded by their respective Universities are yet to be recognized. Recognition or Continuance of Recognition for one year has already been granted by UGMEB in the year 2023 for the MBBS batch admitted in the academic year 2018-19(exiting in 2022-23).

2. Considering the peculiar situation and hardship faced by these medical students in obtaining permanent registration in the absence of recognized medical qualification, it is clarified that *Recognition/ Continuance of Recognition granted by UGMEB for ONE YEAR in 2023 includes the MBBS batches admitted upto 2018-19.*

3. All Registrars of concerned universities and Directorates of Medical Education are requested to take appropriate action at their end.

4. This issues with the approval of the President, UGMEB.

No. U.12023/01/2023-UGMEB/

Dated the 14th July 2023

PUBLIC NOTICE

Subject : Recognition/Continuation of Recognition(CoR) of MBBS degree for the year 2022-23.

Considering the schedule for counseling of NEET-UG 2023, Medical Colleges/Institutions that were due for Recognition/CoR due upto the year 2023 and have not been communicated for specific denial or stoppage of admission for the academic year 2023-24 by MARB/NMC, are hereby granted Recognition for a period of **ONE YEAR ONLY(i.e. AY 2022-23)**, for all the admitted MBBS batches upto the academic year 2018-19.

These medical colleges/institutions are allowed to admit fresh batch of MBBS students with the same intake as in the academic year 2022-23.

1. Establishment of Medical Institution, Starting of New Medical Courses (Undergraduate And/or Postgraduate)

<https://www.nmc.org.in/MCIRest/open/getDocument?path=/Documents/Public/Portal/LatestNews/246253.pdf>

A. **The mandate of permission** – No medical college or medical institution can be established, or new medical course or courses be started unless it is granted permission by the MARB in writing, in response to an application submitted in this regard.

Provided any such permission by the MARB may be issued subject to such conditions as it may think fit to impose.

B. **MARB inviting applications** – The MARB may invite applications for one or more of the following:

a. New college -

- Establishing a new medical institution intending to offer undergraduate courses.
- Establishing a new medical institution intending to offer postgraduate medical courses.
- Establishing a new medical institution intending to offer both undergraduate and postgraduate medical course/s.

b. An Established College -

- d. For increase or decrease in the numbers of UG seats in an established medical institution.
- e. For starting postgraduate medical course/s or increase or decrease in the numbers of PG seats in an established medical institution.

C. **Applicant and application** – No entity other than the following shall be eligible to apply for establishing a new medical college or medical institution or to start a new course or courses in medicine as the case may be –

- a. The Central Government; or
- b. The State Government or State Governments in partnership; or
- c. The Union Territory; or
- d. A university duly established in India; or
- e. An autonomous body promoted by the Central or the State Government by or under a statute, and has no conflict of objectives for undertaking medical education by starting a medical institution; or

 Government Of India	राष्ट्रीय आयुर्विज्ञान आयोग NATIONAL MEDICAL COMMISSION New Delhi		Doc No.: NMC/MARB/001 Issue No.: 01 Revision No.: 00
GUIDING DOCUMENT FOR FILING APPLICATION FOR UG and PG COURSES AY 2024-2025			

- f. A society registered under the Societies Registration Act, 1860 (21 of 1860) or any respective statute meant to establish and regulate Societies in the respective State; or
 - g. A Section 8 Company duly incorporated under the Companies Act, 2013 or any other corresponding law in force during its establishment: or
- D. The eligible entity shall apply only upon invitation by the MARB by way of Notification of inviting applications for establishing new medical institutions and starting new medical courses (UG and/or PG) within the deadline prescribed therein. Every year new applicant college has to register a fresh online registration on NMC portal.
- E. Provided the eligible entity shall apply, through a web portal made available on the website of the National Medical Commission, or by such means as may be duly Notified, to the MARB in a proforma/form provided in this regard along with such fees as may be specified in the Notification.
- F. Without prejudice to anything stated in these Regulations, such entities as specified in Section-7 above, shall submit their application seeking permission to establish a medical institution or for starting a new medical course or courses, as the case may be, only if they satisfy all conditions provided under the Notified MSRs by the UGMEB or PGMEB as on the date of the application.
- G. No application submitted by the eligible entity shall be entertained unless it is accompanied with (for new college) –
- a. Essentiality Certificate (EC) issued by the concerned State Government or Union Territory administration or the appropriate authority as the case may be unless otherwise specified. The EC shall be valid at the time of application (applicable for new college only)
 - b. A Consent of Affiliation (CoA) letter obtained from a recognized university, issued in the name of the applicant entity in writing. The CoA shall be valid at the time of application; (applicable for new college only). Number of seats applied should be clearly mentioned in the consent.
 - c. Documentary proof indicating the establishment of a corpus fund by the entity dedicatedly applicable to functioning of the new medical institution year after year
 - d. A solvency certificate issued by a Chartered Accountant within ninety days prior to the last date of submission of the application as mandated by the Notification issued by the MARB
 - e. Documents by way of proof that such reasonable area of land is either owned or arranged under lease or such other arrangement by the eligible entity
 - f. Capabilities with regard to the provision of required basic infrastructure, administrative and financial support of the applicant, if the eligible entity is other than Central or a State Government or Union Territory administration
 - g. Documentary proof of owning or running a hospital of required capacity as indicated in the MSRs.

 संयुक्त राष्ट्र Government Of India	राष्ट्रीय आयुर्विज्ञान आयोग NATIONAL MEDICAL COMMISSION New Delhi		Doc No.: NMC/MARB/001
			Issue No.: 01
			Revision No.: 00
GUIDING DOCUMENT FOR FILING APPLICATION FOR UG and PG COURSES AY 2024-2025			

- h. Proof indicating remittance of prescribed application fee and bank guarantee
- i. Any such other documents are to be notified from time to time by the MARB.

Explanation 1—the period of validity of the EC indicated in (a) above shall be in accordance with that mentioned by the issuing authority for a period of three years from the date of issue or an earlier date if the issuing authority has specified.

Explanation 2 – the CoA obtained from a recognized university issued in the name of the eligible entity shall lose its validity after the application for which it was used. The eligible entity shall obtain a new CoA if the application is rejected. Provided the CoA shall have a total life of three years from the date of its issuance or an earlier date if the issuing authority has specified.

**CoA provided by recognized university and EC given by state should not be older than 3 year and should be valid till the next academic year. Also, CoA/EC before any regulation are also valid if not older than 3 years and EC/CoA after the regulation i.e., 2nd June 2023 shall latest format available on website*

Explanation 3— Established medical institutions applying for seats for new medical courses, may be exempted from some of these documents as will be specified while calling the applications.

Provided any incomplete applications received, meaning applications without the mandated documents specified in the present Regulation, shall be rejected by the MARB.

Provided further that once rejected the eligible entity shall lose the chance of reapplying till the next window of opportunity in calling for the applications.

