To,

Dean/Principal of All Medical Colleges/Institutions under NMC

Subject : Implementation of HMIS (Health Management Information System) for attached hospitals - reg

Ref. Letter No. D-130024/07/2022/NMC/DMMP 002558 dated 25-01-2023 from this office.

Kind attention is invited towards the UGMSR 2023 and the relevant regulations, issued by NMC vide which it has been directed that all Medical Institution shall install HMIS system in their attached/ associated hospitals and the data of which may be utilized by the Commission. It had been earlier directed to all colleges to implement AEBAS, HMIS and CCTV integration with NMC, so as to enable the Commission to maintain a constant vigil on the standard of medical education training being imparted.

2. In light of above and to make the annual renewal/assessment of medical colleges more objective and transparent, all Medical Colleges under NMC are required to integrate the HMIS of their attached/ associated hospitals with Ayushman Bharat Digital Mission-HMIS (ABDM-HMIS) portal being maintained by National Health Authority, Ministry of Health & Family Welfare.

3. It is requested to refer the attached Annexure-I vide which the process of integration of HMIS with the portal is stipulated. The contact details for resolution of any technical issue in above process are,

- (a). Mr. Narendra Singh, NHA, Email id: pm.adoption@nha.gov.in
- (b). Mr. Sanjay Sinha, NMC, Email id: manager.it@nmc.org.in

4. The above direction may kindly be implemented within 15 days from date of this notice.

Dr. Raghav Langer
Secretary

Step-wise Procedure for Hospitals to Link HMIS with ABDM-HMIS Dashboard

I. HMIS–ABDM Integration Scenarios

Scenario 1: Hospital is Using an ABDM-Enabled Software

1. The hospital should verify whether its existing software is listed as an ABDM-enabled solution.

- HMIS List: <https://abdm.gov.in/our-partners/HMIS>
- LMIS List: <https://abdm.gov.in/our-partners/LMIS>

2. If the software is listed:

- The hospital must request the vendor to deploy the ABDM-enabled version.
- The vendor will provide a Bridge ID for linking.
- The Facility Manager can link the software to the facility through the NHPR portal.

Scenario 2: Hospital is Not Using Any Software

1. The hospital may onboard an ABDM-enabled HMIS/LMIS solution as per its requirement.

2. The list of empanelled ABDM partners is available at:

- HMIS: <https://abdm.gov.in/our-partners/HMIS>
- LMIS: <https://abdm.gov.in/our-partners/LMIS>

Scenario 3: Hospital is Using a Non-ABDM-Enabled Software

If the hospital is using a non-ABDM-enabled software (including custom-developed software), the solution must undergo ABDM integration.

Integration Process:

1. Register on the ABDM Sandbox Portal: <http://sandbox.abdm.gov.in>

- Vendor software: Vendor must register.
- Custom software: Hospital must register.

2. Complete the ABDM integration milestones:

- M1: ABHA Creation & Verification
- M2: Health Record Linking & Exchange through HIE-CM
- M3: Consent-based sharing and linking of health records
- M4: Creation & Verification of Healthcare Professionals and Health Facilities

Production Certification Requirements:

- FT: Third Party Functional Testing

- WASA: CERT-In empanelled Web Application Security Assessment
- Internal Demo: Demonstration before NHA Integration Support Team
- HTC: Health Tech Committee Certification
- Final Approval: Go-Live Approval for Production Environment
