Dated 04-08-2022

To

All Medical Colleges/ Institutions under NMC

Subject: Registration of all Medical Colleges in All India Survey on Higher Education (AISHE) – reg.

Department of Higher Education had launched All India Survey on Higher Education (AISHE) in the year 2011 under the Central Sector Scheme of Higher Education Statistics and Public Information Systems (HESPIS). AISHE is web based annual survey run through a dedicated web-portal (<http://aishe.gov.in/>). The purpose of the survey is to create a robust database of the educational institutions providing higher education in India. The coverage of AISHE includes all tertiary level educational institutions, including those engaged in imparting medical and nursing education. All recognized institutions apply online for registering in AISHE through this dedicated portal, after which they provide regular data annually.

2. The list of institutions registered in the AISHE is used widely by Central Ministries and State Governments for checking genuineness of student applications in different schemes. A wide use of this is done in the National Scholarships Portal, where online application and processing of scholarships of different Ministries are done, after which scholarships are sent through DBT mode to the students after proper online verification, de-duplication, etc.

3. All Medical Colleges/ Institutions are requested to mandatorily register and get the AISHE code, and furnish a compliance in this regard to this Commission, at the earliest. For any help in this regard, the concerned officers/ in-charge of institutions can contact Shri R. Rajesh, Deputy Director General, Department of Higher Education in the email ID r.rajesh@gov.in.

Yours faithfully,

(Aujender Singh)
Deputy Secretary