H. Eligibility criteria—

- a. No medical institution shall be provided permission unless they satisfy the conditions pertaining to but not limited to physical infrastructure, teaching staff, clinical material and hospital as detailed in the MSRs notified from time to time. All the forms/affidavits to conform to these standards and justification.
- b. Without prejudice to anything stated in the sub-section (a) above, the UGMEB or PGMEB as the case may be, shall from time to time publish the MSR with such modifications or amends required, keeping in mind the overall objectives of the Act.
- c. Notwithstanding anything stated above in Section G, all modified or amended MSRs shall have to be implemented.
- d. For latest updates MSR for PG and UG courses please refer to NMC website

 संयुक्त राष्ट्र Government Of India	राष्ट्रीय आयुर्विज्ञान आयोग NATIONAL MEDICAL COMMISSION New Delhi		Doc No.: NMC/MARB/001
			Issue No.: 01
			Revision No.: 00
GUIDING DOCUMENT FOR FILING APPLICATION FOR UG and PG COURSES AY 2024-2025			

- I. **MARB evaluating the application** – Keeping in mind the objective of the Act, without prejudice to anything stated elsewhere in the Regulations, the MARB shall evaluate the applications received from the eligible entity under Section F above, based on all of the following broad criteria viz.,
- The desirability and feasibility of setting up the medical institution including hospital at the proposed location.
 - Assess whether the eligible entity fulfils the required conditions prescribed by the corresponding MSRs in vogue, which shall include physical infrastructure, qualified faculty, and adequate clinical material in terms of hospital, laboratory, patients, clinical procedures and others as specified in the corresponding MSR/s.
 - Assess whether the scheme submitted by the applicant shows that, once established the medical institution will reasonably sustain itself.
- J. Without prejudice to Section H above, at its sole discretion, the MARB may seek any additional information or clarification or additional documents from the applicant while considering the application for grant of permission for establishment of a new medical institution or for starting a new medical course.
- K. The eligible entity shall provide or furnish such information or clarification, or additional documents sought under Section I above, within a specified time or 15 days, whichever is earlier, from the date of receipt of communication from the MARB.

Provided failure to remove or correct the deficiency or submit such information or clarify or provide additional documents etc., as mandated by the MARB within such specified time shall result in the rejection of the application.

- L. **Assessment for Permission:** Notwithstanding anything stated elsewhere, the MARB determines the appropriate method of assessment and/or inspection, before granting permission to the applicant to establish a medical institution.

Provided such methods shall include, but not be limited to verification of documents in digital or another form, Aadhar-based attendance register, verification of live video feed, photographs, Hospital Management Information System (HMIS) data or surprise physical assessment etc.

- M. Evaluation result and issuance of letter of approval – based on the assessment carried out; the MARB shall communicate its decision of permission or otherwise to the eligible entity within a period of six months from the date of receipt of the completed application.

Provided if approved, the MARB shall issue a letter of permission to the eligible entity under its seal, with such conditions as it may deem fit.

 Government Of India	राष्ट्रीय आयुर्विज्ञान आयोग NATIONAL MEDICAL COMMISSION New Delhi		Doc No.: NMC/MARB/001 Issue No.: 01 Revision No.: 00
GUIDING DOCUMENT FOR FILING APPLICATION FOR UG and PG COURSES AY 2024-2025			

Provided further, the letter of permission shall also be notified on the National Medical Commission 's website.

N. Without prejudice to anything stated elsewhere, it shall be the duty of the eligible entity to abide by all such conditions laid down in the letter of permission, and the MARB will have the right to seek such information or cause an inquiry done into the

1.1 How to fill Application form

Following documents are required while submitting the application for starting a new college.

1. Details of individual, Trust, autonomous body or Govt. who is starting the new medical college.
2. Essentiality Certificate
3. Consent of Affiliation
4. Hospital details as mentioned in the application
5. Fees paid as prescribed by NMC (as mentioned in application fee section)

Any person who wants to start a medical college shall register with NMC after paying the required fee.

Registration on NMC portal

The college should register only if

- (a) There is a registered body which will run the college with an authorized applicant.
- (b) If the body has a land where college building has started.
- (c) If the body has a hospital that is running.

*Exempted if the

The college will be given a portal and it will be valid for 3 years and within this period must complete the application process. The pre-requisite for applying for new medical college are

- College should have land registered in the name of the applicant
- College must have a registered hospital minimum as per implemented MSR.

The college can enter each element as and when it is ready in the portal. And once all the formalities are over, the college must specifically mention the academic year for which the college wants to apply.

In addition to the application that is submitted in the prescribed format or a new medical College, the applicant also must submit a sworn affidavit indicating the infrastructure, faculty and hospital requirements that are available for starting the medical college with the requested numbers of MBBS seats.

 Government Of India	राष्ट्रीय आयुर्विज्ञान आयोग NATIONAL MEDICAL COMMISSION New Delhi		Doc No.: NMC/MARB/001 Issue No.: 01 Revision No.: 00
GUIDING DOCUMENT FOR FILING APPLICATION FOR UG and PG COURSES AY 2024-2025			

Affidavit: If the contents of this sworn affidavit indicating the deficiency in **any of the three of the following**, the application will be rejected. These include:

1. The number of faculty as described by the MSR.
2. Outpatient strength per day in the preceding month before the affidavit.
3. Bed occupancy averaged over the last month before the affidavit.

The college will be eligible for inspection only if the affidavit along with application meets MSR on these criteria. When the application will be accepted, Inspection will be conducted within 6 months but not earlier than 30 days. **Once submitted affidavit will be displayed in public domain**

1.1.1 Undergraduate

Application to NMC for M.B.B.S Admissions (New college)

Institute needs to fill and submit the application form along with required documents All Applications will be in accordance with the Amendments to the Establishment of Medical Colleges Regulations, 1999 of the erstwhile Medical Council of India by the National Medical Commission and the Minimum Requirements for Annual M.B.B.S. - Fill the required information for Item 26. Here also need to Name and Address and Upload Proof of ownership of existing hospital.
- For 27 fill in the details of the existing hospital including bed strength, bed distribution , bed occupancy, built up area, clinical and para clinical disciplines, OPD and IPD load, architectural and layout plants, list of medical equipment, support and administrative services, human resource details
- For Items 26-41 Upload the required information separately as require
- Self-Verification of correctness of submitted Correctness of Information/Documents submitted by Applicant (to Upload the said certificate)
- Deposit the application fee
- The data can be Saved and completed at another time
- To Submit, click on the **SUBMIT APPLICATION** icon. In case all fields have not been filled or required document not uploaded, the system will not allow submission of the application.
- **Please Note:-** Your application will be considered as submitted only if you have received an application number against your online application and acknowledgement email with pdf of your application form as an attachment.

Application for renewal of MBBS

Within 48 hours after completion of admissions, the college shall post the list of students admitted with their NEET rank for the academic year(Failing to post this list and start-date of academic year attracts penalty).

College is deemed ready for the renewal process within three months of the admission process for the college is completed or within three months of the start of the academic year whichever is earlier.

Colleges expecting renewal and permission shall submit a sworn affidavit in the required format within three months after start of the last academic years. The affidavit data must conform to the requirements for the number of seats required. (It is recommended that college submit the affidavits even earlier than three months).

MARB decides to inspect the colleges for renewal, three months after the date of the start of their academic year. This will be done irrespective of getting the affidavit or even renewal application. However, if the college fails to apply for the renewal with the fee needed, the renewal letter shall not be issued. The fee has to be paid even if the renewal is not accorded.

Once the infrastructure and faculty requirements are met, the college can apply to the NMC for renewal of MBBS. The online application in the prescribed form should be made on the NMC portal including all

 Government Of India	राष्ट्रीय आयुर्विज्ञान आयोग NATIONAL MEDICAL COMMISSION New Delhi		Doc No.: NMC/MARB/001 Issue No.: 01 Revision No.: 00

2. Increase of Seats for the Existing Courses in a Medical Institution

<https://www.nmc.org.in/MCIRest/open/getDocument?path=/Documents/Public/Portal/LatestNews/246253.pdf>

No medical institution shall increase the seats of any of the ongoing courses without prior permission of the MARB.

