(8250884)
Government of India
National Medical Commission
(IT Section)

Sector-8, Dwarka
New Delhi-110075
Dated the November, 2023

CIRCULAR

The National Medical Commission, in its 11th meeting held on 18-10-2023, took a decision that patients seen in the medical college hospitals should be encouraged to register through a unique ABHA ID. This process through the HMIS data provides reliable data on the clinical material available in each college for the purpose of UG/PG training.

The digital documentation of clinical material goes a long way in making assessment valid and also aid in the rating procedures.

Therefore, all colleges should provide an appropriate infrastructure in their hospitals to facilitate ABHA ID generation to the patients seeking help in that hospital. It may be noted that the conditions that govern ABHA ID registration prevail over this notice.