Provided no grant of permission for an increase in seats will be given by the MARB if the medical institution has not admitted earlier sanctioned seats.

Without prejudice to anything stated in section 17 above, the application for an increase in the seats shall be accompanied with –

- Consent of affiliation from the recognized university concerned for the proposed number of seats in the specified courses in writing; and
- Such prescribed application fees and bank guarantees as determined by the MARB from time to time by way of Notification; and
- Any other documents as may be prescribed while inviting applications.

Once the application for an increase of seats is received from the medical institution, the MARB shall evaluate the same on its merit before granting approval.

Provided the same criteria indicated in Chapter II of these Regulations shall apply *mutatis mutandis* for such evaluation.

2.1 How to fill Application form

2.1.1 Undergraduate

Application to NMC for Increase in M.B.B.S seats

Colleges recognized for MBBS course after due recognition inspection, may apply for increase of seats.

The application shall include the same documents including essentiality certificate from the health department of the state indicating the numbers of additional seats required for the college. The college should also produce the consent of affiliation by the university for this additional numbers of seats. Additional infrastructure put up after the previous recognition inspection if any must be provided with appropriate certificates from the corresponding revenue authorities including completion/utilization/occupancy certificate, tax reassessed for the addition of infrastructure and last year's audited accounts including the IT returns.

 संयुक्त राष्ट्र Government Of India	राष्ट्रीय आयुर्विज्ञान आयोग NATIONAL MEDICAL COMMISSION New Delhi		Doc No.: NMC/MARB/001
			Issue No.: 01
			Revision No.: 00
GUIDING DOCUMENT FOR FILING APPLICATION FOR UG and PG COURSES AY 2024-2025			

The college shall also submit the sworn affidavit to indicate the college meet the requirements for the desired number of increase of MBBS seats or PG seats.

The decision process will follow the same as used in the 'new college application' as above.

If the college meets the required MSR for the number of MBBS seats at all levels, i.e., application, affidavit, inspection/assessment and compliance report, the college will receive the Letter of Permission (LOP) that is valid for till next year's annual verification. The LOP must be renewed each year or as indicated in the MSR.

For latest updates MSR for PG and UG courses please refer to NMC website

Once the infrastructure and faculty requirements are met, the college can apply to the NMC for permission to increase in seat in the existing college. The online application in the prescribed form should be made on the NMC portal including all relevant details such as the infrastructure, faculty, and financial details.

<https://www.nmc.org.in/online-application-submit/>

5. Sanctions and Penalty

It shall be the duty of all medical institutions to follow the regulations and directions issued by the MARB, both in letter and spirit either within a specified time period or within a reasonable period of time, wherever the timelines are applicable.

Non-compliance defined—following acts or omissions of a medical institute shall amount to non-compliance—

- Non-compliance with any of the regulations, and notifications of the National Medical Commission issued from time to time.
- The medical institution has conducted in a manner which is not in accordance with the objectives of the medical institution and practices like ragging, exploiting students on fees etc.
- Deficiency in infrastructure, teaching staff, clinical material and others as prescribed by way of MSR or otherwise by UGMEB and/or PGMEB.
- Any act of misbehavior, non-cooperation, forbidding the inspection process etc., with the assessors representing the MARB or such other designated agency by the MARB in this regard.
- Physical misbehavior by teaching staff with the students, harassment of faculty and/or students by the management etc.
- False information declared for obtaining permission for any of the schemes including the establishment of a medical institution.
- Falsifying information or fabricating evidence at the time of inspection by the MARB or constituent autonomous boards or NMC-appointed third parties.
- Any attempt to bribe or pressurize or threaten assessors or officials of NMC.
- Any such act or omission as notified by the NMC in this regard.

Penalties—for any of the non-compliance or intentional attempt of non-compliance act or omission by the medical institution, the MARB shall either penalize the medical college or medical institution as per sub-section (f) of section 26 of the Act and/or conduct further enquiry into such incident or act, and wherever needed provide an opportunity to rectify the same.

Without prejudice to anything stated in Section 30 above the imposition of the penalty may include one/more/ all of the following:

- Issuance of warning with accommodation of reasonable time for compliance or rectification as the case may be by the medical institution.
- Monetary penalty not exceeding INR one crore per every non-compliance committed by the medical institution.
- Withholding processing of application for any new scheme/s for that academic year or for a such number of years.
- Reducing the number of students in the next or subsequent academic years to be admitted by the medical institution.
- Stoppage of admission to one or more of the courses in the next or subsequent academic years.
- Recommending to NMC for withdrawal of recognition.
- Withholding and withdrawal of rating of the medical institution for a period up to five academic years.
- Any attempt to pressurize MARB or NMC through individuals or agency will lead to immediate halt of the processing the application/request by the medical Institution.

 Government Of India	राष्ट्रीय आयुर्विज्ञान आयोग NATIONAL MEDICAL COMMISSION New Delhi		Doc No.: NMC/MARB/001 Issue No.: 01 Revision No.: 00
GUIDING DOCUMENT FOR FILING APPLICATION FOR UG and PG COURSES AY 2024-2025			

Provided that the medical institution, may be granted a reasonable opportunity to rectify the deficiencies and any further action shall be taken if it fails to meet the requisite norms.

Provided further that, the MARB or the Commission may also initiate criminal proceedings for furnishing false information, or fabrication of false documents as per the criminal law in force at that time.

6. Assessment and Rating

Assessment by the MARB for the purpose of rating a medical institution – The MARB shall conduct an assessment and rating of all medical institutions and shall be vested with all such authority in discharging its functions under the Act.

Provided, without prejudice to anything stated in these Regulations, the MARB may appoint one or more independent third-party agency or agencies to conduct an assessment and rating of medical institutions, and on its behalf.

Provided further the MARB may prepare detailed guidelines in appointing independent third-party agency or agencies to carry on the work of assessment and rating of medical institutions.

Provided further that, if appointed the independent third-party agency or agencies shall have such power as indicated in their appointment letter issued by the MARB.

The MARB may seek any information, clarification, documents, or digital material from any medical institution at any time for the purpose of assessment and rating.

In furtherance, the MARB shall conduct an assessment of all or a specific number or any individual medical institution, either directly by itself or through such designated agency or agencies.

Without prejudice to anything stated in these regulations, the MARB shall develop such methodology whereby, the medical colleges or medical institutions are continuously monitored for their performance, leading to assessment and rating.

Notwithstanding anything stated elsewhere, either in these regulations or otherwise, the MARB rating shall be based on the following parameters, with such due weightage assigned to the respective parameters viz.,

- Compliance with the standards laid down by the UGMEB and PGMEB.
- Academic excellence shown through innovative methods of teaching adopted and courses (other than prescribed) offered to the students.
- The research output of the medical institution that has contributed to the existing knowledge and the research impact created by the medical institution.
- Student discipline and satisfactory teaching and learning environment created by the medical institution.
- The student feedback on various affairs of the medical institution, with due weightage assigned to them.
- Participation of students/faculty in academic activities at national and international level.
- Standards/facilities/participation in sports and social activities.

			Issue No.: 01
			Revision No.: 00
GUIDING DOCUMENT FOR FILING APPLICATION FOR UG and PG COURSES AY 2024-2025			

h. Any other evaluable criteria may be notified by the MARB from time to time.

Provided, without prejudice to the above the MARB shall notify the criteria for assessment and rating of the medical institutions, from time to time.

Publication of rating – the MARB shall make available on its website or otherwise in the public domain the latest annual assessment results and ratings of medical colleges or medical institutions, in such a manner as to facilitate public understanding and consumption.

Submission of annual disclosure reports – all medical institutions shall furnish a Compulsory Annual Disclosure Report to UGMEB and/or PGMEB in compliance with the norms specified under the Act in the prescribed format and prescribed fee, with a copy to the MARB.

Provided the compulsory annual disclosure report shall be made once all students for the academic year are admitted to a given course and not later than thirty days to be calculated from the date of the last student's admission.

Notwithstanding anything stated elsewhere, failure to submit the annual disclosure report by the medical institution as indicated in Section 26 within a notified period shall amount to non-compliance and shall result in disciplinary proceedings under Chapter-V below.

Provided that, medical Institutions can use the Annual Disclosure as a form of self-appraisal and request the MARB for a voluntary decrease of seats/courses and also seek for restitution of seats / courses appropriately.

7. Redressal and Appeal

Appeal to the Commission—A medical institution or any such aggrieved person may file an appeal before the Commission with appropriate fees as specified against any orders passed or decision taken by the MARB which shall comprise the following –

- Disapproval of a scheme.
- Where no decision is taken within six months of applying or request to the MARB for approval of any of the schemes.
- Imposition of penalty as per Section 31 of these Regulations.

Provided such an appeal to the Commission is filed within fifteen days of passing an order or decision taken by the MARB.

File No.P018(14)/2/2023-PGMEB-NMC.

dated the 23rd August, 2023

PUBLIC NOTICE

Subject: Submission of Applications by medical colleges/institutes for increase of seats in various post-graduate courses for admission in the Academic Session 2024-25.

Post Graduate Medical Education Board (PGMEB) has already processed most of the applications from medical colleges/institutes, which were due for recognition/renewal of recognition of post-graduate medical qualifications during the year 2022. Some of the applications are under process and are likely to be completed soon by the Post-Graduate Medical Education Board.

2. Pending processing of such applications, the medical colleges/institutes may submit fresh applications for increase of seats in various post-graduate courses being run by them for admission in the Academic Session 2024-25 since Medical Assessment and Rating Board (MARB) has called applications for increase of seats in post-graduate courses vide Public Notice No.NMC/MARB/2024-2025/047842 dated 16.08.2023 (available on NMC website).

Sub: Renewal of Permission for MBBS course for 4th Batch (3rd Renewal) of Meenakshi Medical College and Research Institute, Enathur under Meenakshi University (Deemed), Chennai against 250 MBBS seats u/s 11(2) of the IMC Act, 1956 to be read with section 61(2) of the NMC Act, 2019 for the Academic year 2023-24.

Sir/Madam,

I am directed to convey the approval of the Medical Assessment & Rating Board (MARB) for renewal of permission for admission of 4th batch (3rd renewal) against 250 MBBS seats at Meenakshi Medical College and Research Institute, Enathur under Meenakshi University (Deemed), Chennai against 250 MBBS seats u/s 11(2) of the IMC Act, 1956 to be read with section 61(2) of the NMC Act, 2019 for the Academic year 2023-24. The MARB has granted approval after examination of Assessor's report dated 16.03.2023.

2. The Permission is valid for one year and for admitting only one batch of MBBS students against 250 MBBS seats during the academic year 2023-2024. The next batch of students in MBBS course will be admitted in the college only after permission of Medical Assessment & Rating Board of NMC for renewal/recognition.

3. Admissions made in violation of the above condition will be treated as irregular and action will be initiated under NMC Act & Regulations made there under.

4. Discrepancies, if any, may be immediately brought to the notice of Medical Assessment & Rating Board of the NMC and the state Govt.

PUBLIC NOTICE

Sub: Fake/Forged Letter of Permission issued to various colleges – Regarding.

It has come to the notice of Medical Assessment and Rating Board(MARB) of National Medical Commission recently that several forged/fake letters have been issued to various colleges on behalf of Member/President, MARB whereas no such communications have been sent to the colleges in this regard.

2. It is clarified that the communication sent through official e-mail id of Member, MARB i.e. member2.marb@nmc.org.in is valid only and all the colleges are requested to take no cognizance in respect of Letter of Intents/Letter of Permissions received through other E-mail ID except the aforesaid E-mail ID.

3. The above facts are brought to the notice of all concerned and general public to not take any action based on information provided by any other sources except the information available on the website of National Medical Commission. If any discrepancies are found/noticed by any stake holder/general public then it may be brought to the notice of Medical Assessment and Rating Board of National Medical Commission immediately so that necessary action can be taken in such matters without any delay.

No. M-19011/33/2023-MARB

Date: 01.09.2023

PUBLIC NOTICE

Sub: Fake/Forged Letter of Permission to GSL Medical College, Rajahmundry for increase of seats in MD-General Medicine from 14 to 40, MS-General Surgery from 14 to 40 and MS-OBG from 08 to 25 and Fake/Forged Letter of Permission to Maharajah Institute of Medical Sciences, Vizianagaram, Andhra Pradesh for increase of seats in MD- Radio Diagnosis for 15 to 24 seats and in MD-Anaesthesiology from 04 to 18 – Regarding.

It has come to the notice of Medical Assessment and Rating Board(MARB) of National Medical Commission that six forged/fake letters have been issued to GSL Medical College, Rajahmundry for increase of seats in MD-General Medicine from 14 to 40, in MS-General Surgery from 14 to 40 and in MS-OBG from 08 to 25 on 02.06.2023 and in MD- DVL from 04 to 15, in MD- Anaesthesiology from 08 to 15, in MD-Radiation Oncology from 02 to 05 on 07.07.2023 on behalf of Member/President, MARB whereas the original letter issued by MARB of NMC on 19.05.2023 was for increase of MD-General Medicine from 14 to 24 for MS-OBG from 08 to 15 and for MS-General Surgery for 14 to 24 seats. Moreover, no applications were received from GSL Medical College, Rajahmundry for increase of seats in MD-DVL, MD-Anesthesiology and MD- Radiation Oncology for the academic year 2023-24 and hence, no communication was sent to the college in this regard from MARB, NMC for increase of seats.

2. Two other forged/fake letters dated 12.07.2023 and 14.07.2023 have been issued to Maharajah Institute of Medical Sciences, Vizianagaram, Andhra Pradesh for increase of seats in MD- Radio Diagnosis from 15 to 24 seats and in MD-Anesthesiology from 04 to 18 respectively whereas no application was received from Maharajah Institute of Medical Sciences, Vizianagaram, Andhra Pradesh for the academic year 2023-24 in these courses and hence, no communication was sent to the college in this regard from MARB, NMC for increase of seats.

3. Eight forged/fake letters have been issued to Santhiram Medical College, Nandyal for increase of seats in MS-OBG from 03 to 05 on 06.07.2023, in MS- General Surgery from 04 to 17 on 11.07.2023, for MD-General Medicine from 07 to 24, MS- Ophthalmology from 05 to 10 and MD- Tuberculosis & Respiratory Disease on 12.07.2023, MS-ENT from 01 to 04 on 13.07.2023, in MD-Anesthesiology from 03 to 13 and in MD-Paediatrics from 02 to 11 on 08.08.2023 respectively whereas no Letter of Permission for increase of seats in the aforesaid courses have been issued by MARB of National Medical Commission.

4. It is clarified that the above said letters have not been issued by the Member/President, MARB. These letters are forged/fake and cannot be considered as valid permission form Medical Assessment and Rating Board, National Medical Commission.

4. The above facts are brought to the notice of all concerned and general public to not take any action based on the fake/forged letter. Appropriate action is being taken in the matter in accordance with the law.

Sub: Increase of Seats in MS - Ophthalmology course at Maharajah Institute of Medical Sciences, Vizianagaram under Dr. YSR University of Health Sciences u/s 26(1)(a)(b), 28(1)(2) and 61(2) of the NMC Act, 2019 for the academic year 2023-2024 - Permission of Medical Assessment and Rating Board -subject to confirmation of Bank Guarantee- Regarding.

Sir/Madam,

In continuation to this office Letter dated 27.03.2023 seeking information and your acceptance of the conditions mentioned there in vide letter date: 17.05.2023. We convey that your application for Increase of Seats in MS – Ophthalmology course from 03(Three) to 06 (Six) seats was approved for the academic year 2023-2024.

Approved for 03(Three) to 06 (Six) seats u/s 26(1)(a)(b), 28(1)(2) and 61(2) of the NMC Act, 2019 for the academic year 2023-2024, (as amended) subject to verification of Bank Guarantee.

This Permission for Increase of Seats in above mentioned PG course and admission of students will be for such time the first batch of students admitted against the above course appears for the final examination in the subject. The college authorities may take up the matter for recognition of the qualification under section 35(2) of the NMC Act, 2019 with National Medical Commission (NMC), at the time of examination of the first batch of students admitted against the sanctioned seats.

It is to inform you that your institution is fully responsible to fulfill and maintain norms including the infrastructure both physical and human resource, teaching faculty and clinical material, etc. throughout the academic year, as stipulated in Regulation of National Medical Commission (NMC). In case false/wrong declaration or fabricated documents have been used for procuring permission of the MARB and any misconduct is brought to the notice of National Medical Commission (NMC) or found during surprise assessment at any stage during the current academic year, your institution is liable, not to be considered for recognition of the degree. This letter of permission will be revoked for the current academic year in such exigency arise. Besides, National Medical Commission (NMC) is entitled to take all such measure against you and your college/institution as permissible under the law.

राष्ट्रीय आयुर्विज्ञान आयोग
National Medical Commission
(Undergraduate Medical Education Board)

No. U-16011/03/2023-24/UGMEB/M.Cell

Dated: 9th October, 2023

The Principal/Dean,
All the Medical Colleges/Medical Institutions of India

Subject: Online filling of information relating to admissions made in Medical Colleges for 1st year MBBS degree for the Academic Year 2023-24 Reg.

Madam/Sir,

This is to bring to your kind attention that admissions in MBBS course for the academic year 2023-24 must be made in accordance with the provisions of the National Medical Commission Act, 2019, and the National Eligibility Cum Entrance Test (NEET) based selection process notified by the Graduate Medical Education Regulation, 2023.

2. While granting admission in MBBS course the Medical Colleges are required to ensure that the admission is in terms of the following parameters, based upon the NMC Regulations:

- (i) No Admission is permissible beyond the sanctioned intake capacity.
- (ii) Eligibility Criteria regarding age and Qualifying Marks for different categories as per Regulations on Graduate Medical Education, 2023
 - Completed the age of 17 years on or before the 31st December of the year of admission to the MBBS course.
 - Must have passed the Qualifying Examination i.e. 10+2.
- (iii) Must have qualified NEET-UG (National Eligibility cum Entrance Test) for admission in MBBS Course.
 - General Category: 50th percentile or above.
 - Physically Handicapped: 45th percentile or above.
 - Reserved {SC/ST/OBC}: 40th percentile or above.
- (iv) All admissions have to be made through common counseling as prescribed in Regulations mentioned below.

5A Common Counseling.

(1) There shall be a common counseling for admission to MBBS course in all Medical Educational Institutions on the basis of merit list of the National Eligibility Entrance Test.

(2) The Designated Authority for counseling for the 15% All India Quota seats of the contributing States and all MBBS seats of Medical Educational Institutions of the Central Government, Universities established by an Act of Parliament and the Deemed Universities shall be the Directorate General of Health Services, Ministry of Health and Family Welfare, Government of India.

(3) The counseling for admission to MBBS course in a State/Union Territory, including, Medical Educational Institutions established by the State Government, University established by an Act of State/Union Territory Legislature, Trust, Society, Minority Institutions, Municipal Bodies or a Company shall be conducted by the State/Union Territory Government.

3. The Medical Colleges are required to ensure that all admission in courses of medicine falling within the purview of the NMC Act, 2019 are strictly in accordance with merit and are made in a transparent and fair manner as envisaged in the Regulations. Any violation shall lead to discharge of the students from the MBBS programme and action against the concerned Medical College/Institution as is permissible in law.

4. In order to effectively monitor that all MBBS admissions made are in conformity with the requirement of Regulations, an online monitoring system has been launched by the Commission. This initiative is made with the objective of ensuring faithful adherence to the norms of admission laid down in Regulations as also to further promote transparency and accountability in the medical education.

5. Therefore, all the Medical Colleges/Institutions are called upon to submit the requisite information through an online system that can be accessed through Commission's website [<http://www.nmc.org.in>]. The college authorities are required to submit the details of all the Students admitted for MBBS during the current academic year 2023-24.

6. Through this unique login ID all the Medical colleges/Institutions must submit their students' admission details latest by **20th October, 2023, 12:00 pm midnight** beyond which the Colleges/Institutions will not be allowed to enter the details of the students into "**UG Admission Monitoring Module**" Students Entry System for academic year 2023-24.

7. To Navigate the Admission entry page follow the steps as given hereunder:-

- Open Medical Council Website <https://nmc.org.in/ActivitiWebClient/login>.
- Login using credentials sent by NMC and reset the password if required. Keep the login credentials confidential.
- On the home page click on Student Admission → New Admission tab.
- Three Tabs (UG Admission Entry, PG Broad Admission Entry and PG Super Specialty Admission Entry) will display and you need to click on the "UG Seat/Student Entry" tab.
- The following details about the MBBS students to be entered by the colleges.
- Seat Entry.
 - a. Category of the College (Govt. / Private/Other)
 - b. Minority/ Non Minority.
 - c. Name of the Counselling authority through which admission made.
 - d. Seat Matrix
If Private College (Upload consensual agreement with the Government)

8. **Student Details Entry.**

i. Entrance exam (NEET) Roll No.

The following details will appear auto-populated after entering NEET Roll No. (which should be verified by the college)

- a) Name of Student
 - b) Merit No./ All India Rank/State Rank
 - c) Gender (Male/Female/Others)
 - d) Date of Birth in dd/mm/yyyy format
 - e) Sub Category (ST/SC/OBC/Unreserved)
 - f) Physically handicapped (Yes/No)
- ii. Category [All India quota/State Government or UT Administration quota/Management quota/NRI quota/Others]
- iii. Date of Admission in dd/mm/yyyy format
- iv. Marks Obtained /Maximum marks in PCB (10+2)
- v. Marks Obtained /Maximum marks in English (10+2)
- vi. Marks Obtained /Maximum marks in PCB entrance exam (NEET) and percentile
- vii. Fees charged from student annually (Amount is Rupees)

9. Kindly add the details of the Students according to the fields as mentioned above which will be available on the screen. No modification will be allowed after the cutoff date.

10. The College should also ensure that the following details with regard to S. No. (1 to 18) mentioned below regarding the admitted students should be mandatorily available on the college website. The Commission may ask other supportive documents like Caste certificate, 10+2 mark sheet, details of Competitive entrance exam, as and when required by the Monitoring Cell. Students, who have passed 10+2 from outside India, are required to submit equivalence certificate issued by Association of Indian Universities stating that the academic credentials are as per the Curriculum of Indian System.

List of Students admitted in M.B.B.S Course for the Year 2023-24 (NMC Format)

Name of the Medical College:

1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18

PUBLIC NOTICE

Subject: Pending applications with initiators (applicants only)- regarding

It is notified about the recent scrutiny process of applications received for eligibility certificates (**Annexure-I** for issuance of eligibility certificate have been pending with the applicants). EMRB, NMC has diligently reviewed the applications submitted by various applicants. After careful evaluation, we have identified some deficiencies in above mentioned in applications at **Annexure-I**.

2. In this connection, attention is invited to section 13(4B) Indian Medical Council Act, 1956, it is stated that:-

*“(4B) A person who is a citizen of India shall not, after such date as may be specified by the Central Government under sub-section (3), **be eligible to get admission to obtain medical qualification granted by any medical institution in any foreign country without obtaining an eligibility certificate issued to him by the Council** and in case any such person obtains such qualification without obtaining such eligibility certificate, he shall not be eligible to appear in the screening test referred to in sub-section (4A): Provided that an Indian citizen who has acquired the medical qualification from foreign medical institution or has obtained admission in foreign medical institution before the commencement of the Indian Medical Council (Amendment) Act, 2001 shall not be required to obtain eligibility certificate under this sub-section but, if he is qualified for admission to any medical course for recognized medical qualification in any medical institution in India, he shall be required to qualify only the screening test prescribed”*

3. The requirement of taking an Eligibility Certificate before proceeding abroad has been dispensed w.e.f the declaration of result of NEET-UG 2019 vide public notice dated 05.04.2019 (copy enclosed for ready reference) and accordingly after 05 June 2019, qualifying NEET-UG Exam has been made mandatory and shall be deemed to be treated as an Eligibility Certificate for Indian/OCI citizen intending to take admission in MBBS or equivalent Medical Course in any Foreign Medical Institution.

4. It is observed that applicants whose name is mentioned in **Annexure-I** have proceeded abroad without obtaining an Eligibility Certificate. Therefore, it has been decided by the Board to give 10 days time to all such applicants (**Annexure-I**) to submit their applications in the eligibility portal of NMC. In case, the applicants whose name is mentioned in Annexure-I do not fulfill the deficiency or do not submit the applications within 10 days from the date of publication of this notice the applications will be summarily rejected.

I/3628200/2023

5. We appreciate your cooperation in this matter. Timely rectification of the deficiencies will expedite the processing of the eligibility certificates and help the applicants move forward with their respective endeavors.
6. This issues with the approval of the Competent Authority (EMRB).

Encl. as above

Raj Krishan Bhoria
Director (Regn), EMRB
National Medical Commission

**Board of Governors in Supersession of
Medical Council of India
Pocket -14, Sector -8, Dwarka, New Delhi -110077**

PUBLIC NOTICE

This is to inform all concerned that the Medical Council of India (MCI) with the prior approval of the Government of India, Ministry of Health & Family Welfare, New Delhi had made Amendments in the "Screening Test Regulations, 2002" and "Eligibility Requirement for Taking Admission in an Undergraduate Medical Course in a Foreign Medical Institution Regulation, 2002" vide Notifications dated 1st March, 2018, for the requirement of National Eligibility cum Entrance Test (NEET) in respect of the Indian Citizen/Overseas Citizen of India who are desirous for taking admission in MBBS or its equivalent medical course in a medical University/College/Institute outside the country on or after May, 2018.

Subsequently, as per Public Notice dated 14th September, 2018 issued by the Medical Council of India and Order dated 27/09/2018 passed by the Hon'ble High Court of Delhi at New Delhi in WP(C)No.8091/2018 and connected matters, Indian Citizens/OCI who had not registered/appeared/qualified NEET 2018, were allowed to take admission in MBBS or equivalent medical course in a medical University outside the country in the academic year 2018-19.

In reference to the Notification dated 1st March, 2018 and Public Notices issued by the Medical Council of India from time to time, representations from various sources were received seeking clarification regarding qualifying NEET at the time of admission in Doctor of Medicine course at Philippines, last date of admission in MBBS or equivalent medical course without qualifying NEET 2018 etc.

Accordingly, the matter was considered by the Board of Governors (BoG) and it is clarified as under:-

- i) The candidates who have qualified NEET from 2019 onwards and leave the country for pursuing pre-medical/language course will not be required to qualify NEET again at the time of their actual admission in MBBS or equivalent medical course in subsequent year(s) after completion of pre-medical/language course.
- ii) Candidates who qualify NEET once, his/her NEET score shall be valid for a period of three (3) years from the date of declaration of result. Such candidates shall be entitled to pursue MBBS or

equivalent medical course including pre-medical/language course, if any, followed by MBBS or equivalent medical course.

- iii) Indian Citizens/OCI who have not qualified NEET-2018 and/or registered in NEET-2018 and intending to take admission in MBBS or equivalent medical course in foreign medical institutions are exempted until the declaration of NEET-2019 result which is scheduled to be declared on 5th June, 2019. However, such candidates have to obtain an eligibility certificate from the Medical Council of India u/s 13(4B) of the IMC Act, 1956.
- iv) Indian Citizens/OCI intending to take admission in MBBS or equivalent medical course in foreign medical institutions after declaration of NEET 2019 results can proceed abroad for acquiring primary medical qualification only on qualifying NEET.

(Dr. R.K. Vats)

1. Background

To standardize the process of the filling application for new college and increase in seats for UG and PG courses. Streamlining the process of assessment (selection of assessors & assessment). MARB guidelines are prepared based on the revised regulations GMER 2023 and UG MSR 2023.

- Link for **Establishment of Medical institutions, Assessment & Rating Regulations, 2023**: <https://www.nmc.org.in/MCIRest/open/getDocument?path=/Documents/Public/Portal/LatestNews/246253.pdf>
- Link for **National Medical Commission (Minimum Standard Requirements) For Establishment Of New Medical College/Increase Of Seats In MBBS Course) Guidelines, 2023** <https://www.nmc.org.in/rules-regulations/national-medical-commission-minimum-standard-requirements-for-establishment-of-new-medical-college-increase-of-seats-in-mbbs-course-guidelines-2023-reg/>

2. Assessment Process

Assessment for Permission: Notwithstanding anything stated elsewhere, the MARB determines the appropriate method of assessment and/or inspection, before granting permission to the applicant to establish a medical institution. Provided such methods shall include, but not be limited to verification of documents in digital or another form, Aadhar-based attendance register, verification of live video feed, photographs, Hospital Management Information System (HMIS) data or surprise physical assessment etc.

a) **AEBAS (Aadhar Enabled Biometric Attendance System)** as per MSR "Guidelines for Undergraduate Courses under Establishment of New Medical Institutions, Starting of New Medical Courses, Increase of Seats for Existing Courses & Assessment and Rating Regulations, 2023". dated 16th August 2023.

- All Medical Colleges/Institutions shall install AEBAS to be linked to Command-and-Control center of NMC.
- *The daily AEBAS of the required staff (faculty, residents and supporting staff), preferably along with face linked recognition, shall be made available to NMC as well as on the Medical College Website in the form of daily attendance dashboard.*
- It shall be mandatory to have at least 75% attendance of the total working days (excluding vacations) for all faculty and resident doctors.
- *AEBAS, preferably with face recognition of all students attending every lecture/ teaching class/ seminar shall be recorded and linked to NMC.*

Only colleges with faculty count having at least 75% attendance for the last three months from the last date of application (i.e 19th September) on AEBAS will be analyzed whether such count is meeting MSR requirements or not and hence will be eligible for the physical inspection.

Revision No.: 07

MARB Guidelines for A.Y. 2024-2025

In case of establishment of new medical college AEBAS registration for the faculty should be complete before inspection. AEBAS attendance of registered faculty for ten working days prior to (and including) the date of inspection will be an essential criteria to be taken into consideration during the inspection.

Old colleges applying for PG/UG courses should have

- Adequacy of faculty for existing UG Course
- Additionally for PG applications for increase in seat should have adequate for existing faculty PG courses

Note: Circular for Guidelines "Implementation of AEBAS In Medical College dated 18th October 2022 (Link: <https://www.nmc.org.in/MCIRest/open/getDocument?path=/Documents/Public/Portal/LatestNews/19.10.2022.pdf>)

Pre-assessment Process for various applications

1. New PG applications only (Application related new PG course only)

Step 1 - To check availability of following:-

- a) Essentiality certificate (EC) b) Certificate of affiliation (CoA) c) Application fees

(If all the above three criterias are fulfilled)

Step 2: Availability of faculty registered (Professor, Assoc Prof & other) in AEBAS list supporting the proposed number of PG seat

Step 3: Overall UG standards are adequate.

Step 4: Inspection if any recognition for PG is pending from other departments

Step 5: Inspection

2. All other PG application i.e. new PG & increase in PG seats (But not applied for increase in UG application)

Step 1 - To check availability of following:-

- a) Essentiality certificate (EC) b) Certificate of affiliation (CoA) c) Application fees

(If all the three criteria's are fulfilled)

Step 2:

a) For new PG Seats : Availability of faculty registered (Professor, Assoc Prof & other) in AEBAS list supporting the proposed number of PG seat

b) For increase PG seats: Overall PG standards are ok and recognized by PG board

Step 3: Overall UG standards are adequate.

Step 4: Inspection if any recognition for PG is pending from the departments

Step 5: Inspection

3. Application related to Increase of seats in UG & PG

a) Application related to Increase of seats in UG

Step 1 - To check availability of following:-

- a) Essentiality certificate (EC) b) Certificate of affiliation (CoA) c) Application fees

Note: As per MSR 2023 issues on 16th August 2023

- Colleges seeking increased number of seats cannot exceed a total of 150 MBBS students from the year 2024-25;
- Colleges seeking increase in seats for admission, shall have admitted batch fulfilling all the criteria for number of seats admitted for the preceding academic year and also shall be fulfilling all the requirements for increase in seat capacity;
- With the exception that colleges who have applied for academic year 2023-24 for increased seats but failed to get the same, can ask for the same number (totaling 200 or 250) that was in their previous application for one time in the year 2024-25 only.
- Provided that medical college shall follow the ratio of 100 MBBS seats for 10 lakh population in that state/ U.T.

Step 2: Overall UG standards are ok as approved by UG board & AEBAS is fulfilled for UG seats

Step 3: Inspection

b) Application related to Increase of seats in PG

Step 1 - To check availability of following:-

- a) Essentiality certificate (EC) b) Certificate of affiliation (CoA) c) Application fees

(If all the three criteria's are fulfilled)

Step 2: PG faculty for existing PG seats are fulfilled and Overall PG standards are ok and recognized by PG board

Step 3: Inspection

4. Increase UG seats only

Step 1 - To check availability of following:-

- a) Essentiality certificate (EC) b) Certificate of affiliation (CoA) c) Application fees

Step 2: Availability of faculty registered (Professor, Assoc Prof & other) in AEBAS list supporting the proposed number of UG seat

Step 3: Inspection

- b) NMC MARB may opt for different methods for inspection including physical or virtual (supplemented with video data) while ensuring that for a given academic year all assessments for each of the following purposes

Imail

30/10/23

30/10/23

Government of India

राष्ट्रीय आयुर्विज्ञान आयोग
NATIONAL MEDICAL COMMISSION
NEW DELHI

Doc No.: NMC/MARB/005

Issue No.: 05

Revision No.: 07

MARB Guidelines for A.Y. 2024-2025

is uniform to all applicants of each of the type (new college, increased seats, etc.; (Surprise assessment will remain same at all time). The committee will train them appropriately.

Computer based selection of assessors:- In order to reduce human intervention, **Robust Randomization Software** will be used for selection of date of assessment and selection of assessors. The inspection will be surprised however, the list of the medical colleges that will be assessed will be published on NMC website.

All the inspections (UG & PG courses) for a college will be conducted on the same day. For UG course, assessment will be conducted for one day by a team of 5 assessors (In case of non-availability of 5 assessors, MARB may allow inspection to be conducted by at least 3 assessors) and for PG courses, assessment will be conducted for one day by a team of 2 assessors per specialty. (In case of non-availability of two assessor per specialty for PG course, MARB may allow inspection to be conducted by one assessor). The team of assessor will conduct the assessment to examine the infrastructure, quality of medical education, faculty, AEBAS data, clinical indicators, and financial status of the college to ensure compliance with latest NMC guidelines. It may also conduct interviews with staff & all students during the assessment. (Refer to Assessment form <https://www.nmc.org.in/information-desk/for-colleges/procedure-to-start-new-college/>).

Medical colleges established by the State/Central Government (recognized for MBBS for a period of 5 years), registered for additional PG seats will be exempted from physical inspection, based on AEBAS data and other objective and numerically measurable parameters. Physical Inspection will be conducted for the application received for additional PG seats by private medical colleges. Physical inspection will also continue for Central/ State Government and Private Medical colleges applying for fresh PG seats and recognition of PG course.

The inspection will be conducted, and information will be collected and documented on NMC portal by the assessor as per the latest assessor guidelines available on the NMC website. **It would be mandatory for the inspection team to ensure the duly signed & endorsed (by the college management) report is uploaded on the portal before inspection team departs from the hospital.** Inspection beyond one day shall be discouraged and be allowed in the rarest of rare cases only on account of force majeure. In all such cases, the same must be documented and immediately communicated to MARB and written approval must be sought for seeking any extension.

In case of deficiencies being found, the same will be communicated to the medical college granting sufficient time to report compliance after rectification of the deficiencies. Following this surprise compliance verification inspection will be conducted in case of the establishment of new medical college / increase in admission capacity for UG courses.

 राष्ट्रीय आयुर्विज्ञान आयोग NATIONAL MEDICAL COMMISSION NEW DELHI		Doc No.: NMC/MARB/005
		Issue No.: 05
		Revision No.: 07
MARB Guidelines for A.Y. 2024-2025		

c) Code of conduct for Assessors

If case of violation of code of conduct by the assessor, MARB will intimate the parent organization where required (Govt. Medical college) and may not consider them for future assessments. For detailed code of conduct, please refer to assessor guideline on NMC website.

A communication mechanism (IT driven) will be created for each team of assessors to –

- to capture real time information about the college
- for technical clarification if any required during the assessment
- for sharing photos and video of the assessment
- to ensure timely completion of the assessment process – start time and end time of assessment.
- during uneventful incident with assessors the group can be used for immediate reporting and necessary action.

d) Criteria for Assessor selection

In order to reduce human intervention in selection of assessors, **Robust Randomization Software** will be used for assessor selection considering following: -

- Utmost care to be taken to ensure the assessor are not from within state for the transparent assessment process.
- No two assessors from same college or district to be selected for assessment of same medical college.
- Only Government medical college assessors of Professor or 10 years of faculty experience at the level of associate professor with four years of teaching experience in that level are eligible for conducting the assessment.
- The assessor should not be working in the same medical college or have any close relatives who are working or studying in that medical college. The assessor should also not be an alumnus of that medical college. (Assessors are required to submit the Self-declaration form as attached in annexure 9)

5. Communication timelines for assessment

- The assessor will be informed about the name of the district where he/she will be travelling 48 hours before the assessment date. The randomization software will be operated under the direct supervision of MARB.
- The travel agency will also be conveyed about name of the district and details of assessors 48 hours before the assessment date for travel arrangements.
- Further, the name of medical college to assessor will be revealed one day (evening) before the assessment date. However, such information would not be shared with the concerned college to maintain secrecy and element of surprise. Colleges will be intimated about the names of the inspection team only in the morning of date of inspection.

Handwritten signature

Handwritten signature
30/10/23

Handwritten signature
30/10/23

6. A particular assessor will be given reasonable break between two inspections i.e., Cooling off period:
 - Assessors to be given 15 days cooling off period between the two inspections and under no condition will be engaged for the inspection procedure for more than five times in a year.

NOTE: The entire pool of assessors may be finalized by a joint committee MARB. The assignment of the assessors to the colleges will be through Robust Randomization Software (certificate of integrity to ensure confidentiality) without knowledge of MARB or other Boards of NMC or any other person. Manual selection of assessors will be carried out by MARB in case of limitation/failure incurred in Robust Randomization Software.

e) Scrutiny of Assessment report by committees

1. The assessment report should be submitted by the assessors through the NMC web portal according to the following schedule:-
 - The AEBAS attendance sheet (department wise) should be uploaded using the **first link**, which will be active from **11 am to 12 pm on the day of the assessment**.
 - The details of the clinical material should be uploaded using the **second link**, which will be active from **2 pm to 3 pm on the day of the assessment**.
 - The complete SAF should be uploaded using the **third link**, which will be active till 12.00 am midnight on same day of assessment.
 - In case the inspection is extended beyond one day the link may be activated on second day (maximum up to 12pm) with the permission of MARB joint committee. The committee shall record reasons for allowing such extension.
2. Assessors are required to upload duly filled SAF with detailed summary & recommendations along with evidence as per rules & regulations of NMC. Hard copy of the signed SAF form is to be sent to MARB within 24 hours of end of assessment through speed post.
3. Additionally, each assessor is also required to upload following duly signed document-
 - Summary of assessment and recommendations with evidence as per the rules and regulations of NMC.
 - Confidential report and feedback on fellow assessors.
4. Principle of natural justice to be followed during process of scrutiny of assessment report –
 - a. Independent expert committee duly authorised by the commission u/s section 20(1) of the NMC Act which may comprise members of other boards & two senior experts and/or officers well versed with NMC guidelines will evaluate the assessment report submitted by the assessor to provide recommendations. (Within seven working days of receipt of assessment report).
 - b. Joint committee (MARB) will support expert committee as and when required by the expert committee.
 - c. The assessment report & summary sheet including recommendation of expert committee will be submitted to MARB for final decision.

PUBLIC NOTICE

Subject: Engagement of faculty as Assessors for conducting inspection of medical colleges - reg.

It is brought to the notice that MARB-NMC is about to start the inspection process for the academic year 2024-2025 for various application, for which faculties from various medical colleges will be engaged as Assessors for conducting the said Inspection.

2. The inspection of medical colleges is a crucial activity for ensuring and enhancing the quality of medical education in India. Since, NMC would be conducting surprise inspections to various medical colleges the faculty members of your esteemed Medical College will be engaged in the inspection of other Medical Colleges. To maintain element of surprise, the Assessors will be informed about the travel details before 48 hours prior to the inspection date, for which Assessors might have to travel within 24 hours of the notification of same.

3. It is requested to cooperate with the faculty members who are engaged in this activity by granting them leave for the days they are required to travel, to conduct smooth and hassle-free inspection process. This Commission appreciates the cooperation and contributions extended by medical fraternity towards improving the medical education system in India.

4. This issues with the approval of Competent Authority.

PRESS RELEASE

New Delhi, 14th December, 2023

NMC Concludes Successful Assessors Training, Furthering Quality Standards in Medical Education

The National Medical Commission (NMC) continues its dedicated efforts towards fostering excellence in medical education across the country. As part of its ongoing initiatives to elevate assessment quality at Indian medical colleges, the NMC conducted a highly successful refresher training session earlier today.

The session, held on the 14th of December 2023, focused on reinforcing the standards and methodologies employed in assessing medical students. Spearheading this endeavor, the MARB of NMC remains resolute in its pursuit of ensuring a robust and standardized evaluation process across all medical institutions.

Dr.J.L.Meena (Member MARB), Vijayendra Kumar (Member UGMEB), Dr. Yogender Malik, (Member EMRB) along with three experts conducted the training Session. Dr.Yogender Malik, Head of the Media Division at NMC, stated, "The completion of this rigorous training exemplifies our steadfast dedication to fostering excellence in medical education. These initiatives are vital in ensuring that our medical professionals receive top-tier training, ultimately benefiting our healthcare system."

The NMC acknowledges the collective efforts of educators, professionals, and stakeholders involved in fortifying the quality of medical education in India. These proactive measures underline the NMC's commitment to fostering competent and skilled medical professionals for the nation.

PUBLIC NOTICE

Subject :Details of attendance of Faculties observed through Aadhaar Enabled Biometric Attendance System (AEBAS) in respect of the colleges applied for increase of seats/Renewal of permissions/Recognition of degree /continuation of Recognition for MBBS.

Para 3(f) of GMER-23: provide periodic and transparent assessment of medical education being imparted by Medical Institutions across the nation to meet with highest global standards. Further, in accordance with para 3.1 (i) & (ii) of UG-MSR 2023, All Medical Colleges/Institutions shall install AEBAS to be linked to Command and Control center of NMC and the daily AEBAS of the required staff (faculty, residents and supporting staff), preferably along with face linked recognition, shall be made available to NMC as well as on the Medical College Website in the form of daily attendance dashboard. Para 3.2 also provides that it shall be mandatory to have at least 75% of the total working days (excluding vacations) for all faculty and resident doctors.

2. With reference to the applications received from

various medical colleges for increase of seats/ renewal of permissions/ recognition of degree / continuation of Recognition for MBBS, attendance of faculties have been observed and scrutinized in accordance with the provisions contained in MSR 2020 so as to help colleges to cope up with the actual requirement as per Regulations/Guidelines, through AEBAS for the period from 19.6.2023 to 19.9.2023. 75% attendance of the faculties which is a mandatory requirement have been found deficient.

3. All the Medical Colleges are hereby informed that they must follow the UG-MSR 2023 and MSMER 2023 and fulfill the requirements accordingly, at their earliest. In the absence of these requirements or deficiency in any of the fields, proposal for increase of seats/ renewal of permissions /recognition of MBBS degree/ continuation of Recognition shall not be considered and admissions for the Academic Year 2024-25 shall not be allowed.

4 All colleges/institutions which are not reflected in the list provided with the link shown at para 5 below and have students admitted at UG level shall be required to follow UG-MSR 2023 and MSMER 2023 failing which, appropriate action shall be taken against the college/institution.

5. Details of the attendance of these colleges may be viewed on the following link :

<http://bit.ly/3NmMrxJ>

Step 1 Open the link in Browser (click on the link)

Step 2 Search your Medical College name

Step 3 Open the hyper link from last column (Download from the website).

This will open PDF file in PDF viewer.

This will open the PDF file of the faculty attendance .
